Unless the cabinet is requested in writing to the contrary, if the cabinet has not received nine hundred (900) applications within one (1) year from the date the cabinet receives the first application for a special spay neuter license plate, the cabinet shall refund the fifty dollar ($50) state fee to the appropriate applicants.

(6) Except as provided in this subsection, the special spay neuter license plate shall be replaced on the same schedule that regular license plates are replaced by the Transportation Cabinet under KRS 186.240. A special spay neuter license plate shall be replaced free of charge if the metal plate is destroyed in an accident, deteriorates to a point that the lettering, numbering, or images on the face of the plate are not legible, or is stolen, if the owner or lessee has not transferred the vehicle issued the plate during the current licensing period.

If the owner or lessee requests, the county clerk shall reissue the special spay neuter license plate free of charge for use on any other vehicle of the same classification and category owned by the person during the current licensing period. If the owner or lessee has the special spay neuter license plate reissued to another vehicle, the regular license plate that is being replaced shall be returned to the county clerk who shall forward the plate to the Transportation Cabinet.

In the event of the filing of an application for a pooling order under KRS 353.630(2) where unknown owners or nonlocatable owners exist, the operator shall cause to be published, at least twenty (20) days prior to the hearing on the application for the pooling order, one (1) notice in the newspaper of the largest circulation in each county in which any tract, or portion thereof, proposed to be pooled is located. (1) The ventilation of all underground coal mines shall be produced by means of mechanically operated fans located outside the mine in fireproof housing and offset at least fifteen (15) feet to one (1) side or above the opening, protected by explosion doors or weak walls and arranged so that ventilating current may be reversed if necessary. The fan shall be installed so as to prevent recirculation of mine air. The main fan shall be operated from a power circuit independent from the mine circuit. If inside auxiliary fans are required to ventilate working places the commissioner must first approve the installation.

(2) The licensee, superintendent, or foreman of every coal mine worked by shaft, slope, or drift shall provide and maintain for every mine ***two (2) separate and distinct escapeways, one (1) of which is vented by the intake air. However, if a mine was originally licensed prior to January 1, 1990, the commissioner may approve an alternate ventilation plan***[~~adequate~~

~~ventilation~~]. Each active working section shall be ventilated by a separate split of intake air. In all mines the quantity of air passing through the last open crosscut between the intake and return in any pair or sets of entries shall be not less than nine thousand (9,000) cubic feet of air per minute and as much more as is necessary to dilute and render harmless and carry away flammable and harmful gases. All working faces from which coal is being cut, mined, or loaded in a working section between the intake and return airway entries shall be ventilated with a minimum quantity of three thousand (3,000) cubic feet of air per minute and as much more as is necessary to dilute and render harmless and carry away flammable and harmful gases. The quantity of air reaching the last crosscut in pillar sections may be less than nine thousand (9,000) cubic feet of air per minute if at least nine thousand (9,000) cubic feet of air per minute is being delivered to the intake of the pillar line. The air current shall under any conditions have a sufficient volume and velocity to reduce and carry away smoke from blasting and any flammable or harmful gases. All active underground working places in a mine shall be ventilated by a current of air containing not less than nineteen and one-half percent (19.5%) of oxygen,[~~ not more than one-half percent (0.5%) of carbon dioxide,~~] and no harmful quantities of other noxious or poisonous gases.

(3) All mines shall maintain at least nine thousand (9,000) cubic feet of air per minute at the points mentioned in subsection (2) of this section. The commissioner shall have the authority to require additional air in any mine when he deems it necessary for the safety of the employees.

(4) When the air from a split has passed through and has ventilated all the working places in an air split of a mine it shall then be designated as return air.

(5) As working places advance, breakthroughs for air shall be made not more than ninety (90) feet apart, except that where longwall or modern systems of mining are used the commissioner ***or his authorized representative*** may approve a greater distance between breakthroughs or the method of ventilating such longwall or modern systems of mining. If any breakthroughs between intake and return airways are not required for the passage of air, they shall be closed with stoppings. All permanent stoppings shall be substantially built with suitable incombustible or fire resistant material subject to the approval of the mine inspector so as to keep the working places well ventilated. All brattice cloth and ventilation tubing shall be flame resistant. Doors on the main haulways shall be avoided where practicable, and overcasts, built of concrete or other suitable material and of ample strength, shall be adopted. Where doors are used they shall be built in a substantial manner, and shall be hung so as to close automatically when unobstructed.

(6) In a mine where methane can be found to an extent of one percent (1%) or more on the return of any one (1) split, the inspector, with the approval of the commissioner may require the mine to be ventilated by the exhaust system, requiring the haulage roads and all trolley and feed wires to be located on the intake air and the electrical system to be so arranged that no wires carrying electrical current shall be on return air. A period of not more than ninety (90) days from date of notification shall be allowed to make the changes required.

Section 10. KRS 352.030 is amended to read as follows:

(1) As many as sixty (60) persons may work in the same air current or split, and with the approval of the mine inspector and the commissioner, as many as eighty (80) persons may work in the same air current. Each active section in a mine shall be ventilated by a separate split of intake air. Every mine, and all portions thereof, shall be ventilated by one (1) or more currents of air, which shall contain not less than nineteen and one-half percent (19.5%) of oxygen,[~~ nor more than one-half percent (0.5%) of carbon dioxide,~~] nor any dangerous quantities of ***flammable***[~~inflammable~~] gas, nor any harmful amount of poisonous gases or dust, when the current of air enters into each split. The ventilation shall be sufficient to prevent methane accumulations, so far as practicable, and to keep the methane percentage in the return of any split to not more than two percent (2%).

(2) The ventilating current shall be circulated through the haulageways, travelways, and airways to reach all portions of the mine, except sealed sections; and it shall be circulated through the entries and rooms around the ends of line brattice and along pillar lines. It shall be conducted to the last breakthrough, or to the working faces if required, by means of stoppings, check doors, curtains, and brattice that may be necessary or required, in order to dilute, render harmless, and carry away the noxious and dangerous gases, smoke, and dust liberated therein, and to supply a sufficient quantity of ventilation for all emergencies. The ventilating current in the area of a mine's belt entries shall be directed to an air return before the ventilating current reaches the face area, unless the department, under certain conditions issues a permit for belt air to be used at the coal face. The department shall render a final written decision within sixty (60) calendar days of receipt of the permit application.

(3) When mine ventilation, formerly satisfactory and adequate, becomes deficient in quality or quantity, the department shall have authority to order improvement of the ventilation.

(4) No licensee, superintendent, or mine foreman shall permit any person to work at a place where sufficient ventilation cannot be maintained, except persons employed to make the places of employment safe in compliance with the requirements of this chapter, and while repair work necessary to comply with the requirements is in progress no person shall be permitted to enter that part of the mine affected except those actually employed in doing the repair work. The repair work shall be done under the constant supervision of a certified official designated by the mine foreman.

(5) Each licensee shall adopt a plan[~~ within sixty (60) days after June 16, 1972,~~] which shall provide that when any mine fan stops, immediate action shall be taken by the licensee or his agent:

(a) To withdraw all persons from the working sections;

(b) To cut off the power in the mine in a timely manner;

(c) To provide for restoration of power and resumption of work if ventilation is restored within a reasonable period, of not more than fifteen (15) minutes, as set forth in the plan after the working places and other active workings where methane is likely to accumulate are reexamined by a certified person to determine if methane in amounts of one percent (1%) or more exists therein; and

(d) To provide for withdrawal of all persons from the mine if ventilation cannot be restored within a reasonable time, of not more than fifteen (15) minutes.

The plan and revisions thereof approved by the commissioner or his authorized representative shall be set out in printed form and a copy shall be furnished to the commissioner or his authorized representative.

Section 11. KRS 352.090 is amended to read as follows:

(1) All unused workings and abandoned parts of mines shall be protected by safeguards that will prevent[~~, so far as practicable,~~] the accumulation or overflow of gas, and all avenues leading thereto shall be so arranged and conducted as to give warning to all persons of the danger of entering, and notice shall be posted warning all unauthorized persons not to enter these parts of the mine. If the area cannot be adequately ventilated***,*** and examined, ***or evaluated*** it shall be sealed in a timely manner.

(2) No person, except persons authorized to make examination thereof, shall enter any unused or abandoned part of a mine after the warning has been posted.

(3) Where the practice is to seal abandoned workings, the sealing shall be done immediately in an effective manner with noncombustible material. In every sealed area, one (1) or more of the seals shall be fitted with a pipe and cap or valve to permit the gases behind the seals to be sampled and also to provide a means of determining any existing hydrostatic pressure. When required by the mine inspector and commissioner, drill holes shall be extended from the surface to the sealed area, or vent pipes shall be extended from the sealed area to a return air course. Sufficient ventilation shall be provided at each seal to prevent dangerous gases from accumulating.

Section 12. KRS 352.100 is amended to read as follows:

No person shall attempt to enter, explore or survey an abandoned mine or portion thereof without the approval of the mine inspector or the commissioner ***and unless he adheres to conditions prescribed by the commissioner***.

Section 13. KRS 352.133 is amended to read as follows:

All underground miners shall be provided with an approved ***self-contained*** self-rescuer device and shall have that device within twenty-five (25) feet of them at all times ***unless the licensee receives approval from the commissioner to store self-contained self-rescuers more than twenty-five (25) feet away from underground miners***. The ***self-contained*** self-rescuer shall be provided to the miners by the licensee at no cost to the miners.

~~(4)~~] In a mine worked by shaft, slope, or incline, no more than twenty (20) persons shall ride in any cage or car at one (1) time, without the approval of the mine inspector and the commissioner of the department, and no person shall ride on a loaded cage or car, except that where special man-cars or cages are employed to haul workmen on inclines the commissioner may regulate the method and procedure of handling of man-cars, cages, and workmen. Each cage or elevator installed after June 16, 1972, which is used for lowering and raising men shall have at least two and one-half (2-1/2) square feet of floor space for each person.

Section 15. KRS 352.150 is amended to read as follows:

(1) After June 16, 1972, on single-track haulage roads in mines, which the persons employed in the mine must use while performing their work or while traveling on foot to and from their work, there shall be places of refuge on one (1) side not less than five (5) feet in depth from the side of the mine car, and five (5) feet wide, and not more than ninety (90) feet apart. Refuge holes of the same dimensions shall also be provided at switch throws.

(2) Special places of refuge are not required on haulage roads on which room necks or breakthroughs occur at regular intervals not exceeding ninety (90) feet, and thus furnish places of refuge, or on haulage roads in which the track is so laid as to give a minimum clearance on one (1) side of not less than thirty (30) inches from the side of any haulage engine or any mine car, the clearance to be on the side of the road opposite that upon which electric wires are strung, if electric wires are

strung in the road.

(3) No unauthorized person shall travel on foot to or from work upon any haulage road or slope where transportation is by track, when other roads in proper condition for travel are available.

(4) On all main haulage roads where hauling is done by machinery the mine foreman shall provide a proper system of signals, and a conspicuous light or marker approved by the commissioner on the front and rear of every trip or train of cars when in motion in the mine.

(5) Man-trips shall be operated at safe speeds consistent with the condition of roads and type of equipment used and shall be so controlled that they can be stopped within the limits of visibility, in no event at a speed in excess of twelve (12) miles per hour.

(6) Each man-trip consisting of more than one (1) mine car of men shall be under the charge of a certified official, and it shall be operated independently of any loaded trip of coal or other material.

(7) Cars on the man-trip shall not be overloaded, and sufficient cars in good mechanical condition shall be provided.

(8) No person shall ride under the trolley wire unless suitably covered man-cars are used.

(9) No material or tools except small hand tools shall be transported in the same car with men on any man-trip unless in a separate, enclosed compartment of the car, and all persons shall ride inside of man-trip cars, except the motorman and brakeman or trip rider.

(10) Men shall not load or unload before the cars in which they are to ride or are riding come to a full stop, and men shall proceed in an orderly manner to and from man-trips.

(11) A waiting station shall be provided where men are required to wait for man-trips or man-cages. It shall have sufficient room, ample clearance from moving equipment, and adequate seating facilities.

(12) Trolley and power wires shall be guarded effectively at man-trip stations where there is a possibility of any person coming in contact with energized electric wiring while loading or unloading from the man-trip.

(13) Cars used for transporting men on slopes shall be equipped with a safety device capable of stopping the trip in event of failure of the rope or couplings. The device shall be approved by the commissioner.

(14) ***Belts shall not be used for the transport of men except when conditions as prescribed by the commissioner constitute an emergency***[~~Where belts are used for transporting men, a minimum clearance of eighteen (18) inches shall be maintained between the belt and the roof or cross bars, projecting equipment, cap pieces, overhead cables, wiring, and other objects; but where the height of the coal bed permits, the clearance shall not be less than twenty-four (24) inches.~~

~~(15) Unless a greater speed is allowed by special permission from the commissioner, in which event the conditions, limitations, and rules imposed in connection with the grant of permission shall be observed, the belt speed shall not exceed two hundred fifty (250) feet per minute where the minimum overhead clearance is eighteen (18) inches, or three hundred (300) feet per minute when the minimum overhead clearance is twenty four (24) inches, while men are loading, unloading, or being transported.~~

(b) If explosives and detonators are hauled in the same explosives car or in the same special container, they shall be separated by at least a four (4) inch substantially fastened hardwood partition or the equivalent;

(c) Explosives, detonators, or other explosive items shall not be transported on the same trip with men;

(d) When explosives or detonators are transported in special cars or containers in cars, they shall be hauled in special trips not connected to any other trip. However, this does not prohibit the use of the additional cars as needed to lower a rope trip, or to haul supplies including timbers. Materials so transported shall not project above the top of the car. Exposed highly flammable materials such as[~~ hay,~~] oil[~~,~~] or grease shall not be hauled on the same trip with explosives; and

(e) Explosives or detonators shall not be hauled into or out of a mine within five (5) minutes preceding or following a man trip or any other trip.

(3) Explosives and detonators shall be transported underground by belt only under the following conditions:

(a) In the original and unopened case, in special closed cases constructed of nonconductive material, or in suitable individual containers;

(b) Clearance requirements shall be the same as those for transporting men on belts;

(c) Suitable loading and unloading stations shall be provided; and

(d) Stop controls shall be provided at loading and unloading points, and an attendant shall supervise the loading and unloading of explosives and detonators.

(4) Neither explosives nor detonators shall be transported on flight or shaking conveyors, scrapers, mechanical loading machines, locomotives, cutting machines, ***track drills***[~~drill tracks~~], or any self-propelled mobile equipment. However, this does not prohibit the transportation of explosives or detonators in special substantial covered containers as used in subsection (2) of this section in shuttle cars or in equipment designed especially to transport explosives or detonators.

(5) When supplies of explosives and detonators for use in one (1) or more sections are stored underground, they shall be kept in section boxes or magazines of substantial construction with no metal exposed on the inside, located at least twenty-five (25) feet from roadways and power wires, and in a reasonably dry, well-rock-dusted location protected from falls of roof. In pitching beds, where it is not possible to comply with the location requirement, the boxes shall be placed in niches cut into the solid coal or rock.

(6) When explosives or detonators are stored in the section, they shall be kept preferably in separate boxes or magazines not less than five (5) feet apart; if kept in the same box or magazine, they shall be separated by at least a four (4) inch substantially fastened hardwood partition or the equivalent. Not more than a forty-eight (48) hour supply of explosives or detonators shall be stored underground in any one (1) section in the boxes or magazines.

(7) Explosives and detonators stored near the working faces shall be in separate closed containers, and shall be in a location out of line of blast not less than fifty (50) feet from the face and fifteen (15) feet from any pipeline, powerline, rail, or conveyor; except that if kept in niches in the rib, the distance from pipeline, powerline, rail, or conveyor shall be at least fifteen (15) feet. Explosives and detonators, when stored, shall be separated by a distance of at least ten (10) feet.

(8) Explosives and detonators shall be kept in their containers until immediately before use at the working faces.

(9) Only nonmetallic tools shall be used for opening wooden explosives containers. Tools or other materials shall not be stored with explosives or detonators.

(10) All explosives used underground in underground mines except in sinking shafts and slopes from the surface shall be of the permissible type, specifically designed and manufactured for underground use, and shall be used as follows:

(a) Fired only with electric detonators of proper strength;

(b) Fired with a permissible shot-firing unit of adequate capacity to fire all caps; however, if firing is done from the surface when all men are out of the mine, the firing unit does not need to meet specifications of permissibility;

(c) Where the coal is cut, shots shall not be fired if the blast hole is drilled beyond the limits of the cut;

(d) Boreholes shall be cleaned, and they shall be checked to see that they are placed properly and are of correct depth, in relation to the cut, before being charged;

(e) All blasting charges shall have a burden of at least eighteen (18) inches in all directions if the height of the seam permits;

(f) Boreholes shall be stemmed with at least twenty-four (24) inches of incombustible material, or at least one-half (1/2) of the length of the hole shall be stemmed if the hole is less than four (4) feet in depth unless other permissible stemming devices or methods are used;

(g) Examinations for gas shall be made immediately before firing each shot or group of multiple shots and after blasting is completed;

(h) Shots shall not be fired in any place where methane ***greater than one percent (1%)*** can be detected with ***approved gas detection devices***[~~a flame safety lamp or other approved device~~] when tested at a point not less than twelve (12) inches from the roof, face or rib;

(i) Charges exceeding one and one-half (1-1/2) pounds, but not exceeding three (3) pounds, shall be used only if boreholes are six (6) feet or more in depth, the explosives are charged in a continuous train, with no cartridges deliberately deformed or crushed, with all cartridges in contact with each other and with the end cartridges touching the back of the hole and the stemming respectively. However the three (3) pound limit does not apply to special solid rock work if the mine is evacuated or if approved by the department;

(j) Shots shall be charged and fired by certified shotfirers designated by the mine foreman;

(k) Boreholes shall not be charged while any other work is being done at the face, and the shot or shots shall be fired before any other work is done in the zone of danger from blasting except that which is necessary to safeguard the employees;

(l) Only nonmetallic tamping bars shall be used for charging and tamping boreholes. This does not prohibit the use of a nonmetallic tamping bar with a nonsparking metallic scraper on one (1) end;

(m) The leg wires of electric detonators shall be kept shunted until ready to connect to the firing cable;

(n) Shots shall not be fired from the power of signal circuit while any men are in the mine;

(o) The roof and ribs of working places shall be tested before and after firing each shot or group of multiple shots;

(p) Ample warning shall be given before shots are fired, and care shall be taken to ascertain that all persons are in the clear. Men shall be removed from adjoining working places when there is danger of a shot blowing through;

(q) Mixed types or brands of explosives shall not be charged or fired in any borehole;

(r) Mudcaps (adobes) or other unconfined shots shall not be fired underground in a mine;

(s) Before blasting, the continuity of the blasting circuits shall be tested with a permissible blaster's galvanometer specifically designed for this purpose;

(t) No instantaneous detonator shall be connected in a circuit containing short-period delay detonators. The first charge in a sequence shall be initiated by a short period delay detonator having a nominal delay period of not less than twenty-five (25) milliseconds;

(u) All short period delay detonators shall be wired in series;

(v) Each primer shall be made with care to insure that the detonator is inserted properly and does not protrude from the wrapping and that the leg wires are secured to the cartridge in a manner so that the detonator will not become dislodged in handling and charging;

(w) In making a primer, a powder punch of nonsparking material shall be used. The hole in the cartridge shall be at least one-half (1/2) inch deeper than the detonator used. Rolling the end of a cartridge to receive a detonator is prohibited;

(x) The primer shall be placed in the borehole first pointing outward and the rest of the charge shall be pushed in a continuous train to the back of the borehole to prevent cuttings from getting between the cartridges; and

(y) Suitable clean-up of loose coal and coal dust with adequate rock-dusting or wetting down at the face of each working place shall be completed prior to charging shot holes.

(11) Blasting cables shall be:

(a) Well insulated and as long as may be necessary to permit the shotfirer to get in a safe place around a corner;

(b) Short-circuited at the battery end until ready to attach to the blasting unit;

(c) Staggered as to length or the ends kept well separated when attached to the detonator leg wires; and

(d) Kept clear of power wires and all other possible sources of active or stray electric current.

(12) Where misfires occur with electric detonators, a waiting period of at least five (5) minutes shall elapse before anyone returns to the shot. After the failure, the blasting cable shall be disconnected from the source of power and the battery ends

short-circuited before electric connections are examined.

(13) Explosives shall be removed by firing a separate charge at least two (2) feet away from, and parallel to, the misfired charge or by washing the stemming and the charge from the borehole with water, or by inserting and firing a new primer after the stemming has been washed out.

(14) A very careful search of the working place, and, if necessary, of the blasted material after it reaches the surface shall be made after blasting a misfired hole, to recover any undetonated explosive.

(15) The handling of a misfired shot shall be under the direct supervision of the mine foreman or a competent person designated by him.

[~~(16) Where compressed air is used for blasting or breaking coal, the following shall apply:~~

~~(a) Compressed air shall be conducted from the compressor to within a practical working distance of the face by steel airlines tested to withstand an approximate pressure of twenty thousand (20,000) pounds per square inch;~~

~~(b) Air lines shall be grounded at the compressor and, if possible, at other low-resistance ground connections along the lines, such as at borehole casings. They shall not be connected in any way to tracks, water lines, or other electric power return conductors and shall be suitably insulated where they cross electric wires or underneath the track;~~

~~(c) Shutoff valves shall be installed every one thousand (1,000) feet in all compressed air blasting lines and in all branch lines at a point near the main lines;~~

~~(d) Compressed air blasting lines shall be protected at places where equipment passes over, under, or adjacent to them;~~

~~(e) Steel, copper, or other lines shall not be handled or repaired when air pressure is in the line;~~

~~(f) Air lines shall be examined periodically for kinks or other weaknesses and replaced immediately when defects are found;~~

~~(g) Copper tubing shall be coiled and uncoiled properly. The part of the tubing that is affected by frequent coiling and uncoiling shall be renewed periodically because of the dangers from kinks and crystallization;~~

~~(h) Blowdown valves shall not be less than forty-five (45) feet from the face and shall be around a right angle;~~

~~(i) Holes for compressed-air tubes shall be within the limits of the cut;~~

~~(j) When blowdown valves are opened to discharge the tube, they shall remain open until time to place the tube in the next borehole except where shear-strip or shear-pin tubes are used;~~

~~(k) After breaking down the coal in any one (1) place, the tube shall be disconnected at once from the air line and not reconnected until ready to be used in the next place;~~

~~(l) When a differential-pressure-type tube fails to discharge, the line leading to the tube shall be disconnected at the blowdown valve, and the tube shall be dragged by means of the line to an inactive place, marked with warning signs, and left one (1) hour before any repair work is done thereon; and~~

~~(m) All persons shall be removed from adjoining working places where there is danger of breaking through and shall be at a safe distance around a right angle while coal breaking is in progress.~~]

Section 18. KRS 352.280 is amended to read as follows:

In all mines the licensee or superintendent shall employ one (1) or more[~~ certified fire bosses or other~~] properly certified persons. ***A***[~~The fire boss or other~~] properly certified person shall examine carefully within three (3) hours before each shift enters the mine, every working place, all places adjacent to live workings, every roadway where persons are required to work or travel, all abandoned panels on the intake, every ***set of seals***[~~seal~~] on the intake, and all roof falls near active workings on the intake and on the working sections. Before proceeding with the examination he shall see that the air current is traveling its proper course. In making the examination he shall use[~~ an~~] approved ***gas detection devices***[~~safety lamp or other approved device~~]. ***A***[~~The fire boss or other~~] properly certified person shall examine for all dangers in all portions of the mines under his charge, and after examination he shall leave at or as close as possible to the face of every place examined the date and time of the examination and his initials as evidence that he has performed his duty. He shall also examine the entrances to all worked-out and abandoned portions adjacent to the roadways and working places under his charge where explosive gas is likely to accumulate, and he shall place a danger signal across the entrance to every place where explosive gas is discovered or where immediate danger is found to exist from any other cause. The signal shall be sufficient warning for persons not to enter. When the mine is idle and workmen are required to go into the mine, the section, portion, or part of the mine entered must be inspected by a[~~ fire boss or other~~] properly certified person within three (3) hours before the workmen enter. Each week, ***a properly***[~~the fire boss or some other~~] certified person designated by the mine foreman shall examine each ***set of seals***[~~seal~~] on the return, all ***designated***[~~main~~] intake and return entries, and all escapeways.

Section 19. KRS 352.371 is amended to read as follows:

Whenever any working place approaches within fifty (50) feet of abandoned areas in the mine as shown by surveys made and certified by a registered engineer, or within two hundred (200) feet of any other abandoned areas of the mine which cannot be inspected and which may contain dangerous accumulations of water or gas, or within two hundred (200) feet of any workings of an adjacent mine, a borehole or boreholes shall be drilled to a distance of at least twenty (20) feet in advance of the working face of the working place and shall be continually maintained to a distance of at least ten (10) feet in advance of the advancing working face. When there is more than one (1) borehole, they shall be drilled sufficiently close to each other to insure that the advancing working face will not accidentally hole through into abandoned areas or adjacent mines. Boreholes shall also be drilled not more than eight (8) feet apart in the rib of the working place to a distance of at least twenty (20) feet and at an angle of forty-five (45) degrees before additional cuts are taken. Rib holes shall be drilled in one (1) or both ribs of the working place as may be necessary for adequate protection of miners in such place. ***Alternative plans which afford equal or greater protection may be approved by the commissioner or his authorized representative.***

Section 20. KRS 352.400 is amended to read as follows:

(1) The licensee of any mine may adopt special rules consistent with KRS Chapter 351 and this chapter for the government and operation of his mine, and covering all the work pertaining thereto in and out of the mine. Before the rules are put into effect they shall be approved in writing by the commissioner.~~[The rules, when adopted and approved in writing by the commissioner, shall be printed on cardboard in the language spoken by seventy-five percent (75%) or more of the employees at the mine, and shall be posted on a bulletin board or some other conspicuous place about the mine where they may be seen by the employees at the mine. Before the rules are so adopted, approved and posted, the representative of the employees at the mine shall be given a copy thereof, and be deemed to have agreed thereto, before the employees are required to obey the rules.]~~

(2) The mine rules shall be printed in a form prescribed by the commissioner.

(3) The licensee shall furnish each employee a copy of the mine rules, and each employee shall sign a statement indicating his receipt of a copy of the rules and his agreement to comply with them.

(4) The mine rules shall be included in the subjects taught during annual retraining of the mine's employees.

Section 21. KRS 352.410 is amended to read as follows:

(1) Each superintendent shall, on behalf and at the expense of the ***licensee***~~[operator]~~, keep on hand at or within convenient distance of the mine, not to exceed 500 feet, a sufficient quantity of all materials and supplies required to preserve the safety of employees, as ordered by the mine foreman and required by law. If the superintendent cannot procure the necessary materials or supplies, he shall at once notify the mine foreman, who shall withdraw the men from the mine until the materials or supplies are received.

(2) The superintendent shall, at least once each week, read and examine carefully and countersign all reports entered in the mine record book of the mine foreman.

(3) The ***licensee***~~[operator]~~ or superintendent shall cooperate with the mine foreman and other officials in the fulfillment of their duties under KRS Chapter 351 and this chapter, and shall direct that the mine foreman and all other employees under him comply with the law, especially when his attention is called by the mine inspector or by the commissioner to any violations of the laws.

(4) The superintendent shall keep on hand at the mine a supply of printed rules, notices, and record books required by this chapter. The superintendent shall see that rules, notices, and record books are delivered to the proper persons at the mine and are properly cared for, and that the rules and notices are posted in conspicuous places at or near the entrance to the mine and kept legible.

Section 22. KRS 352.420 is amended to read as follows:

(1) The operator or superintendent of each mine shall give the commissioner at least ten (10) days' notice of the following:
    (a) Abandonment of a mine;
    (b) Resumption of work in a mine after an abandonment or discontinuance for a period of two (2) weeks or more;
    (c) Change in the operator or name of a mine.

(2) Each mine shall be inspected and approved by the department before operations are resumed after an abandonment~~[or discontinuance for two (2) weeks or more]~~.

Section 23. KRS 352.450 is amended to read as follows:

The duplicate copy of the map shall be made at the expense of the applicant.

HB 809, AN ACT relating to access for the abatement of a surface mining violation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.280 is amended to read as follows:

(1) ***(a)*** If a permittee or operator has been issued a notice or order directing abatement of a violation on the basis of an imminent danger to health and safety of the public or significant imminent environmental harm, ***and the violation involves an order of cessation and immediate compliance or an order to abate and alleviate in which the cabinet directs the permittee or operator to begin immediate abatement of the violation,*** and the notice or order requires access to property for which the permittee or operator does not have the legal right of entry necessary in order to abate that violation, and the owner or legal occupant of that property has refused access, an easement of necessity is recognized on behalf of the permittee or operator for the limited purpose of abating that violation. ***The easement of necessity becomes effective, and the permittee or operator is authorized to enter the property to undertake immediate action to abate the violation if he or she concurrently:***

1. Provides to the property owner or leaseholder a copy of the cabinet's order;

2. Provides to the property owner or leaseholder and cabinet an affidavit that he or she has been denied access to the property; and

3. Provides to the property owner or leaseholder a statement that he or she, the permittee or operator, will obtain an appraisal completed by a certified real estate appraiser or other qualified appraiser of the damages to the property, including loss of use, that have resulted from the violation, and those that are likely to occur to the property when the permittee or operator enters the property in order to abate the violation, that the appraisal will be completed and provided to the property owner or leaseholder within three (3) days of entry of the operator or permittee, and that he or she will pay the property owner or leaseholder the amount of the damages in the permittee or operator's appraisal at that time.

(b) Following the effective date of the easement of necessity, the following procedure shall be followed with respect to the appraisal of the damages that have resulted from the violation, and those that are likely to occur to the property when the permittee or operator enters the property in order to abate the violation:

1. The permittee or operator shall have an appraiser on the site and have his or her appraisal completed and submitted to the property owner or leaseholder within three (3) days of entry on the property by the operator or permittee;

2. The property owner or leaseholder shall accept or reject this appraisal in writing within three (3) days of receipt of the completed appraisal;

3. If the property owner or leaseholder rejects this appraisal, he or she may hire a certified real estate appraiser or other qualified appraiser to appraise the damages, including loss of use, that have resulted from the violation, and those that are likely to occur to the property if the permittee or operator is allowed to enter the property in order to abate the violation. Upon receipt of the invoice the permittee or operator shall pay for the property owner or leaseholder's appraisal up to the amount he or she paid for his or her own appraisal; and

4. If the property owner or leaseholder has the appraisal done, he or she shall have it completed and provided to the permittee or operator within seven (7) days of receipt of the permittee or operator's completed appraisal.

(c) If the property owner or leaseholder has an appraisal done, and if, based on his or her appraisal and the permittee or operator's appraisal, an agreement is not reached on the appraised damages, the permittee or operator shall pay the property owner or leaseholder the amount of the permittee or operator's appraisal damages, and if the property owner or leaseholder's appraisal damages are for more than the permittee or operator's, the permittee or operator shall pay the difference to the circuit clerk, in the county in which the

majority of the property lies, to be placed in an interest-bearing account in a bank until final resolution of the matter by agreement or court or jury judgment. If the property owner or leaseholder is granted award of some or all of the difference, he or she shall also receive the interest on that portion of the difference.

(d) If the property owner or leaseholder does not accept or reject the permittee or operator's appraisal and offer of funds for damages, the operator or permittee shall pay the appraised damages to the Circuit Clerk within three (3) business days of the nonacceptance. These funds shall be placed in an interest-bearing account in a bank until resolution of the matter by agreement or court or jury judgment.

(2) *If a permittee or operator has been issued a notice or order directing abatement of a violation other than one described in subsection (1) of this section, and the notice or order requires access to property for which the permittee or operator does not have the legal right of entry necessary in order to abate that violation, and the owner or legal occupant of that property has refused access, an easement of necessity is recognized on behalf of the permittee or operator, for the limited purpose of allowing a certified real estate appraiser or other qualified appraiser, chosen by the permittee or operator, to enter upon the property to which the owner or legal occupant has refused access in order for the appraiser to appraise the damages, including loss of use, that have resulted from the violation, and those that are likely to occur to the property if the permittee or operator is allowed to enter the property in order to abate the violation.*

(3) (a) The easement for the limited purpose of allowing the appraisal shall be recognized and take effect when the operator or permittee:

1. Provides to the property owner or leaseholder a copy of the cabinet's order;

2. Provides to the property owner or leaseholder and cabinet a plan of remedial measures to abate the violation;

3. Provides to the property owner or leaseholder and cabinet an affidavit that he or she has been denied access to the property; and

4. Provides to the property owner or leaseholder a statement that he or she, the permittee or operator, will within seven (7) days of entry of the appraiser obtain an appraisal, by a certified real estate appraiser or other qualified appraiser, of the damages to the property including loss of use, that have resulted from the violation, and those that are likely to occur to the property when the permittee or operator enters the property in order to abate the violation, and that upon completion of the appraisal he or she will provide the appraisal to the property owner or leaseholder and pay the property owner or leaseholder the amount of the appraisal.

(b) When the easement takes effect, the property owner or leaseholder shall allow access for the permittee or operator's certified real estate appraiser or other qualified appraiser to conduct the appraisal.

(4) Following the effective date of the easement of necessity, the following procedure shall be followed with respect to the appraisal of the damages to the property that have resulted from the violation and those that are likely to occur, under this subsection:

(a) The permittee or operator shall have an appraiser on the site and have his or her appraisal completed and submitted to the property owner or leaseholder within seven (7) days of the entry of the appraiser on the property.

(b) The property owner or leaseholder shall accept or reject this appraisal within three (3) days of receipt of the completed appraisal;

(c) If the property owner or leaseholder rejects this appraisal, he or she may hire a certified real estate appraiser or other qualified appraiser to appraise the damages to the property, including loss of use, that have resulted from the violation and those that are likely to occur to the property if the permittee or operator is allowed to enter the property in order to abate the violation. Upon receipt of the invoice, the permittee or operator shall pay for the property owner or leaseholder's appraisal up to the amount he or she paid for his or her own appraisal; and

(d) If the property owner or leaseholder has the appraisal done, he or she shall have it completed and provided to the permittee or operator within seven (7) days of receipt of the permittee or operator's appraisal.

(5) (a) If the property owner or leaseholder has an appraisal done, and if, based on his or her appraisal and the permittee or operator's appraisal, an agreement is not reached on the appraised damages, the permittee or operator shall pay the property owner or leaseholder the amount of the permittee or operator's appraisal damages.

(b) If the property owner or leaseholder's appraisal damages are for more than the permittee or operator's, the permittee or operator shall pay the difference to the circuit clerk.

(c) The difference shall be placed in an interest-bearing account in a bank until final resolution of the matter by agreement or court or jury judgment.

(d) If the property owner or leaseholder is granted award of some or all of the difference, he or she shall also receive the interest on that portion of the difference.

(6) If the property owner or leaseholder does not accept or reject the permittee or operator's appraisal and offer of funds for damages, the operator or permittee shall pay the appraised damages to the circuit clerk within three (3) business

days. These funds shall be placed in an interest-bearing account in a bank until resolution of the matter by agreement or court or jury judgment.

(7) ***In cases under subsection (2) of this section, when the procedures in subsections (4) and (5)(a) and (b) of this section, or subsections (4)(a) and (b) and (6) of this section, have been satisfied, the permittee or operator may enter the property to abate the violation.***

[~~(2) If a violation other than one described in subsection (1) cannot be abated because the permittee or operator responsible for abatement of the violation has been denied access to the land necessary to allow abatement of the violation, the cabinet shall terminate the notice of noncompliance or cessation order issued for the violation, if the following conditions are met:~~

~~(a) Prior to terminating a notice of noncompliance or cessation order under this subsection, and within thirty (30) days of a request by a permittee or operator to terminate a violation based on a lack of access, the cabinet shall verify the denial of access and advise the surface owners of record and the legal occupants of the affected land of the consequences of refusing to allow access to the property for the purpose of enabling abatement of the violation; and~~

~~(b) The cabinet shall explain the consequences by certified mail, return receipt requested, and shall make a good faith effort to notify all owners of interest and legal occupants verbally, that:~~

~~1. Refusal to allow access to the property will result in termination of the violation as uncorrectable;~~

~~2. If there is damage that occurs to public or private property due to the uncorrected violation condition on the property, that the property owner may also be responsible under law for any property damage to private or public property that may result from the unreclaimed condition; and~~

~~3. While the landowner may seek damages or injunctive relief in an action against the permittee or operator, the refusal to grant access in order to allow abatement of the violation shall result in the state terminating the requirement that the permittee or operator undertake work necessary for abatement of the violation, and that while penalties may be assessed, the performance bond shall not be forfeited on the basis of the violation.~~

~~(3) The cabinet shall not terminate any notice of noncompliance or cessation order under this section if the cabinet determines that the denial of access necessary to abate the violation has been procured through collusion between the permittee or operator and the landowner or legal occupant of the affected land who is refusing to allow the necessary access. "Collusion," for the purpose of this section, includes any agreement, understanding, or contract by which the landowner refuses access to the property in return for any consideration, whether involving money or otherwise. Any act of collusion shall subject the permittee or operator to penalties under this chapter for willful and knowing refusal to correct the violation.~~

~~(4) No noncompliance or cessation order may be terminated under this section where there is any common ownership or control between the permittee or operator and the landowner or legal occupant. No noncompliance or cessation order may be terminated under this section where there is any other legal relationship between the permittee or operator and the landowner or legal occupant, except where a court of competent jurisdiction has determined that the legal relationship does not provide for a right of access.~~

~~(5) Where a violation may impact public or private property other than land for which access has been denied, the cabinet shall direct abatement measures to be taken by the permittee or operator to prevent damage to those lands for which access has not been denied.~~

~~(6) Termination of a notice of noncompliance or cessation order under this section shall not affect the assessment of a civil penalty for the violation.~~]

(8) Nothing in this section shall affect any person's right for damages or injunctive relief.

Section 2. Whereas abatement of violations can be delayed unless an easement of necessity is obtained, and those delays can have negative effects on a permittee or operator, and on the environment, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

Section 1. KRS 61.552 is amended to read as follows:

(1) Any employee participating in one (1) of the state-administered retirement systems who has been refunded his accumulated contributions under the provisions of KRS 16.645(22), 61.625, or 78.545(15), thereby losing service credit, may regain the credit by paying to the system from which he received the refund or refunds the amount or amounts refunded with interest at a rate determined by the board of the respective retirement system. If the participating employee dies before regaining lost service credit, the employee's beneficiary, as designated according to the requirements of the employee's retirement system, may regain the credit by paying the amount refunded with interest at a rate determined by the board of the respective retirement system. Thereafter the beneficiary shall be entitled to the benefits that are payable based upon the deceased employee's total service credit. The provisions of KRS 161.470 shall be met in order to regain the credit in the Teachers' Retirement System. KRS 21.460 shall govern with respect to regaining credit in the Judicial Retirement Plan or Legislators' Retirement Plan. The beneficiary shall make the payment within one (1) year of the date of the employee's death. The payments shall not be picked up, as described in KRS 61.560(4), by the employer.

(2) Any employee participating in one (1) of the state-administered retirement systems who did not elect membership in the County Employees Retirement System, as provided in KRS 78.540(2), may obtain credit in the County Employees Retirement System for prior service and for current service by paying to the County Employees Retirement System a delayed contribution payment for the service he would have received had he elected membership. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer. Payment may be by lump sum or the employee may pay by increments.

(3) Any employee participating in one (1) of the state-administered retirement systems who did not elect membership in the Kentucky Employees Retirement System, as provided in KRS 61.525(2), may obtain credit in the Kentucky Employees Retirement System for prior service and for current service by paying to the system a delayed contribution payment for the service he would have received had he elected membership. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer. Payment may be by lump sum or the employee may pay by increments.

(4) An employee participating in one (1) of the state-administered retirement systems may obtain credit in the Kentucky Employees Retirement System for current service between July 1, 1956, and the effective date of participation of his department by paying to the system a delayed contribution payment for the service he would have received had his department participated on July 1, 1956. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer. Payment may be by lump sum or the employee may pay by increments. Effective August 1, 1988, each employee of the Kentucky Racing Commission who was employed by the racing commission on the date that agency first participated in the Kentucky Employees Retirement System, whether or not the employee was eligible to participate in the retirement system on that date, shall receive current service credit for all employment with the racing commission from July 1, 1956, to the date the employee first began participating in the retirement system. The cost of the service credit shall be paid at the time of each member's retirement by the racing commission and shall be credited to the retirement allowance account.

(5) (a) An employee participating in one (1) of the state-administered retirement systems may obtain credit in the County Employees Retirement System for current service between July 1, 1958, and the effective date of participation of his county by paying to the County Employees Retirement System a delayed contribution payment for the service he would have received had his county participated on July 1, 1958. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer.

(b) An employee participating in the Kentucky Employees Retirement System or the County Employees Retirement System, who has at least forty-eight (48) months of service if age sixty-five (65) or at least sixty (60) months of service if under age sixty-five (65) may obtain credit for the period of his service with an area development district created pursuant to KRS 147A.050 or with a business development corporation created pursuant to KRS 155.001 to 155.230 if that service was not covered by a state-administered retirement system. The member shall pay to the retirement system in which he participates the full cost of the service credit purchased, as determined by the board's actuary. The employee may obtain credit for employment with a business development corporation only if the Kentucky Retirement Systems receives a favorable private letter ruling from the United States Internal Revenue Service or a favorable opinion letter from the United States Department of Labor. Payment may be by lump sum or the employee may pay by increments.

(6) After August 1, 2000, service credit obtained under the subsections of this section which do not require the employee to have a minimum number of years of service credit to be eligible to make a purchase shall be disallowed and the recontribution of refund, including interest as determined by the board or other payment, if any, shall be paid to the member if the member does not obtain for service performed six (6) months' additional current service credit in one (1) of the state-administered retirement systems. The service requirement shall be waived if the member dies or becomes disabled as provided for by KRS 16.582 or 61.600.

(7) The members shall not receive benefit of service for the same period of time in another public defined benefit retirement fund.

(8) Any employee participating in one (1) of the state-administered retirement systems who has at least forty-eight (48) months' service if age sixty-five (65) or at least sixty (60) months' service if under age sixty-five (65) in one (1) of the retirement systems administered by the Kentucky Retirement Systems, who formerly worked for a state university in a position which would have qualified as a regular full-time position had the university been a participating department, and who did not have the option to be covered at the university by a defined benefit retirement program, or did not participate in a retirement system which can be consolidated with other accounts pursuant to KRS 61.680(2), may obtain credit in the County Employees Retirement System, the Kentucky Employees Retirement System, or the State Police Retirement System for prior and current service by paying either retirement system a delayed contribution payment for the service he would have received had his period of university employment been covered by the County Employees, Kentucky Employees Retirement System, or State Police Retirement System. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer. Payment may be by lump sum, or the employee may pay by increments.

(9) (a) Effective August 1, 1980, any county participating in the County Employees Retirement System may purchase current service, between July 1, 1958, and participation date of the county, for present employees of the county who have obtained coverage under KRS 78.540(2);

(b) Effective July 1, 1973, any department participating in the Kentucky Employees Retirement System may purchase current service between July 1, 1956, and participation date of the department, for present employees of the department who were employees on the participation date of the department and elected coverage under KRS 61.525(2);

(c) Cost of the service credit purchased under this subsection shall be determined by computing the discounted value of the additional service credit based on an actuarial formula recommended by the board's consulting actuary and approved by the board. A department shall make payment for the service credit within the same fiscal year in which the option is elected. The county shall establish a payment schedule subject to approval by the board for payment of the service credit. The maximum period allowed in a payment schedule shall be ten (10) years with interest at the rate actuarially assumed by the board; however, a shorter period is desirable and the board may approve any schedule provided it is not longer than a ten (10) year period;

(d) If a county or department elects the provisions of this subsection, any present employee who would be eligible to receive service credit under the provisions of this subsection and has purchased service credit under subsection (4) or (5) of this section shall have his payment for the service credit refunded with interest at the rate paid under KRS 61.575 or 78.640;

(e) Any payments made by a county or department under this subsection shall be deposited to the retirement allowance account of the proper retirement system and these funds shall not be considered accumulated contributions of the individual members.

(10) Interest paid by a member of the Kentucky Employees Retirement System, County Employees Retirement System, or State Police Retirement System under this section or other similar statutes under KRS 16.510 to 16.652, KRS 61.515 to 61.705, or KRS 78.520 to 78.852 prior to June 19, 1976, shall be credited to the individual member's contribution account in the appropriate retirement system and considered as accumulated contributions of the member.

(11) Employees who served as assistants to officers and employees of the General Assembly who were unable to acquire service under KRS 61.510(20) may purchase credit for the service performed after January 1, 1960, if the service purchased when added to other accumulated service will total at least forty-eight (48) months. Service credit under this section shall be obtained by the payment of a delayed contribution which shall not be picked up by the employer as described in KRS 61.560(4).

(12) (a) Effective August 1, 1988, any employee participating in one (1) of the state-administered retirement systems may purchase service credit for seasonal, emergency, or temporary employment or part-time employment averaging one hundred (100) or more hours of work per month on a calendar or fiscal year basis. If the average number of hours of work is less than one hundred (100) per month, the member shall be allowed credit only for those months he receives creditable compensation for one hundred hours of work. The cost will be determined by computing the member and employer contributions for the period of time involved plus interest compounded annually at the current actuarial rate, which shall not be picked up by the employer as described in KRS 61.560(4).

(b) Any noncertified employee of a school board may purchase service credit for part-time employment prior to the 1990-91 school year which averaged eighty (80) or more hours of work per month on a calendar or fiscal year basis by paying to the County Employees Retirement System a delayed contribution payment. The delayed contribution payment shall not be picked up, as described in KRS 78.610(4), by the employer. Payment may be by lump sum or the employee may pay by increments. If the average number of hours of work is less than eighty (80) per month, the noncertified employee of a school board shall be allowed credit only for those months he receives creditable compensation for eighty (80) hours of work. The cost will be determined by computing the member and employer contributions for the period of time involved plus interest compounded annually at the current actuarial rate, which shall not be picked up by the employer as described in KRS 78.610(4).

(13) A retired member, who is contributing to one (1) of the state-administered retirement programs and purchases service credit under this section in the system or systems from which he is retired, shall have his retirement allowance recomputed:

(a) Upon termination from employment, if the member is contributing to the same system or systems from which he was retired; or

(b) Upon completion of six (6) months' service credit as required under subsection (6) of this section, if the member is contributing to a system other than the system or systems from which he is retired.

(14) Any employee participating in one (1) of the state-administered retirement systems who has at least forty-eight (48) months of service if age sixty-five (65) or at least sixty (60) months of service if under age sixty-five (65) may obtain credit for prior or current service for any period of approved educational leave, or for agency-approved leave to work for a work-related labor organization if the agency subsequently participated in the County Employees Retirement System, by paying to the respective retirement system a delayed contribution payment. The employee may also obtain credit for agency-approved leave to work for a work-related labor organization if the agency subsequently participated in the County Employees Retirement System, but only if the Kentucky Retirement Systems receives a favorable private letter ruling from the United States Internal Revenue Service or a favorable opinion letter from the United States Department of Labor. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer, and shall be deposited to the individual member's account.

(15) Any employee participating in one (1) of the state-administered retirement systems may obtain credit for prior or current service for any period of approved maternity leave, or for any period of approved sick leave without pay, by paying to the respective retirement system a delayed contribution payment. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer, and shall be deposited to the individual member's account.

(16) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems may purchase service credit under any of the provisions of KRS 16.510 to 16.652, 61.515 to 61.705, or 78.520 to 78.852 by

making installment payments in lieu of a lump-sum payment.

(a) The cost of the service shall be computed in the same manner as for a lump-sum payment which shall be the principal; and interest, at the actuarial rate in effect at the time the member elects to make the purchase compounded annually, shall be added for the period that the installments are to be made. Multiple service purchases may be combined under a single installment purchase; however, no employee may make more than one (1) installment purchase at the same time. Once multiple service purchases have been combined in an installment purchase, the employee may not separate the purchases or pay a portion of one (1) of the purchases. The employee may elect to stop the installment payments by notifying the retirement system; may have the installment purchase recalculated to add one (1) or more additional service purchases; or may pay by lump sum the remaining principal.

(b) Twelve (12) consecutive monthly installment payments shall be made for each one thousand dollars ($1,000) or any part thereof of the total cost, except that the total number of installments shall not be less than twelve (12) and shall not exceed sixty (60).

(c) The employee shall pay the installments by payroll deduction each pay period. Upon notification by the retirement system, the employer shall report the installment payments separate from regular employee contributions on the forms or by the computer format specified by the board. The payments made under this subsection shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 61.560(4) and no employer contributions shall be paid on the installments.

(d) The retirement system shall determine how much of the total cost represents payment for one (1) month of the service to be purchased and shall credit one (1) month of service to the member's account each time this amount has been paid. The first service credited shall represent the first calendar month of the service to be purchased and each succeeding month of service credit shall represent the succeeding months of that service.

(e) If the employee elects to stop the installment payments, dies, retires, or does not continue employment in a position required to participate in the retirement system, the member, or in the case of death, the beneficiary, shall have sixty (60) days to pay the remaining principal of the purchase by lump sum. If the member or beneficiary does not pay the remaining cost, the retirement system shall refund to the member or the beneficiary the payment, payments, or portion of a payment that does not represent a full month of service purchased.

(f) If the employer does not report installment payments on an employee for sixty (60) days, the installment purchase shall cease and the retirement system shall refund to the employee the payment, payments, or portion of a payment that does not represent a full month of service purchased.

(g) If payments have ceased under paragraph (e) or (f) of this subsection and the member later becomes a participating employee in one (1) of the three (3) systems administered by Kentucky Retirement Systems, the employee may complete the adjusted original installment purchase by lump sum or installment payments. If the employee elects to renew the installment purchase, the cost of the remaining service shall be recalculated in accordance with paragraph (a) of this subsection. If the original installment purchase was for multiple service purchases, the employee may not separate those purchases under a new installment purchase.

(h) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems may purchase service credit under any of the provisions of KRS 16.510 to 16.652, 61.515 to 61.705, or 78.520 to 78.852 by transferring funds pursuant to the rules in 26 U.S.C. sec. 401(a)(31) directly from a retirement plan or a deferred compensation arrangement maintained by his employer which is a qualified plan pursuant to 26 U.S.C. sec. 401(a). Service credit may also be purchased by a rollover of funds from a qualified retirement plan pursuant to the rules specified in 26 U.S.C. sec. 402(c). The Kentucky Retirement Systems shall accept the transfer or rollover to the extent permitted under the rules specified in 26 U.S.C. secs. 402(c) and 401(a)(31). The amount shall be credited to the individual member's contribution account in the appropriate retirement system and shall be considered accumulated contributions of the member.

(17) After August 1, 1998, any employee participating in one (1) of the state-administered retirement systems who is age sixty-five (65) or older and has forty-eight (48) months' service credit in the Kentucky Employees Retirement System or the County Employees Retirement System or, if younger, who has sixty (60) months' service credit in the Kentucky Employees Retirement System or the County Employees Retirement System may purchase credit in the system in which the employee has the service credit for up to ten (10) years service in a regular full-time position that was credited to a state or local government-administered public defined benefit plan in another state other than a defined benefit plan for teachers. The employee shall pay the full cost of the service as determined by the system. Payment may be by lump sum, or the employee may pay by increments. The employee may transfer funds directly from the other state's plan if eligible to the extent permitted under subsection (16)(h) of this section and to the extent permitted by the other state's laws and shall provide proof that he is not eligible for a retirement benefit for the period of service from the other state's plan.

(18) After August 1, 1998, any employee participating in one (1) of the state-administered retirement systems, who has sixty (60) or more months of service in the State Police Retirement System or in a hazardous position in the Kentucky Employees Retirement System or the County Employees Retirement System, may purchase credit in the system in which the employee has the sixty (60) months of service credit for up to ten (10) years of service in a regular full-time position that was credited to a defined benefit retirement plan administered by a state or local government in another state, if the

service could be certified as hazardous pursuant to KRS 61.592. The employee shall pay the full cost of the service credit as determined by the system. Payment may be by lump sum or by increments. The employee may transfer funds directly from the other unit of government's plan if eligible to the extent permitted under subsection (16)(h) of this section and to the extent permitted by the other state's laws, and the employee shall provide proof that he is not eligible for a retirement benefit for the period of service from the other unit of government's plan.

(19) Any employee participating in one (1) of the state-administered retirement systems who has at least forty-eight (48) months of service if age sixty-five (65) or at least sixty (60) months of service if under age sixty-five (65) who has completed service as a volunteer in the Kentucky Peace Corps, created by KRS 154.01-720, may purchase service credit for the time served in the corps by making delayed contribution payments.

(20) An employee participating in any state-administered retirement system who has at least forty-eight (48) months' service if age sixty-five (65), or at least sixty (60) months' service if under age sixty-five (65), and who was formerly employed in a regional community mental health and mental retardation services program, organized and operated under the provisions of KRS 210.370 to 210.480, which does not participate in a state-administered retirement system may obtain credit for the period of his service in the regional community mental health and mental retardation program, by paying to the state retirement system in which he participates the full cost of the service credit purchased, as determined by the system. Payment to one (1) of the retirement systems administered by the Kentucky Retirement Systems may be made by lump sum or in increments.

(21) An employee participating in any state-administered retirement system who has at least forty-eight (48) months' service if age sixty-five (65) or at least sixty (60) months' service if under age sixty-five (65), who was employed by a vocational technical school in a noncertified part-time position averaging eighty (80) or more hours per month, determined by using the number of months actually worked within a calendar or fiscal year, may purchase service credit in the Kentucky Employees Retirement System. The cost of the service shall be determined by computing the member and employer contributions for the period of time involved plus interest compounded annually at the current actuarial rate, which shall not be picked up by the employer as described in KRS 61.560(4).

(22) Any employee participating in one (1) of the state-administered retirement systems on June 30, 2000, may obtain credit for subsequent service with a parted employer from the Commonwealth operating for the purposes of KRS 163.475, by paying to the respective retirement system a delayed contribution payment if the respective retirement system receives a favorable private letter ruling from the United States Internal Revenue Service or a favorable opinion letter from the United States Department of Labor. The delayed contribution payment shall be deposited to the individual member's account. The delayed contribution payment shall not be picked up by the employer as described in KRS 61.560(4).

(23) Any employee participating in the County Employees Retirement System who has at least forty-eight (48) months of service if age sixty-five (65) or at least sixty (60) months of service if under age sixty-five (65) may purchase service credit for service with a city, county, or joint city-county planning commission, if that service was not covered by a state-administered retirement system. Notwithstanding any statute to the contrary, the employee shall be entitled to a full month of service for each month or portion of month that the employee occupied the position whether or not the employee would have qualified, at the time of planning commission service, for the service under KRS 6.525. The employee shall pay to the retirement system the full cost of the service credit purchased, as determined by the board's actuary. The payment shall not be picked up, as described in KRS 78.610(4), by the employer and shall be deposited to the member's account. Payment may be by lump sum or in increments. The employee may obtain credit for service with a city, county, or joint city-county planning commission only if the Kentucky Retirement Systems receives a favorable letter ruling from the United States Internal Revenue Service or a favorable opinion letter from the United States Department of Labor.

(24) (a) Any member or retired member of one (1) of the retirement systems administered by the Kentucky Retirement Systems who is entitled to service credit for employment which was not reported in accordance with KRS 16.543, 61.543, or KRS 78.615 may obtain credit for the service by paying the employee contributions due within six (6) months of notification by the system. No interest shall be added to the contributions. The service credit shall not be credited to the member's account until the employer contributions are received. If a retired member makes the payment within six (6) months, the retired member's retirement allowance shall be adjusted to reflect the added service after the employer contributions are received by the retirement system.

(b) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems who is entitled to service credit under paragraph (a) of this subsection and who has not repaid the employee contributions due within six (6) months of notification by the system may regain the credit after the six (6) months by paying to the system the employee contributions plus interest at the actuarially assumed rate from the date of initial notification under paragraph (a) of this subsection. Service credit shall not be credited to the member's account until the employer contributions are received by the retirement system. The payments shall not be picked up, as described in KRS 61.560(4), by the employer.

(25) Any employee participating in one (1) of the state-administered retirement systems may purchase service credit for employment with a public agency that would have been eligible to participate under KRS 61.520 but which did not participate in the Kentucky Employees Retirement System or a political subdivision that would have been eligible to participate under KRS 78.530 but which did not participate in the County Employees Retirement System if the former public agency or political subdivision has merged with or been taken over by a participating department or county. The

cost of the service shall be determined as a delayed contribution payment for the respective retirement system. Payment may be made by lump sum or in increments. The payment shall not be picked up, as described in KRS 61.560(4) or KRS 78.610(4), by the employer.

(26) Any employee participating in one (1) of the retirement systems administered by the Kentucky Retirement Systems on or after August 1, 1998, who has at least two hundred forty (240) months of service credit may purchase a combined maximum total of five (5) years of retirement service credit which is not otherwise purchasable under any of the provisions of KRS 16.510 to 16.652, KRS 61.510 to 61.705, and KRS 78.510 to 78.852. The purchase price for the retirement service credit shall be calculated and paid for based on the full actuarial cost as determined by the system. HCR 184, A CONCURRENT RESOLUTION establishing a task force on a uniform indexing system.

WHEREAS, at present, indexing of documents filed in the county clerks' offices is largely left up to the clerks themselves; and

WHEREAS, there are one hundred and twenty county clerks' offices in the Commonwealth; and

WHEREAS, there is an unprecedented volume of documents being filed with the one hundred and twenty county clerks; and

WHEREAS, over time, this volume of documents will only increase, making research and retrieval of these documents more laborious, increasing the chances of error and the costs of storage, whether physically or electronically; and

WHEREAS, a uniform system of indexing would ease the reading, research, retrieval, and storage of those documents;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

The cabinet shall promptly, upon receipt of a request, notify the licensee who furnished the ***financial instrument***[~~bond~~], and unless the licensee, before the expiration of the sixty (60) day period, files with the cabinet a new ***financial instrument***[~~bond~~] with a surety satisfactory to the cabinet in the amount and form prescribed in this section, the cabinet shall cancel the license of the licensee in accordance with the provisions of KRS 138.340. If an approved new ***financial instrument***[~~bond~~] is filed, the cabinet shall cancel and surrender the ***financial instrument***[~~bond~~] for which the new bond is substituted.

(d) If the dealer fails to certify the amount of tax collected as prescribed by this section or does not perform the electronic fund transfer, the cabinet may immediately make demand on the financial instrument and revoke the license of the dealer notwithstanding the provisions of KRS 138.340.

HCR 158, A CONCURRENT RESOLUTION relating to the Social Security Act's penalizing of members of the Kentucky Teachers' Retirement System.

WHEREAS, the Kentucky Teachers' Retirement System has a higher contribution rate and better benefits than the Social Security system; and

WHEREAS, the Kentucky Teachers' Retirement System is not coordinated with the federal Social Security system; and

WHEREAS, the Social Security Act includes two offsets, the Government Pension Offset and the Windfall Elimination Provisions, that reduce the Social Security benefits payable to persons who are entitled to benefits under other retirement systems under certain conditions; and

WHEREAS, these provisions penalize individuals who move from private sector employment to teaching; and

WHEREAS, Kentucky has a significant teacher shortage and loses approximately 2,000 teachers yearly to retirement and must actively recruit new teachers to meet enrollment growth needs as well as retirement replacement; and

WHEREAS, Kentucky currently has over 1,000 emergency certified teachers; and

WHEREAS, every child should have the opportunity to have a fully credentialed teacher in his or her classroom, but the Social Security Act offsets limit the number of fully credentialed teachers in the classroom by penalizing individuals who change from private to public employment; and

WHEREAS, the recruitment and retention of teachers from other states who are entitled to Social Security upon retirement is also limited and restricted by these offsets; and

WHEREAS, persons otherwise entitled to receive Social Security benefits should not be penalized because they also participate in the Kentucky Teachers' Retirement System;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. That the General Assembly of the Commonwealth of Kentucky requests the Congress of the United States to enact legislation to repeal the Government Pension Offset and the Windfall Elimination Provision from the Social Security Act.

Section 2. That the General Assembly of the Commonwealth of Kentucky requests President George W. Bush to sign that legislation.

Section 3. That the Clerk of the House of Representatives transmit copies of this Resolution to the President and Vice President of the United States, to the Speaker of the U.S. House of Representatives, the Majority Leader of the U.S. Senate, and to each Senator and Representative from the Commonwealth of Kentucky in the Congress of the United States.

The Committee on Labor and Industry reported **HB 633** and **HB 656,** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 633, AN ACT relating to worker's compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 342.730 is amended to read as follows:

(1) Except as provided in KRS 342.732, income benefits for disability shall be paid to the employee as follows:

(a) For temporary or permanent total disability, sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than one hundred percent (100%) of the state average weekly wage and not less than twenty percent (20%) of the state average weekly wage as determined in KRS 342.740 during that disability. Nonwork-related impairment and conditions compensable under KRS 342.732 and hearing loss covered in KRS 342.7305 shall not be considered in determining whether the employee is totally disabled for purposes of this subsection.

(b) For permanent partial disability, sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740, multiplied by the permanent impairment rating caused by the injury or occupational disease as determined by "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest edition available, times the factor set forth in the table that follows:

AMA Impairment	Factor
0 to 5%	0.65
6 to 10%	0.85
11 to 15%	1.00
16 to 20%	1.00
21 to 25%	1.15
26 to 30%	1.35
31 to 35%	1.50
36% and above	1.70

Any temporary total disability period within the maximum period for permanent, partial disability benefits shall extend the maximum period but shall not make payable a weekly benefit exceeding that determined in subsection (1)(a) of this section. Notwithstanding any section of this chapter to the contrary, there shall be no minimum weekly income benefit for permanent partial disability and medical benefits shall be paid for the duration of the disability.

(c) 1. If, due to an injury, an employee does not retain the physical capacity to return to the type of work that the employee performed at the time of injury, the benefit for permanent partial disability shall be multiplied by three (3) times the amount otherwise determined under paragraph (b) of this subsection, but this provision shall not be construed so as to extend the duration of payments; or

2. If an employee returns to work at a weekly wage equal to or greater than the average weekly wage at the time of injury, the weekly benefit for permanent partial disability shall be determined under paragraph (b) of this subsection for each week during which that employment is sustained. During any period of cessation of that employment, temporary or permanent, for any reason, with or without cause, payment of weekly benefits for permanent partial disability during the period of cessation shall be two (2) times the amount otherwise payable under paragraph (b) of this subsection. This provision shall not be construed so as to extend the duration of payments.

3. Recognizing that limited education and advancing age impact an employee's post-injury earning capacity, an education and age factor, when applicable, shall be added to the income benefit multiplier set forth in paragraph (c)1. of this subsection. If at the time of injury, the employee had less than eight (8) years of formal education, the multiplier shall be increased by four-tenths (0.4); if the employee had less than twelve (12) years of education or a high school General Educational Development diploma, the multiplier shall be increased by two-tenths (0.2); if the employee was age sixty (60) or older, the multiplier shall be increased by six-tenths (0.6); if the employee was age fifty-five (55) or older, the multiplier shall be increased by four-tenths (0.4); or if the employee was age fifty (50) or older, the multiplier shall be increased by two-tenths (0.2).

4. Notwithstanding the provisions of KRS 342.125, a claim may be reopened at any time during the period of permanent partial disability in order to conform the award payments with the requirements of subparagraph 2. of this paragraph.

(d) For permanent partial disability, if an employee has a permanent disability rating of fifty percent (50%) or less as a result of a work-related injury, the compensable permanent partial disability period shall be four hundred twenty-five (425) weeks, and if the permanent disability rating is greater than fifty percent (50%), the compensable permanent partial disability period shall be five hundred twenty (520) weeks from the date the impairment or disability exceeding fifty percent (50%) arises. Benefits payable for permanent partial disability shall not exceed ninety-nine percent (99%) of sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage as determined under KRS 342.740 and shall not exceed seventy-five percent (75%) of the state average weekly wage, except for benefits payable pursuant to paragraph (c)1. of this subsection, which shall not exceed one hundred percent (100%) of the state average weekly wage, nor shall benefits for permanent partial disability be payable for a period exceeding five hundred twenty (520) weeks, notwithstanding that multiplication of impairment times the factor set forth in paragraph (b) of this subsection would yield a greater percentage of disability.

(e) For permanent partial disability, impairment for nonwork-related disabilities, conditions previously compensated under this chapter, conditions covered by KRS 342.732, and hearing loss covered in KRS 342.7305 shall not be considered in determining the extent of disability or duration of benefits under this chapter.

(2) The period of any income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if income benefits in both cases are for disability of the same member or function, or different parts of the same member or function, and the income benefits payable on account of the subsequent disability in whole or in part would duplicate the income benefits payable on account of the pre-existing disability.

(3) Subject to the limitations contained in subsection (4) of this section, when an employee, who has sustained disability compensable under this chapter, and who has filed, or could have timely filed, a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, portions of the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after the death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:

(a) To the widow or widower, if there is no child under the age of eighteen (18) or incapable of self-support, benefits at fifty percent (50%) of the rate specified in the award; or

(b) If there are both a widow or widower and such a child or children, to the widow or widower, forty-five percent (45%) of the benefits specified in the award, or forty percent (40%) of those benefits if such a child or children are not living with the widow or widower; and, in addition thereto, fifteen percent (15%) of the benefits specified in the award to each child. Where there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided among all the children, share and share alike; or

(c) If there is no widow or widower but such a child or children, then to the child or children, fifty percent (50%) of the benefits specified in the award to one (1) child, and fifteen percent (15%) of those benefits to a second child, to be shared equally. If there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided equally among all the children; or

(d) If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750, or to both, in proportions that the commissioner provides by administrative regulation.

(e) To the widow or widower upon remarriage, up to two (2) years, benefits as specified in the award and proportioned under paragraphs (a) or (b) of this subsection, if the proportioned benefits remain unpaid, to be paid in a lump sum.

(4) All income benefits payable pursuant to this chapter shall ***be reduced on a dollar for dollar basis by the amount of income benefits received when***[~~terminate as of the date upon which~~] the employee qualifies for normal old-age Social Security retirement benefits under the United States Social Security Act, 42 U.S.C. secs. 301 to 1397f, ***with the reduction in worker's compensation benefits becoming effective as of the date upon which the employee qualifies for normal old-age Social Security retirement benefits***[~~or two (2) years after the employee's injury or last exposure, whichever last occurs~~]. In like manner all income benefits payable pursuant to this chapter to spouses and dependents shall ***be reduced for benefits received***[~~terminate when such spouses and dependents qualify for benefits~~] under the United States Social Security Act by reason of the fact that the worker upon whose earnings entitlement is based would have qualified for normal old-age Social Security retirement benefits.

(5) All income benefits pursuant to this chapter otherwise payable for temporary total and permanent total disability shall be offset by unemployment insurance benefits paid for unemployment during the period of temporary total or permanent total disability.

(6) All income benefits otherwise payable pursuant to this chapter shall be offset by payments made under an exclusively employer-funded disability or sickness and accident plan which extends income benefits for the same disability covered by this chapter, except where the employer-funded plan contains an internal offset provision for workers' compensation benefits which is inconsistent with this provision.

(7) If an employee receiving a permanent total disability award returns to work, that employee shall notify the employer, payment obligor, insurance carrier, or special fund as applicable.

HB 656, AN ACT relating to workers' compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 342.690 is amended to read as follows:

(1) If an employer secures payment of compensation as required by this chapter, the liability of such employer under this chapter shall be exclusive and in place of all other liability of such employer to the employee, his legal representative, husband or wife, parents, dependents, next of kin, and anyone otherwise entitled to recover damages from such employer at law or in admiralty on account of such injury or death. For purposes of this section, the term "employer" shall include a

"contractor" covered by subsection (2) of KRS 342.610, whether or not the subcontractor has in fact, secured the payment of compensation. The liability of an employer to another person who may be liable for or who has paid damages on account of injury or death of an employee of such employer arising out of and in the course of employment and caused by a breach of any duty or obligation owed by such employer to such other shall be limited to the amount of compensation and other benefits for which such employer is liable under this chapter on account of such injury or death, unless such other and the employer by written contract have agreed to share liability in a different manner. The exemption from liability given an employer by this section shall also extend to such employer's carrier and to all employees, officers or directors of such employer or carrier, provided the exemption from liability given an employee, officer or director or an employer or carrier shall not apply in any case where the injury or death is proximately caused by the willful and unprovoked physical aggression of such employee, officer or director. ***The exemption from liability shall also not apply to an employer in any case where the injury or death is proximately caused by the failure of the employer to comply with any specific statute or lawful administrative regulation made thereunder for which a final determination of violation has been previously made against the employer.***

(2) If an employer fails to secure payment of compensation as required by this chapter, an injured employee, or his legal representative in case death results from the injury, may claim compensation under this chapter and in addition may maintain an action at law or in admiralty for damages on account of such injury or death, provided that the amount of compensation shall be credited against the amount received in such action, and provided that, if the amount of compensation is larger than the amount of damages received, the amount of damages less the employee's legal fees and expenses shall be credited against the amount of compensation. In such action the defendant may not plead as a defense that the injury was caused by the negligence of a fellow servant, that the employee assumed the risks of his employment, or that the injury was due to the contributory negligence of the employee.

(3) An employer shall retain all common law defenses against any action by an employee who elects not to be covered, as provided under subsection (6) of KRS 342.650.

HR 195, A RESOLUTION urging BellSouth to reconsider closing its Western Kentucky call center.

WHEREAS, BellSouth recently announced plans to consolidate its call centers operating in two Kentucky cities by closing its Paducah call center; and

WHEREAS, call centers constitute the customer service network of BellSouth and include the service representatives and the sales associate representatives; and

WHEREAS, BellSouth's proposal will uproot those families that are compelled to relocate according to the company directive, and the large number of long-term employees who cannot move to follow their jobs will simply be left behind financially and emotionally; and

WHEREAS, dedicated women constitute the principal class of employees tragically affected by the relocation proposal, and traditionally they are not able to follow their jobs; and

WHEREAS, communities throughout Western Kentucky would suffer a significant reduction in anticipated revenue and serious trauma would be inflicted on the lives of decent, dedicated citizens whose well-being and that of their families would be placed in jeopardy;

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. The House of Representatives urges BellSouth to reconsider its proposed relocation of the Western Kentucky call center, given the severe economic and emotional consequences of such a move.

HJR 160, A JOINT RESOLUTION requesting the Kentucky Department of Education to provide education and training to school personnel regarding the use of psychotropic drugs as a part of children's treatment; urging the Cabinet for Families and Children to ensure that a parent's refusal to allow a child to receive psychotropic drugs as a part of treatment not be used as the sole grounds for taking a child into custody; and requesting the Kentucky Commission on Services and Support for Individuals with Mental Illness, Alcohol, and Other Drug Abuse Disorders, and Dual Diagnoses, and Regional Mental Health Planning Councils to study the issues relating to psychotropic drugs in Kentucky.

WHEREAS, there are an estimated six million children in the United States between the ages of six and eighteen taking psychotropic drugs; and

WHEREAS, there appears to be an increase in prescribing psychotropic drugs to children, with the number of 2- to 4-year-olds on such drugs increasing three-fold between 1991 and 1995, according to a recently released study published in the American Journal of Medicine; and

WHEREAS, national media attention has focused concern on the use and unknown long-term effects of stimulants like Ritalin, amphetamines like Dexedrine, and antidepressants like Paxil, Prozac, and Zoloft for children; and

WHEREAS, psychotropic drugs have been effective in helping children with attention deficit disorder or attention deficit hyperactivity disorder and have been found in some studies to be more effective than behavioral therapy; and

WHEREAS, most psychotropic drugs have not been FDA-approved for pediatric use; and

WHEREAS, there is increasing concern that some psychotropic drug side effects may cause some persons to become intensely nervous, restless, and anxious and, some persons suggest, more violent; and

WHEREAS, research is needed to determine the long-term safety of psychotropic medications in light of earlier ages of initiation and longer duration of treatment; and

WHEREAS, there is no biological test for most mental illnesses; and

WHEREAS, there is general agreement that disorders such as attention deficit disorder or attention deficit hyperactivity disorder cannot be diagnosed appropriately by any single person regardless of training; and

WHEREAS, there is lack of agreement among professionals regarding the identification and treatment of students with attention problems and other mental disorders; and

WHEREAS, it is important that children's mental health needs be recognized but that caution be exercised in suggesting treatment;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The General Assembly hereby requests that the Kentucky Department of Education annually provide training and information to local school district personnel regarding the use of psychotropic drugs for the treatment of attention disorders and other mental disorders. The department should provide guidelines for school personnel to use in carrying out appropriate roles when consulting with parents and qualified professionals, including mental health professionals, and procedures to use when recommending that a child be evaluated by a qualified mental health professional.

Section 2. The General Assembly hereby urges that the Cabinet for Families and Children adopt a policy that if a mental health professional has recommended that a child receive a psychotropic drug as part of the child's treatment and the parent refuses, the refusal shall not, in and of itself, constitute grounds for the cabinet to take the child into custody or for any court of competent jurisdiction to order that a child be taken into custody by the cabinet, unless the refusal causes the child to be neglected or abused, as defined under the provisions of KRS Chapter 620.

Section 3. The General Assembly hereby requests that the Kentucky Commission on Services and Support for Individuals with Mental Illness, Alcohol, and Other Drug Abuse Disorders, and Dual Diagnoses, and the Regional Mental Health Planning Councils to study the issues relating to the use of psychotropic drugs by children in Kentucky schools and to report to the Interim Joint Committee on Health and Welfare and the Interim Joint Committee on Education no later than October 1, 2003.

Section 5. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the program to support education excellence in Kentucky, the statewide guaranteed base funding level, as defined in ***Section 4 of this Act***[~~KRS 157.320~~], shall be computed by dividing the amount appropriated for this purpose by the prior year's statewide average daily attendance.

(2) Each district shall receive an amount equal to the base funding level for each pupil in average daily attendance in the district in the previous year. Each district's base funding level shall be adjusted by the following factors:

(a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. The number of at-risk students shall be multiplied by a factor to be established by the General Assembly. Funds generated under this paragraph may be used to pay for:

1. Alternative programs for students who are at risk of dropping out of school before achieving a diploma; and

2. A hazardous duty pay supplement as determined by the local board of education to the teachers who work in alternative programs with students who are violent or assaultive;

(b) The number and types of exceptional children in the district as defined by KRS 157.200. Specific weights for each category of exceptionality shall be used in the calculation of the add-on factor for exceptional children;[~~ and~~]

(c) ***The number of students with limited English proficiency as defined by the Kentucky Board of Education shall be multiplied by a factor to be established by the General Assembly; and***

(d) Transportation costs. The per-pupil cost of transportation shall be calculated as provided by KRS 157.370. Districts which contract to furnish transportation to students attending nonpublic schools may adopt any payment formula which assures that no public school funds are used for the transportation of nonpublic students.

(3) The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year.

(4) (a) Except for those schools which have implemented school-based decision making, the chief state school officer shall enforce maximum class sizes for every academic course requirement in all grades except in vocal and instrumental music, and physical education classes. Except as provided in subsection (5) of this section, the maximum number of pupils enrolled in a class shall be as follows:

1. Twenty-four (24) in primary grades (kindergarten through third grade);

2. Twenty-eight (28) in grade four (4);

3. Twenty-nine (29) in grades five (5) and six (6);

4. Thirty-one (31) in grades seven (7) to twelve (12);

(b) Except for those schools which have implemented school-based decision making, class size loads for middle and secondary school classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day.

(c) The chief state school officer, upon approval of the Kentucky Board of Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request an exemption from the Kentucky Board of Education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).

(d) In all schools the chief state school officer shall enforce the special education maximum class sizes set by administrative regulations adopted by the Kentucky Board of Education. A superintendent may request an exemption pursuant to paragraph (c) of this subsection. A local school council may request a waiver pursuant to KRS 156.160(2). An exemption or waiver shall not be granted if the increased class size will impede any exceptional child from achieving his individual education program in the least restrictive environment.

(5) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.

(6) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular child with a disability includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the chief state school officer.

(7) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers who are actually employees of the joint or cooperative action shall be considered as employees of each school district which is a party to the agreement.

(8) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(9) If the average daily attendance for the current school year in any district decreases by ten percent (10%) or more than the average daily attendance for the previous school year, the average daily attendance for purposes of calculating program funding for the next school year shall be increased by an amount equal to two-thirds (2/3) of the decrease in average daily attendance. If the average daily attendance remains the same or decreases in the succeeding school year, the average daily attendance for purposes of calculating program funding for the following school year shall be increased by an amount equal to one-third (1/3) of the decrease for the first year of the decline.

(10) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the program funding allotted the district for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(11) (a) Instructional salaries for vocational agriculture classes shall be for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the Division of Secondary Vocational Education in the Department of Education. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(b) Each teacher of agriculture employed shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the State Department of Education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the chief state school officer a completed report of summer tasks for each vocational agriculture teacher. Twenty percent (20%) of the approved vocational agriculture programs shall be audited annually by the State Department of Education to determine that the summer plan has been properly executed.

(12) (a) In allotting program funds for home and hospital instruction, statewide guaranteed base funding, excluding the capital outlay, shall be allotted for each child in average daily attendance in the prior school year who has been properly identified according to Kentucky Board of Education administrative regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education; and

(b) Pursuant to administrative regulations of the Kentucky Board of Education, local school districts shall be reimbursed for home and hospital instruction for pupils unable to attend regular school sessions because of short term health impairments. A reimbursement formula shall be established by administrative regulations to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, and a reasonable allotment for travel expenses to and from instructional assignments, but the formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported annually on forms provided by the Department of Education.

(13) Except for those schools which have implemented school-based decision making and the school council has voted to waive this subsection, kindergarten aides shall be provided for each twenty-four (24) full-time equivalent kindergarten students enrolled.

(14) Effective July 1, 2001, there shall be no deduction applied against the base funding level for any pupil in average daily attendance who spends a portion of his or her school day in a program at a state-operated career and technical education or vocational facility.

Section 6. KRS 158.070 is amended to read as follows:

(1) The minimum school term shall be one hundred eighty-five (185) days, including no less than the equivalent of one hundred seventy-five (175) six (6) hour instructional days. A board of education may extend its term beyond the minimum

term. ***If the General Assembly provides funding for additional instructional days, a local board of education may choose to use the funding it would receive for additional instructional days over one hundred seventy-five (175) days to provide a longer school calendar in a low-performing school as designated by the Department of Education. The Department of Education shall establish the necessary calculations to assure that districts are reimbursed the same amount of funds under Section 5 of this Act that they would receive if all schools were in session. This provision shall not apply if the General Assembly provides more than one hundred eighty (180) instructional days.***

(2) The local board of education, upon recommendation of the local school district superintendent, shall adopt a school calendar for the upcoming school year that establishes the opening and closing dates of the school term, beginning and ending dates of each school month, instructional days, and days on which schools shall be dismissed. The local board may schedule days for breaks in the school calendar that shall not be counted as a part of the minimum school term.

(3) Any local board of education operating its schools on a year-round school program basis shall conform with administrative regulations promulgated and adopted by the Kentucky Board of Education upon the recommendation of the commissioner of education, which regulations must be in conformity with the following criteria:

(a) The year-round school program shall be operated on a fiscal year beginning July 1 and ending June 30;

(b) A pupil's required attendance in school shall be for at least the minimum instructional term; and

(c) No teacher shall be required to teach more than the minimum term during the school year.

(4) (a) Each local board of education shall use four (4) days of the minimum school term for professional development and collegial planning activities for the professional staff without the presence of pupils pursuant to the requirements of KRS 156.095. At the discretion of the superintendent, one (1) day of professional development may be used for district-wide activities and for training that is mandated by federal or state law. The use of three (3) days shall be planned by each school council, except that the district is encouraged to provide technical assistance and leadership to school councils to maximize existing resources and to encourage shared planning.

(b) A local board may approve a school's flexible professional development plan that permits teachers or other certified personnel within a school to participate in professional development activities outside the days scheduled in the school calendar or the regularly scheduled hours in the school work day and receive credit towards the four (4) day professional development requirement within the minimum one hundred eighty-five (185) days that a teacher shall be employed.

1. A flexible schedule option shall be reflected in the school's professional development component within the school improvement plan or consolidated plan and approved by the local board. Credit for approved professional development activities may be accumulated in periods of time other than full day segments.

2. No teacher or administrator shall be permitted to count participation in a professional development activity under the flexible schedule option unless the activity is related to the teacher's classroom assignment and content area, or the administrator's job requirements, or is required by the school improvement or consolidated plan, or is tied to the teacher's or the administrator's individual growth plan. The supervisor shall give prior approval and shall monitor compliance with the requirements of this paragraph. In the case of teachers, a professional development committee or the school council by council policy may be responsible for reviewing requests for approval.

(c) The local board of each school district may use up to a maximum of four (4) days of the minimum school term for holidays; provided, however, any holiday which occurs on Saturday may be observed on the preceding Friday.

(d) Each local board may use two (2) days for planning activities without the presence of pupils.

(e) Each local board may use the number of days deemed necessary for:

1. National or state disaster or mourning when proclaimed by the President of the United States or the Governor of the Commonwealth of Kentucky;

2. Local disaster which would endanger the health or safety of children; and

3. Mourning when so designated by the local board of education and approved by the Kentucky Board of Education upon recommendation of the commissioner of education.

(5) The Kentucky Board of Education, upon recommendation of the commissioner of education, shall adopt administrative regulations governing the use of school days, including days missed from the regular school day as a result of local disaster, as defined in subsection (4)(e)2. of this section, and regulations setting forth the guidelines and procedures to be observed for the approval of the days utilized for the opening and closing of school and the days utilized for professional development and planning activities for the professional staff.

(6) (a) In setting the school calendar, school may be closed for two (2) consecutive days for the purpose of permitting professional school employees to attend statewide professional meetings. These two (2) days for statewide professional meetings may be scheduled to begin with the first Thursday after Easter, or largest paid membership, the commissioner of education may designate alternate dates. If schools are scheduled to operate during days designated for the statewide professional meeting, the school district shall permit teachers who are delegates to attend as compensated professional leave time and shall employ substitute teachers in their absence. The

commissioner of education shall designate one (1) additional day during the school year when schools shall be closed to permit professional school employees to participate in regional or district professional meetings. These three (3) days so designated for attendance at professional meetings shall not be counted as a part of the minimum school term. School shall be closed on the day of a regular election, and that day may be used for professional development activities, professional meetings, or parent-teacher conferences.

(b) All schools shall be closed on the third Monday of January in observance of the birthday of Martin Luther King, Jr. Districts may:

1. Designate the day as one (1) of the four (4) holidays permitted under subsection (4)(c) of this section; or

2. Not include the day in the minimum school term specified in subsection (1) of this section.

(7) Students applying for excused absence for attendance at the Kentucky State Fair shall be granted one (1) day of excused absence.

(8) Schools shall provide continuing education for those students who are determined to need additional time to achieve the outcomes defined in KRS 158.6451, and schools shall not be limited to the minimum school term in providing this education. Continuing education time may include extended days, extended weeks, or extended years. A local board of education may adopt a policy requiring its students to participate in continuing education. The local policy shall set out the conditions under which attendance will be required and any exceptions which are provided. The Kentucky Board of Education shall promulgate administrative regulations establishing criteria for the allotment of grants to local school districts. These grants shall be allotted to school districts to provide instructional programs for pupils who are identified as needing additional time to achieve the outcomes defined in KRS 158.6451. A school district that has a school operating a model early reading program under KRS 158.792 may use a portion of its grant money as part of the matching funds to provide individualized or small group reading instruction to qualified students outside of the regular classroom during the school day.

(9) Notwithstanding any other statute, each school term shall include no less than the equivalent of the minimum number of instructional days required by this section.

(10) Notwithstanding the provisions of KRS 158.060(3) and the provisions of subsection (1) of this section, a school district shall arrange bus schedules so that all buses arrive in sufficient time to provide breakfast prior to the instructional day. In the event of an unforeseen bus delay, the administrator of a school that participates in the Federal School Breakfast Program may authorize up to fifteen (15) minutes of the six (6) hour instructional day if necessary to provide the opportunity for children to eat breakfast not to exceed eight (8) times during the school year within a school building.

Section 7. KRS 158.6455 is amended to read as follows:

It is the intent of the General Assembly that schools succeed with all students and receive the appropriate consequences in proportion to that success.

(1) (a) After receiving the advice of the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the National Technical Advisory Panel on Assessment and Accountability, the Kentucky Board of Education shall promulgate administrative regulations in conformity with KRS 158.6471 and 158.6472 and KRS Chapter 13A to establish a system for identifying and rewarding successful schools. A reward shall be distributed to successful schools based on the number of full-time, part-time, and itinerant certified staff employed in the school on the last working day of the year of the reward to be used for school purposes as determined by the school council or, if none exists, the principal. The Kentucky Board of Education shall identify reports, paperwork requirements, and administrative regulations from which high performing schools shall be exempt.

(b) Effective July 1, 2006, the Kentucky Board of Education shall reward schools that exceed their improvement goal and have an annual average dropout rate below five percent (5%).

(2) After receiving the advice of the Office of Education Accountability; the School Curriculum, Assessment, and Accountability Council; and the National Technical Advisory Panel on Assessment and Accountability, the Kentucky Board of Education shall promulgate by administrative regulation in conformity with KRS 158.6471 and 158.6472 and KRS Chapter 13A the formula for a school accountability index to classify schools every two (2) years based on whether they have met their threshold level for school improvement, with school years 1998-2000 serving as the baseline. Upon appeal, an administrative hearing shall be conducted in accordance with KRS Chapter 13B. The state board may adjust a performance judgment on appeal when evidence of highly unusual circumstances warrants the conclusion that the performance judgment is based on fraud or a mistake in computations, is arbitrary, is lacking any reasonable basis, or when there are significant new circumstances occurring during the biennial assessment period which are beyond the control of the school.

Section 8. KRS 158.782 is amended to read as follows:

The council may make personnel decisions on vacancies occurring after the school council is formed but shall not have the authority to recommend transfers or dismissals;

(g) The school council shall determine which textbooks, instructional materials, and student support services shall be provided in the school. Subject to available resources, the local board shall allocate an appropriation to each school that is adequate to meet the school's needs related to instructional materials and school-based student support services, as determined by the school council. The school council shall consult with the school media librarian on the maintenance of the school library media center, including the purchase of instructional materials, information technology, and equipment;

The school shall submit the model through the local board of education to the commissioner of education and the Kentucky Board of Education,

which shall have final authority for approval. The application for approval of the model shall show evidence that it has been developed by representatives of the parents, students, certified personnel, and the administrators of the school and that two-thirds (2/3) of the faculty have agreed to the model.

(b) An affected party who believes a violation of this subsection has occurred may file a written complaint with the Office of Education Accountability. The office shall investigate the complaint and resolve the conflict, if possible, or forward the matter to the Kentucky Board of Education.

(c) The Kentucky Board of Education shall conduct a hearing in accordance with KRS Chapter 13B for complaints referred by the Office of Education Accountability.

(d) If the state board determines a violation has occurred, the party shall be subject to reprimand. A second violation of this subsection may be grounds for removing a superintendent, a member of a school council, or school board member from office or grounds for dismissal of an employee for misconduct in office or willful neglect of duty.

The Committee Substitute to **SB 132** is as follows:

SB 132, AN ACT relating to increasing student achievement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

The local school district also shall include in its assistance plan for the school actions to strengthen the functioning of the school council and the school-based decision making process at the school.

(2) (a) A scholastic audit team, established under Section 6 of this Act, auditing a school that for two (2) successive accountability cycles failed to meet its goal and has declining student performance, shall consider the functioning of the school council and make recommendations concerning the council in the improvement plan. The team shall recommend to the commissioner of education whether the school council shall retain the authority granted to it under Section 8 of this Act. If the recommendation is to transfer the authority of the school council, the team shall also recommend whether:

1. The authority shall be transferred to the superintendent or a highly skilled educator; and

2. The school council shall continue to act in an advisory capacity until all authority has been restored under subsection (5) of this section.

(b) A scholastic audit team, established under Section 6 of this Act, auditing a district of a school subject to subsection (2)(a) of this section, shall consider the functioning of the school district and make recommendations concerning the school's council in the district's assistance plan. If the recommendation is to transfer the authority of the school council, the team shall also recommend whether:

1. The authority shall be transferred to the superintendent or a highly skilled educator; and

2. The school council shall continue to act in an advisory capacity until all authority has been restored under subsection (5) of this section.

(3) (a) If the school and district audit teams recommend transfer of the council's authority to the superintendent, the commissioner of education shall transfer the council's authority under Section 8 of this Act to the superintendent. The commissioner shall determine whether the school council shall continue in an advisory capacity and shall notify the local board of education, the district superintendent, the principal of the school, and the school council of the action.

(b) 1. Within thirty (30) days of the commissioner's action, the school council may request that the Kentucky

Board of Education consider the matter by submitting a written request including any supporting information. The Kentucky Board of Education shall consider the audit reports, the commissioner's decision, and the request for consideration and make a final determination.

2. If both the audit teams recommend transfer of the council's authority to a highly skilled educator or if they recommend transfer of the council's authority but are not in agreement as to the party granted the council's authority, the commissioner shall make a recommendation to the Kentucky Board of Education, which shall make the final determination. The school council and the superintendent may submit supporting information. The commissioner shall recommend whether the school council shall continue in an advisory capacity and shall notify the local board of education, the district superintendent, the principal of the school, and the school council members of the recommendation and the Kentucky Board of Education's final action.

(4) Subject to the policies adopted for the district by the local board of education, the local district superintendent or the highly skilled educator shall assume all powers, duties, and authority granted to a school council under Section 8 of this Act thirty (30) days following the commissioner's recommendation if no request for consideration by the Kentucky Board of Education is requested or following the determination of the Kentucky Board of Education, whichever is appropriate.

(5) Within thirty (30) days after assuming the powers, duties, and authority listed in subsection (4) of this section, the superintendent or highly skilled educator shall consult with the council and with stakeholders at the school and prepare a plan for developing capacity for sound school-based decision making at the school. The commissioner of education shall review the plan and approve it as adequate or identify specific areas for improvement. The superintendent or highly skilled educator shall report to the commissioner every six (6) months on the implementation and results of the approved plan.

(6) The school's right to establish a council or the school's right for the council to assume the full authority granted under Section 8 of this Act shall be restored when the school meets its accountability goal for an accountability cycle as determined by the Kentucky Department of Education under Section 6 of this Act.

SECTION 2. A NEW SECTION OF KRS CHAPTER 160 IS CREATED TO READ AS FOLLOWS:

Section 4. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the program to support education excellence in Kentucky, the statewide guaranteed base funding level, as defined in ***Section 3 of this Act***[~~KRS 157.320~~], shall be computed by dividing the amount appropriated for this purpose by the prior year's statewide average daily attendance.

(2) Each district shall receive an amount equal to the base funding level for each pupil in average daily attendance in the district in the previous year. Each district's base funding level shall be adjusted by the following factors:

(a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. (d) Transportation costs. The per-pupil cost of transportation shall be calculated as provided by KRS 157.370. Districts which contract to furnish transportation to students attending nonpublic schools may adopt any payment formula which assures that no public school funds are used for the transportation of nonpublic students.

(3) The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year.

(4) (a) Except for those schools which have implemented school-based decision making, the chief state school officer shall enforce maximum class sizes for every academic course requirement in all grades except in vocal and instrumental music, and physical education classes. Except as provided in subsection (5) of this section, the maximum number of pupils enrolled in a class shall be as follows:

1. Twenty-four (24) in primary grades (kindergarten through third grade);

2. Twenty-eight (28) in grade four (4);

3. Twenty-nine (29) in grades five (5) and six (6);

4. Thirty-one (31) in grades seven (7) to twelve (12);

(b) Except for those schools which have implemented school-based decision making, class size loads for middle and secondary school classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day.

(c) The chief state school officer, upon approval of the Kentucky Board of Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request an exemption from the Kentucky Board of Education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).

(d) In all schools the chief state school officer shall enforce the special education maximum class sizes set by administrative regulations adopted by the Kentucky Board of Education. A superintendent may request an exemption pursuant to paragraph (c) of this subsection. A local school council may request a waiver pursuant to KRS 156.160(2). An exemption or waiver shall not be granted if the increased class size will impede any exceptional child from achieving his individual education program in the least restrictive environment.

(5) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.

(6) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular child with a disability includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the chief state school officer.

(7) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers who are actually employees of the joint or cooperative action shall be considered as employees of each school district which is a party to the agreement.

(8) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(9) If the average daily attendance for the current school year in any district decreases by ten percent (10%) or more than the average daily attendance for the previous school year, the average daily attendance for purposes of calculating program funding for the next school year shall be increased by an amount equal to two-thirds (2/3) of the decrease in average daily attendance. If the average daily attendance remains the same or decreases in the succeeding school year, the average daily attendance for purposes of calculating program funding for the following school year shall be increased by an amount equal to one-third (1/3) of the decrease for the first year of the decline.

(10) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the program funding allotted the district for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(11) (a) Instructional salaries for vocational agriculture classes shall be for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the Division of Secondary Vocational Education in the Department of Education. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(b) Each teacher of agriculture employed shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the State Department of Education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the chief state school officer a completed report of summer tasks for each vocational agriculture teacher. Twenty percent (20%) of the approved vocational agriculture programs shall be audited annually by the State Department of Education to determine that the summer plan has been properly executed.

(12) (a) In allotting program funds for home and hospital instruction, statewide guaranteed base funding, excluding the capital outlay, shall be allotted for each child in average daily attendance in the prior school year who has been properly identified according to Kentucky Board of Education administrative regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education; and

(b) Pursuant to administrative regulations of the Kentucky Board of Education, local school districts shall be reimbursed for home and hospital instruction for pupils unable to attend regular school sessions because of short term health impairments. A reimbursement formula shall be established by administrative regulations to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, and a reasonable allotment for travel expenses to and from instructional assignments, but the formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported annually on forms provided by the Department of Education.

(13) Except for those schools which have implemented school-based decision making and the school council has voted to waive this subsection, kindergarten aides shall be provided for each twenty-four (24) full-time equivalent kindergarten students enrolled.

(14) Effective July 1, 2001, there shall be no deduction applied against the base funding level for any pupil in average daily attendance who spends a portion of his or her school day in a program at a state-operated career and technical education or vocational facility.

Section 5. KRS 158.070 is amended to read as follows:

(1) The minimum school term shall be one hundred eighty-five (185) days, including no less than the equivalent of one hundred seventy-five (175) six (6) hour instructional days. A board of education may extend its term beyond the minimum term. ***If the General Assembly provides funding for additional instructional days, a local board of education may choose to use the funding it would receive for additional instructional days over one hundred seventy-five (175) days to provide a longer school calendar in a low-performing school as designated by the Department of Education. The Department of Education shall establish the necessary calculations to assure that districts are reimbursed the same amount of funds under Section 4 of this Act that they would receive if all schools were in session. This provision shall not apply if the General Assembly provides more than one hundred eighty (180) instructional days.***

(2) The local board of education, upon recommendation of the local school district superintendent, shall adopt a school calendar for the upcoming school year that establishes the opening and closing dates of the school term, beginning and ending dates of each school month, instructional days, and days on which schools shall be dismissed. The local board may schedule days for breaks in the school calendar that shall not be counted as a part of the minimum school term.

(3) Any local board of education operating its schools on a year-round school program basis shall conform with administrative regulations promulgated and adopted by the Kentucky Board of Education upon the recommendation of the commissioner of education, which regulations must be in conformity with the following criteria:

(a) The year-round school program shall be operated on a fiscal year beginning July 1 and ending June 30;

(b) A pupil's required attendance in school shall be for at least the minimum instructional term; and

(c) No teacher shall be required to teach more than the minimum term during the school year.

(4) (a) Each local board of education shall use four (4) days of the minimum school term for professional development and collegial planning activities for the professional staff without the presence of pupils pursuant to the requirements of KRS 156.095. At the discretion of the superintendent, one (1) day of professional development may be used for district-wide activities and for training that is mandated by federal or state law. The use of three (3) days shall be planned by each school council, except that the district is encouraged to provide technical assistance and leadership to school councils to maximize existing resources and to encourage shared planning.

(b) A local board may approve a school's flexible professional development plan that permits teachers or other certified personnel within a school to participate in professional development activities outside the days scheduled in the school calendar or the regularly scheduled hours in the school work day and receive credit towards the four (4) day professional development requirement within the minimum one hundred eighty-five (185) days that a teacher shall be employed.

1. A flexible schedule option shall be reflected in the school's professional development component within the school improvement plan or consolidated plan and approved by the local board. Credit for approved professional development activities may be accumulated in periods of time other than full day segments.

2. No teacher or administrator shall be permitted to count participation in a professional development activity under the flexible schedule option unless the activity is related to the teacher's classroom assignment and content area, or the administrator's job requirements, or is required by the school improvement or consolidated plan, or is tied to the teacher's or the administrator's individual growth plan. The supervisor shall give prior approval and shall monitor compliance with the requirements of this paragraph. In the case of teachers, a professional development committee or the school council by council policy may be responsible for reviewing requests for approval.

(c) The local board of each school district may use up to a maximum of four (4) days of the minimum school term for holidays; provided, however, any holiday which occurs on Saturday may be observed on the preceding Friday.

(d) Each local board may use two (2) days for planning activities without the presence of pupils.

(e) Each local board may use the number of days deemed necessary for:

1. National or state disaster or mourning when proclaimed by the President of the United States or the Governor of the Commonwealth of Kentucky;

(5) The Kentucky Board of Education, upon recommendation of the commissioner of education, shall adopt administrative regulations governing the use of school days, including days missed from the regular school day as a result of local disaster, as defined in subsection (4)(e)2. of this section, and regulations setting forth the guidelines and procedures to be observed for the approval of the days utilized for the opening and closing of school and the days utilized for professional development and planning activities for the professional staff.

(6) (a) In setting the school calendar, school may be closed for two (2) consecutive days for the purpose of permitting professional school employees to attend statewide professional meetings. These two (2) days for statewide professional meetings may be scheduled to begin with the first Thursday after Easter, or largest paid membership, the commissioner of education may designate alternate dates. If schools are scheduled to operate during days designated for the statewide professional meeting, the school district shall permit teachers who are delegates to attend as compensated professional leave time and shall employ substitute teachers in their absence. The commissioner of education shall designate one (1) additional day during the school year when schools shall be closed to permit professional school employees to participate in regional or district professional meetings. These three (3) days so designated for attendance at professional meetings shall not be counted as a part of the minimum school term. School shall be closed on the day of a regular election, and that day may be used for professional development activities, professional meetings, or parent-teacher conferences.

Continuing education time may include extended days, extended weeks, or extended years. A local board of education may adopt a policy requiring its students to participate in continuing education. The local policy shall set out the conditions under which attendance will be required and any exceptions which are provided. The Kentucky Board of Education shall promulgate administrative regulations establishing criteria for the allotment of grants to local school districts. These grants shall be allotted to school districts to provide instructional programs for pupils who are identified as needing additional time to achieve the outcomes defined in KRS 158.6451. (9) Notwithstanding any other statute, each school term shall include no less than the equivalent of the minimum number of instructional days required by this section.

(10) Notwithstanding the provisions of KRS 158.060(3) and the provisions of subsection (1) of this section, a school district shall arrange bus schedules so that all buses arrive in sufficient time to provide breakfast prior to the instructional day. In the event of an unforeseen bus delay, the administrator of a school that participates in the Federal School Breakfast Program may authorize up to fifteen (15) minutes of the six (6) hour instructional day if necessary to provide the opportunity for children to eat breakfast not to exceed eight (8) times during the school year within a school building.

The council may make personnel decisions on vacancies occurring after the school council is formed but shall not have the authority to recommend transfers or dismissals;

(g) The school council shall determine which textbooks, instructional materials, and student support services shall be provided in the school. Subject to available resources, the local board shall allocate an appropriation to each school that is adequate to meet the school's needs related to instructional materials and school-based student support services, as determined by the school council. (4) In addition to the authority granted to the school council in this section, the local board may grant to the school council any other authority permitted by law. The board shall make available liability insurance coverage for the protection of all members of the school council from liability arising in the course of pursuing their duties as members of the council.

(5) After July 13, 1990, any school in which two-thirds (2/3) of the faculty vote to implement school-based decision making shall do so. All schools shall implement school-based decision making by July 1, 1996, in accordance with this section and with the policy adopted by the local board pursuant to this section. Upon favorable vote of a majority of the faculty at the school and a majority of at least twenty-five (25) voting parents of students enrolled in the school, a school meeting its goal as determined by the Department of Education pursuant to ***Section 6 of this Act***~~[KRS 158.6455]~~ may apply to the Kentucky Board of Education for exemption from the requirement to implement school-based decision making, and the state board shall grant the exemption. By November 1 of each year, the principal through the local superintendent shall forward to the Department of Education the names and addresses of each council member and verify that the required training has been completed. School council members elected to fill a vacancy shall complete the applicable training within thirty (30) days of their election.

(7) A school that chooses to have school-based decision making but would like to be exempt from the administrative structure set forth by this section may develop a model for implementing school-based decision making including, but not limited to, a description of the membership, organization, duties, and responsibilities of a school council. The school shall submit the model through the local board of education to the commissioner of education and the Kentucky Board of Education, which shall have final authority for approval. The school council shall plan professional development in compliance with requirements specified in KRS 156.095. School councils of small schools shall be encouraged to work with other school councils to maximize professional development opportunities.

(9) (a) No board member, superintendent of schools, district employee, or member of a school council shall intentionally engage in a pattern of practice which is detrimental to the successful implementation of or circumvents the intent of school-based decision making to allow the professional staff members of a school and parents to be involved in the decision making process in working toward meeting the educational goals established in KRS 158.645 and 158.6451 or to make decisions in areas of policy assigned to a school council pursuant to paragraph (i) of subsection (2) of this section.

(b) An affected party who believes a violation of this subsection has occurred may file a written complaint with the Office of Education Accountability. The office shall investigate the complaint and resolve the conflict, if possible, or forward the matter to the Kentucky Board of Education.

(c) The Kentucky Board of Education shall conduct a hearing in accordance with KRS Chapter 13B for complaints referred by the Office of Education Accountability.

(d) If the state board determines a violation has occurred, the party shall be subject to reprimand. A second violation of this subsection may be grounds for removing a superintendent, a member of a school council, or school board member from office or grounds for dismissal of an employee for misconduct in office or willful neglect of duty.

SB 147, AN ACT relating to the reorganization of the Department of Education.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the program to support education excellence in Kentucky, the statewide guaranteed base funding level, as defined in KRS 157.320, shall be computed by dividing the amount appropriated for this purpose by the prior year's statewide average daily attendance.

(2) Each district shall receive an amount equal to the base funding level for each pupil in average daily attendance in the district in the previous year. Each district's base funding level shall be adjusted by the following factors:

(a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. The number of at-risk students shall be multiplied by a factor to be established by the General Assembly. Funds generated under this paragraph may be used to pay for:

1. Alternative programs for students who are at risk of dropping out of school before achieving a diploma; and

2. A hazardous duty pay supplement as determined by the local board of education to the teachers who work in alternative programs with students who are violent or assaultive;

(b) The number and types of exceptional children in the district as defined by KRS 157.200. Specific weights for each category of exceptionality shall be used in the calculation of the add-on factor for exceptional children; and

(c) Transportation costs. The per-pupil cost of transportation shall be calculated as provided by KRS 157.370. Districts which contract to furnish transportation to students attending nonpublic schools may adopt any payment formula which assures that no public school funds are used for the transportation of nonpublic students.

(3) The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year.

(4) (a) Except for those schools which have implemented school-based decision making, the chief state school officer shall enforce maximum class sizes for every academic course requirement in all grades except in vocal and instrumental music, and physical education classes. Except as provided in subsection (5) of this section, the maximum number of pupils enrolled in a class shall be as follows:

1. Twenty-four (24) in primary grades (kindergarten through third grade);
2. Twenty-eight (28) in grade four (4);
3. Twenty-nine (29) in grades five (5) and six (6);
4. Thirty-one (31) in grades seven (7) to twelve (12);

(b) Except for those schools which have implemented school-based decision making, class size loads for middle and secondary school classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day.

(c) The chief state school officer, upon approval of the Kentucky Board of Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request an exemption from the Kentucky Board of Education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).

(d) In all schools the chief state school officer shall enforce the special education maximum class sizes set by administrative regulations adopted by the Kentucky Board of Education. A superintendent may request an exemption pursuant to paragraph (c) of this subsection. A local school council may request a waiver pursuant to KRS 156.160(2). An exemption or waiver shall not be granted if the increased class size will impede any exceptional child from achieving his individual education program in the least restrictive environment.

(5) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.

(6) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular child with a disability includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the chief state school officer.

(7) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers who are actually employees of the joint or cooperative action shall be considered as employees of each school district which is a party to the agreement.

(8) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(9) If the average daily attendance for the current school year in any district decreases by ten percent (10%) or more than the average daily attendance for the previous school year, the average daily attendance for purposes of calculating program funding for the next school year shall be increased by an amount equal to two-thirds (2/3) of the decrease in average daily attendance. Section 1. KRS 139.470 is amended to read as follows:

There are excluded from the computation of the amount of taxes imposed by this chapter:

(1) Gross receipts from the sale of, and the storage, use, or other consumption in this state of, tangible personal property the gross receipts from the sale of which, or the storage, use, or other consumption of which, this state is prohibited from taxing under the Constitution or laws of the United States, or under the Constitution of this state;

(3) Gross receipts from the sale of, and the storage, use, or other consumption in this state of, tangible personal property used for the performance of a lump-sum, fixed-fee contract of public works executed prior to February 5, 1960;

(4) Gross receipts from occasional sales of tangible personal property and the storage, use, or other consumption in this state of tangible personal property, the transfer of which to the purchaser is an occasional sale;

(5) Gross receipts from sales of tangible personal property to a common carrier, shipped by the seller via the purchasing carrier under a bill of lading, whether the freight is paid in advance or the shipment is made freight charges collect, to a point outside this state and the property is actually transported to the out-of-state destination for use by the carrier in the conduct of its business as a common carrier;

(6) Gross receipts from sales of tangible personal property sold through coin-operated bulk vending machines, if the sale amounts to fifty cents ($0.50) or less, if the retailer is primarily engaged in making the sales and maintains records satisfactory to the cabinet. As used in this subsection, "bulk vending machine" means a vending machine containing unsorted merchandise which, upon insertion of a coin, dispenses the same in approximately equal portions, at random and without selection by the customer;

(7) Gross receipts from sales to any cabinet, department, bureau, commission, board, or other statutory or constitutional agency of the state and gross receipts from sales to counties, cities, or special districts as defined in KRS 65.005. If the service is classified as residential, use other than for "residential" purposes by the customer shall not negate the exemption;

(c) The exemption shall not apply if charges for sewer service, water, and fuel are billed to an owner or operator of a multi-unit residential rental facility or mobile home and recreational vehicle park other than residential classification; and

(d) The exemption shall apply also to residential property which may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years;

(9) Any rate increase for school taxes and any other charges or surcharges added to the total amount of a residential telephone bill;

(10) Gross receipts from sales to an out-of-state agency, organization, or institution exempt from sales and use tax in its state of residence when that agency, organization, or institution gives proof of its tax-exempt status to the seller and the seller maintains a file of the proof;

b. Supplies. This category includes supplies such as lubricating and compounding oils, grease, machine waste, abrasives, chemicals, solvents, fluxes, anodes, filtering materials, fire brick, catalysts, dyes, refrigerants, explosives, etc. The supplies indicated above need not come in direct contact with a manufactured product to be exempt. c. Industrial tools. This group is limited to hand tools such as jigs, dies, drills, cutters, rolls, reamers, chucks, saws, spray guns, etc., and to tools attached to a machine such as molds, grinding balls, grinding wheels, dies, bits, cutting blades, etc. Normally, for industrial tools to be considered directly used in manufacturing, they shall come into direct contact with the product being manufactured.

A single manufacturing cycle shall be considered to be the period elapsing from the time the raw materials enter into the manufacturing process until the finished product emerges at the end of the manufacturing process.

(b) It shall be noted that in none of the three (3) categories is any exemption provided for repair, replacement, or spare parts. HB 542, AN ACT relating to economic development through the promotion of the value-added hardwood products industry.

WHEREAS, despite previous legislation supporting the secondary wood products industry, a lack of program funding combined with increased foreign competition and the need for emerging technology have placed the value-added hardwood products industry at a competitive disadvantage compared to other industries in Kentucky and the value-added hardwood products industry outside of Kentucky; and

WHEREAS, although the survival and success of the value-added hardwood products industry in Kentucky is dependent upon companies acquiring the emerging industry-related technology that is available to out-of-state companies in part due to assistance from those states, Kentucky has not addressed the technology divide that exists for this industry within the Commonwealth; and

WHEREAS, because value-added hardwood products companies that gain access to and utilize emerging technology produce maximum value-added products, achieve increased environmental awareness, and provide high-paying jobs requiring a skilled and educated workforce, it is in the interest of the Commonwealth to assist in advancing the technology base of Kentucky's value-added hardwood products industry;

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.17A-708 is amended to read as follows:

(1) An insurer shall not require a provider to appeal errors in payment where the insurer has not paid the claim according to the contracted rate. Miscalculations in payments made by the insurer shall be corrected and paid within thirty (30) calendar days upon the insurer's receipt of documentation from the provider verifying the error.

(2) An insurer shall not be required to correct a payment error to a provider if the provider's request for a payment correction is filed more than twenty-four (24) months after the date that the provider received payment for the claim from the insurer.

(3) (a) Except in cases of fraud, an insurer may only retroactively deny reimbursement to a provider during the twenty-four (24) month period after the date that the insurer paid the claim submitted by the provider.

(b) An insurer that retroactively denies reimbursement to a provider under this section shall give the provider a written or electronic statement specifying the basis for the retroactive denial.

(c) If the retroactive denial of reimbursement results from coordination of benefits, the written statement shall specify the name and address of the entity acknowledging responsibility for payment of the denied claim.

(d) If an insurer retroactively denies reimbursement for services as a result of coordination of benefits with another insurer, the provider shall have twelve (12) months from the date that the provider received notice of the denial, unless the insurer that retroactively denied reimbursement permits a longer period, to submit a claim for reimbursement for the service to the insurer, the medical assistance program, or the Medicare program responsible for payment.

(4) Notwithstanding any provision of law to the contrary, an insurer or other person providing or administering a health benefit plan shall not retroactively deny reimbursement for services rendered that have been previously electronically adjudicated if the denial is the result of an error on the part of the insurer or other person providing or administering a health benefit plan or any agent of the insurer or any other person providing or administering a health benefit plan.

HB 821, AN ACT relating to health insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 18A.225 is amended to read as follows:

(1) (a) The term "health maintenance organization" for the purposes of this section means a health maintenance organization as defined in KRS 304.38-030 or as a nonprofit hospital, medical-surgical, dental, and health service corporation, which has been licensed by the Kentucky Health Facilities and Health Services Certificate of Need and Licensure Board or its successor agency and issued a certificate of authority by the Department of Insurance as a health maintenance organization or as a nonprofit hospital, medical-surgical, dental, and health service corporation and which is qualified under the requirements of the United States Department of Health, Education and Welfare except as provided in subsection (2) of this section; and

(b) The term "state employee" for purposes of this section shall include a person, including an elected public official, who is regularly employed by any department, board, agency, branch of state government, or any municipal, urban-county, charter county, or county government, whose legislative body has opted to participate in the state health insurance program pursuant to KRS 79.080 and who is a contributing member to any one (1) of the retirement systems administered by the state. It shall also include a person who must fulfill the requirements established by the Kentucky Board of Education for eligibility and a person who is a present or future recipient of a retirement allowance from any of the Kentucky Retirement Systems who either satisfies the requirements of KRS 61.559 or who is board authorized under KRS 61.702(1), including a beneficiary of a retired employee as defined in KRS 61.542 who is receiving a retirement allowance from any of the Kentucky Retirement Systems and includes members of the Legislators' Retirement Plan as provided in KRS 18A.2287. It shall also include a person who is a present or future recipient of a retirement allowance from the Teachers' Retirement System of Kentucky who either satisfies the requirements of KRS 161.525, 161.620, and 161.675 or who is board certified, including a beneficiary of a retired member who is receiving a retirement allowance from the Teachers' Retirement System of Kentucky, except that a member who is receiving a retirement allowance from the Teachers' Retirement System and who is age sixty-five (65) or older shall not be included.

(2) (a) The secretary of the Finance and Administration Cabinet, upon the recommendation of the secretary of the Personnel Cabinet, shall procure, in compliance with the provisions of KRS 45A.080, 45A.085, and 45A.090, from one (1) or more health insurance companies or from one (1) or more health maintenance organizations authorized to do business in this state, a policy or policies of group health care coverage including, but not limited to, indemnity, health maintenance organization (HMO), preferred provider organization (PPO), point of service (POS), and exclusive provider organization (EPO) benefit plans encompassing all or any class or classes of state employees. Health insurance coverage provided to state employees under this section shall, at a minimum, contain the same benefits as provided under Kentucky Kare Standard as of January 1, 1994. All state employees and other persons for whom the health care coverage is provided or made available shall annually be given an option to elect health care coverage through a self-funded plan offered by the state or, if a self-funded plan is not available, from a list of coverage options determined by the competitive bid process under the provisions of KRS 45A.080, 45A.085, and 45A.090 and made available during annual open enrollment. For calendar year 2001 only, an emergency shall exist when any county in which only one (1) health insurance company offers a single plan to state employees and, subsequent to the open enrollment period, the health insurance company fails to maintain at least sixty-five percent (65%) of its contracts within the geographic region with specialty physicians who were participating in the network at the time of open enrollment. The Finance and Administration Cabinet shall immediately notify the Governor, the Legislative Research Commission, and the secretary of the Personnel Cabinet and shall be authorized to immediately negotiate and contract with additional health insurance companies for additional plans to serve any county without meeting the requirements of the Model Procurement Code under KRS Chapter 45.

(b) The policy or policies shall be approved by the commissioner of insurance and may contain the provisions he approves, whether or not otherwise permitted by the insurance laws.

(c) Any carrier bidding to offer health care coverage to members of the state group shall agree to provide coverage to all members of the state group, including both active employees and retirees within the county or counties specified in its bid. Furthermore, any carrier bidding to offer health care coverage to members of the state group shall also agree to rate all such members of the state group as a single entity, except for those retirees whose former employers insure their active employees outside the state health insurance program.

(d) Any carrier bidding to offer health care coverage to any member of the state group shall agree to provide enrollment, claims, and utilization data to the Commonwealth in a format specified by the Personnel Cabinet with the understanding that the data shall be owned by the Commonwealth; to provide data in an electronic form and within a time frame specified by the Personnel Cabinet; and to be subject to penalties for noncompliance of data reporting requirements as specified by the Personnel Cabinet. The Personnel Cabinet shall take strict precautions to protect the confidentiality of each individual member; however, confidentiality assertions shall not relieve a carrier from the requirement of providing stipulated data to the Commonwealth.

(e) The Personnel Cabinet shall develop the necessary techniques and capabilities for timely analysis of data received from carriers and, to the extent possible, provide in the request-for-proposal specifics relating to data requirements, electronic reporting, and penalties for noncompliance. The Commonwealth shall own the enrollment, claims, and utilization data provided by each carrier and shall develop methods to protect the confidentiality of the individual. The Personnel Cabinet shall provide to the General Assembly in June of each year an analysis of enrollment, claims, utilization data of all carriers for the prior plan year ending December 31, and on the financial stability of the program. The report shall include, but not be limited to, loss ratios, methods of risk adjustment, measurements of carrier quality of service, prescription coverage and cost management, paid dependent coverage, and statutorially required mandates. If state self-insurance was available as a carrier option, the report also shall provide a detailed financial analysis of the self-insurance fund including, but not limited to, loss ratios, reserves, and reinsurance agreements.

(f) If any agency participating in the state employee health insurance program for its active members terminates participation in the state employee health insurance program for its active members and there is a state appropriation for the employer's contribution for active employees' health insurance coverage, neither the agency nor the employees shall receive the state-funded contribution after termination from the state employee health insurance program.

(g) Any funds in flexible spending accounts that remain after all reimbursements have been processed shall be transferred to the credit of the state health insurance plan's appropriation account.

(3) The secretary of the Finance and Administration Cabinet, upon the recommendation of the secretary of the Personnel Cabinet, may procure from one (1) or more dental insurance companies, one (1) or more nonprofit hospital, medical-surgical, dental, and health service corporations organized under Subtitle 32 of KRS Chapter 304, or one (1) or more prepaid dental plan organizations organized under Subtitle 43 of KRS Chapter 304, a policy or policies of group dental insurance or prepaid dental plan coverage encompassing all or any class or classes of state employees. All state employees for whom the dental insurance or prepaid dental plan coverage is provided shall annually be given an option to elect either standard dental insurance coverage or coverage by a prepaid dental plan. The policy or policies shall be approved by the commissioner of insurance and may contain the provisions he approves, whether or not otherwise permitted by the insurance laws. It is intended that either dental insurance or prepaid dental plan coverage may be made available for state employees, except that the procuring of each is permissive.

(4) The premiums may be paid by the policyholder:

(a) Wholly from funds contributed by the insured employee, by payroll deduction or otherwise;

(b) Wholly from funds contributed by any department, board, agency, or branch of state, municipal, urban-county, charter county, or county government; or

(c) Partly from each, except that any premium due for health care coverage or dental coverage, if any, in excess of the premium amount contributed by any department, board, agency, or branch of state, municipal, urban-county, charter county, or county government for any other health care coverage shall be paid by the employee.

(5) If an employee moves his place of residence or employment out of the service area of a managed health care plan or of a prepaid dental plan, under which he has elected coverage, into either the service area of another managed health care plan or prepaid dental plan or into an area of the state not within a managed health care plan service area or prepaid dental plan service area, the employee shall be given an option, at the time of the move or transfer, to change his or her coverage to another health care plan or dental plan.

(6) No payment of premium by any department, board, agency, or branch of state, municipal, urban-county, charter county, or county government shall constitute compensation to an insured employee for the purposes of any statute fixing or limiting the compensation of such an employee. Any premium or other expense incurred by any department, board, agency, or branch of state, municipal, urban-county, charter county, or county government shall be considered a proper cost of administration.

(7) The policy or policies may contain the provisions with respect to the class or classes of employees covered, amounts of insurance or coverage for designated classes or groups of employees, policy options, terms of eligibility, continuation of insurance or coverage after retirement, and other provisions the commissioner of insurance may approve.

(8) The policy or policies shall contain the provision that employees or retired employees shall be allowed to change health care plans during the reopening period without any limitation for pre-existing conditions if the employee has met the pre-existing condition limitation upon initial employment or reemployment with the group.

(9) The secretary of the Finance and Administration Cabinet is authorized to perform all acts necessary or advisable for the purpose of contracting for and maintaining health care coverage and dental coverage under the provisions of this section.

(10) Group rates under this section shall be made available to the disabled child of a state employee regardless of the child's age if the entire premium for the disabled child's coverage is paid by the state employee. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

(11) The health care contract or contracts for state employees shall be entered into for a period of not less than one (1) year.

(12) The secretary shall appoint twenty-eight (28) persons to an Advisory Committee of State Health Insurance Subscribers to advise the secretary or his designee regarding the state health insurance program for state employees. The secretary shall appoint, from a list of names submitted by appointing authorities, members representing school districts from each of the

seven (7) Supreme Court districts, members representing state government from each of the seven (7) Supreme Court districts, two (2) members representing retirees under age sixty-five (65), one (1) member representing local health departments, two (2) members representing the Kentucky Teachers' Retirement System, and three (3) members at large. The secretary shall also appoint two (2) members from a list of five (5) names submitted by the Kentucky Education Association, two (2) members from a list of five (5) names submitted by the largest state employee organization of nonschool state employees, and two (2) members from a list of names consisting of five (5) names submitted by each state employee organization that has two thousand (2,000) or more members on state payroll deduction. The advisory committee shall be appointed in January of each year and shall meet quarterly.

(13) Notwithstanding any other provision of law to the contrary, the policy or policies provided to state employees pursuant to this section shall not provide coverage for obtaining or performing an abortion, nor shall any state funds be used for the purpose of obtaining or performing an abortion on behalf of state employees or their dependents.

(14) Interruption of an established treatment regime with maintenance drugs shall be grounds for an insured to appeal a formulary change through the established appeal procedures approved by the Personnel Cabinet, if the physician supervising the treatment certifies that the change is not in the best interests of the patient.

(15) Any carrier bidding to offer health care coverage under this section shall be required to bid on geographic areas as designated by the Personnel Cabinet in which one million (1,000,000) persons or more reside.

To promote the effective oversight, study and monitoring of the charitable gaming industry in Kentucky, the commission shall have the authority to establish and implement pilot programs regarding the conduct of charitable gaming. However, at no time shall a charitable organization's total limitations under this subsection exceed twenty-five thousand dollars ($25,000).

(2) Any charitable organization exempt from the process of applying for a license under subsection (1) of this section, shall notify the ***commission***[~~department~~] in writing, on a simple form issued by the ***commission***[~~department~~], of its intent to engage in exempt charitable gaming and the address at which the gaming is to occur. The organization may request an appeal of this revocation pursuant to KRS 238.565. The retroactive charitable gaming license shall be issued in the same manner as regular charitable gaming licenses.

(6) If the ***commission***[~~department~~] determines that the applicant is not qualified it shall deny the license and take enforcement action, if appropriate.

(7) Once a retroactive or regular gaming license is issued to an organization, that organization shall not be eligible for exempt status in the future and shall maintain a charitable gaming license if it intends to continue charitable gaming activities, unless the charitable organization has not exceeded the exemption limitations of subsection (1) of this section for a period of ***four (4) consecutive calendar quarters***[~~two (2) years~~] prior to its exemption request.

(8) In order to qualify for licensure, a charitable organization shall:

If an applicant is covered under a group ruling, the three (3) year period shall commence from the date the organization possessing the group ruling first identifies the applicant as among the organizations covered under that ruling. The commission may require written confirmation of the group ruling coverage from the organization through which an applicant claims tax-exempt status.*** As used in this paragraph, "reasonable progress in accomplishing its charitable purposes" means the regular and uninterrupted conduct of activities within the Commonwealth or the expenditure of funds within the Commonwealth to accomplish relief of poverty, advancement of education, protection of health, relief from disease, relief from suffering or distress, protection of the environment, conservation of wildlife, advancement of civic, governmental, or municipal purposes, or advancement of those purposes delineated in KRS 238.505(3). However, a charitable organization that has established and maintained an office or place of business in the county for a period of at least one (1) year may hold a raffle drawing in a Kentucky county other than that in which the organization's office or place of business is located if the organization notifies the ***commission***[~~department~~] in writing of the organization's intent to change the drawing's location at least thirty (30) days before the drawing takes place. This written notification may be transmitted in any commercially reasonable means, authorized by the ***commission***[~~department~~], including facsimile and electronic mail. The notification shall set out the place and the county in which the drawing will take place. Approval by the ***commission***[~~department~~] shall be received prior to the conduct of the raffle drawing at the new location. Any charitable organization that was registered with the county clerk to conduct charitable gaming in a county on or before March 31, 1992, shall satisfy this requirement if it maintained a place of business or operation, other than for the conduct of charitable gaming, for one (1) year prior to application in a Kentucky county adjoining the county in which they were registered. Any licensed charitable organization that qualifies to conduct charitable gaming in an adjoining county under this paragraph, shall be permitted to conduct in its county of residence a charity fund raising event.

(j) A statement signed by the presiding or other responsible officer of the charitable organization attesting that the information submitted in the application is true and correct and that the organization agrees to comply with all applicable laws and administrative regulations regarding charitable gaming;

(k) An agreement that the charitable organization's records may be released by the federal Internal Revenue Service to the ***commission***[~~department~~];[~~ and~~]

For service by hand delivery, notification shall be deemed received upon acceptance of delivery or upon failure or refusal to accept delivery, and the person affecting service on behalf of the ***commission***[~~department~~] shall record the fact of the failure or refusal. For service by certified mail, the notification of administrative action shall be deemed received when the license holder accepts delivery or fails or refuses to accept delivery at the last known address. Failure by a licensed charitable organization to timely remit the fee required under this subsection upon notice of delinquency shall constitute grounds for disciplinary action in accordance with KRS 238.560.

(2) The charitable gaming regulatory account is hereby created as a revolving account within the agency revenue fund and under the control of the Public Protection and Regulation Cabinet. All revenues generated from the fee levied in subsection (1) of this section from license fees and from administrative fines imposed by the ***commission***~~[department]~~ shall be deposited in this account. Moneys in this account shall be expended by the ***commission***~~[department]~~ only in the administration and enforcement of provisions of this chapter. No later than July of each odd-numbered year, the ***commission***~~[department]~~ shall assess the amount of funds raised by all fees levied in this chapter and shall make recommendations to the Legislative Research Commission concerning legislative amendments to adjust fee rates as indicated by the assessment.

(3) If the provision of subsection (1) of this section that imposes a fee of four-tenths of one percent (0.4%) of all gross receipts derived from all charitable gaming conducted by licensed charitable organizations is declared unconstitutional in a final decision of the highest appellate court of the Commonwealth of Kentucky, for the privilege of conducting charitable gaming in the Commonwealth of Kentucky, there is hereby levied upon the use, sale, rental, lease, or distribution by sale or by gift of charitable gaming supplies and equipment a fee of ten percent (10%) of the value of all supplies and equipment used, sold, rented, leased, or otherwise distributed by a licensed distributor to any licensed charitable organization in the Commonwealth of Kentucky.

(a) Every distributor of charitable gaming supplies and equipment shall pay and report the fee levied pursuant to this subsection on or before the twentieth day of the calendar month next succeeding the month in which possession of the charitable gaming supplies and equipment is transferred from the distributor to the licensed charitable organization, in accordance with administrative regulations promulgated by the ***commission***~~[department]~~.

(b) The ***commission***~~[department]~~ may require a bond from distributors in accordance with the administrative regulations promulgated by the ***commission***~~[department]~~.

(4) If the alternative license fee schedule as provided in subsection (3) of this section is activated due to a final decision of the highest appellate court in the Commonwealth of Kentucky as provided in subsection (3) of this section, the distributor's license fee as provided in KRS 238.530(1) shall become inapplicable.

To promote the effective oversight, study and monitoring of the charitable gaming industry in Kentucky, the commission shall have the authority to establish and implement pilot programs regarding the conduct of charitable gaming. Failure to maintain adequate records required under this section, or falsifying records required under this section, may subject the license holder to disciplinary action pursuant to subsection (3) of Section 16 of this Act, including the levying of an administrative fine and denial, suspension or revocation of a license.

(e) Within four (4) years of the effective date of this Act, the commission shall require all licensed charitable organizations and organizations exempt from licensure to file required reports in computerized or electronic format. A copy of each signed lease agreement shall be filed with the ***commission***~~[department]~~. (3) The ***commission***~~[department]~~ may take appropriate administrative action against any person licensed under this chapter for any violation of the provisions of this chapter or administrative regulations promulgated thereunder. The ***commission***~~[department]~~ may deny a license, suspend or revoke a license, issue a cease and desist order, place a license holder on probation, issue a letter of reprimand, and levy a fine. An administrative fine shall not exceed one thousand dollars ($1,000) for each offense. The ***commission***~~[department]~~ may deny the issuance of a license or a license renewal if the applicant or licensee has failed to pay a fine levied by the ***commission***~~[department]~~.~~[The department shall by administrative regulation classify types of offenses and the recommended administrative action.]~~ The type of action to be taken shall be based on the history of previous violations and the nature, severity, and frequency of the offense. Administrative action authorized in this section shall be in addition to any criminal penalties provided in this chapter or under other provisions of law.

(4) The ***commission***~~[department]~~ may reinstate a license that has been revoked at any time after two (2) years from the date of revocation. A license may be reinstated only upon a finding that the violations for which the license was revoked have been corrected***, or upon a finding that the license holder has established an organizational structure, internal controls, checks and balances, and regularity of procedures sufficient to demonstrate its ability and willingness to operate in conformity with the requirements of this chapter***.

(5) All departments, divisions, boards, agencies, officers, and institutions of the Commonwealth of Kentucky and all subdivisions thereof, in particular local law enforcement entities, shall cooperate with the ***commission***~~[department]~~ in carrying out its enforcement responsibilities.

(6) The ***commission***[~~department~~] shall report any activity or action which would constitute a criminal offense to the appropriate authorities in the county where the activity or action occurred and to the Attorney General.

Section 17. KRS 238.565 is amended to read as follows:

(1) A license holder may appeal any administrative action taken under KRS 238.560. A license holder shall be notified in writing of any action to be taken against him. The notification may be delivered in person or mailed by certified mail, return receipt requested, to the last known address of the license holder. Service of notification of administrative action, whether by hand delivery or by certified mail, shall be deemed complete if the license holder fails or refuses to accept delivery. For service by hand delivery, notification shall be deemed received upon acceptance of delivery or upon failure or refusal to accept delivery, and the person affecting service on behalf of the ***commission***[~~department~~] shall record the fact of the failure or refusal. For service by certified mail, the notification of administrative action shall be deemed received when the license holder accepts delivery or fails or refuses to accept delivery at the last known address. The notification shall specify the charges against the license holder, specify the proposed administrative sanction, and advise him of his right to appeal the decision within ten (10) days of the date of receipt of the notification. ***If the license holder against whom administrative action is proposed does not request an appeal of the action, the commission shall enter a final order imposing the administrative action.***

(2) Upon receipt of an appeal ***initiated pursuant to this section***, the ***commission***[~~department~~] shall schedule the matter for an administrative hearing that shall be conducted in accordance with KRS Chapter 13B.

(3) Any provisions of KRS Chapter 13B notwithstanding, within twenty (20) days after the conclusion of a hearing, the hearing officer shall prepare and present to the ***commission***[~~commissioner~~] a recommended order based on findings of fact and conclusions of law. ***Parties to the administrative action must file exceptions to the hearing officer's recommendations in order to preserve for review any perceived error in the hearing officer's findings, conclusions and recommended order, and any exceptions shall be filed with the executive director within the time limit set forth in KRS 13B.110(4).*** Within ***forty-five (45)***[~~thirty (30)~~] days of receipt of the recommended order, the ***commission***[~~commissioner~~] shall affirm, reject, or modify, in whole or in part, the recommended order and shall issue a final order. ***For purposes of rendering final orders pursuant to this section, the chairman of the board of commissioners shall appoint a three (3) member panel of commissioners to review a hearing officer's findings, conclusions, recommended order and any exceptions, and issue a final order thereon. Decisions to affirm, reject or modify the recommended order shall be rendered upon majority vote of the reviewing panel. The panel's decision shall be the commission's final order, and the final order shall be issued by the executive director. Review of a hearing officer's findings, conclusions and recommended order shall be limited solely to consideration of the record established at the administrative hearing.*** The final order shall be the final administrative action on the matter and a copy of the final order shall be mailed to the license holder, by certified mail, return receipt requested.

(4) Any administrative action taken under this section shall, upon appeal, be stayed until a final order is issued, with the exception of ***revocations initiated pursuant to subsection (5) of Section 10 of this Act and*** a summary suspension. The ***commission***[~~department~~] may issue an emergency order pursuant to KRS 13B.125 to summarily suspend a license upon finding that continued operation of the license holder pending a hearing would constitute a threat to the public health, safety, or welfare.

(5) A final order of the ***commission issued in an administrative action commenced pursuant to this section***[~~commissioner~~] may be appealed to Franklin Circuit Court in accordance with KRS Chapter 13B.[~~ If the license holder against whom administrative action is proposed does not request an appeal of the action, the department shall enter a final order imposing the proposed administrative action.~~]

Each licensed charitable organization shall remit to the ***commission***[~~department~~] all moneys due on a quarterly basis. Failure by a licensed charitable organization to timely remit the fee required under this subsection upon notice of delinquency shall constitute grounds for disciplinary action in accordance with KRS 238.560.

(2) The charitable gaming regulatory account is hereby created as a revolving account within the agency revenue fund and under the control of the Public Protection and Regulation Cabinet. All revenues generated from the fee levied in subsection (1) of this section from license fees and from administrative fines imposed by the ***commission***[~~department~~] shall be deposited in this account. Moneys in this account shall be expended by the ***commission***[~~department~~] only in the administration and enforcement of provisions of this chapter. No later than July of each odd-numbered year, the ***commission***[~~department~~] shall assess the amount of funds raised by all fees levied in this chapter and shall make recommendations to the Legislative Research Commission concerning legislative amendments to adjust fee rates as indicated by the assessment.

(3) If the provision of subsection (1) of this section that imposes a fee of four-tenths of one percent (0.4%) of all gross receipts derived from all charitable gaming conducted by licensed charitable organizations is declared unconstitutional in a final decision of the highest appellate court of the Commonwealth of Kentucky, for the privilege of conducting charitable gaming in the Commonwealth of Kentucky, there is hereby levied upon the use, sale, rental, lease, or distribution by sale

or by gift of charitable gaming supplies and equipment a fee of ten percent (10%) of the value of all supplies and equipment used, sold, rented, leased, or otherwise distributed by a licensed distributor to any licensed charitable organization in the Commonwealth of Kentucky.

(a) Every distributor of charitable gaming supplies and equipment shall pay and report the fee levied pursuant to this subsection on or before the twentieth day of the calendar month next succeeding the month in which possession of the charitable gaming supplies and equipment is transferred from the distributor to the licensed charitable organization, in accordance with administrative regulations promulgated by the ***commission***[~~department~~].

(b) The ***commission***[~~department~~] may require a bond from distributors in accordance with the administrative regulations promulgated by the ***commission***[~~department~~].

(4) If the alternative license fee schedule as provided in subsection (3) of this section is activated due to a final decision of the highest appellate court in the Commonwealth of Kentucky as provided in subsection (3) of this section, the distributor's license fee as provided in KRS 238.530(1) shall become inapplicable.

HB 804, AN ACT relating to charitable gaming.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 238.535 is amended to read as follows:

(1) Any charitable organization conducting charitable gaming in the Commonwealth of Kentucky shall be licensed by the department. A charitable organization qualifying under subsection (8) of this section but not exceeding the limitations provided in this subsection shall be exempt from the licensure requirements when conducting the following charitable gaming activities:

(a) Bingo in which the gross receipts do not exceed a total of twenty-five thousand dollars ($25,000) per year;

(b) A raffle or raffles for which the gross receipts do not exceed twenty-five thousand dollars ($25,000) per year; and

(c) A charity fundraising event or events that do not involve special limited charitable games and the gross gaming receipts for which do not exceed twenty-five thousand dollars ($25,000) per year.

However, at no time shall a charitable organization's total limitations under this subsection exceed twenty-five thousand dollars ($25,000).

(2) Any charitable organization exempt from the process of applying for a license under subsection (1) of this section, shall notify the department in writing, on a simple form issued by the department, of its intent to engage in exempt charitable gaming and the address at which the gaming is to occur. Any charitable organization exempt from the process of applying for a license under subsection (1) of this section, shall comply with all other provisions of this chapter relating to the conduct of charitable gaming, except:

(a) Payment of the fee imposed under the provisions of KRS 238.570; and

(b) The quarterly reporting requirements imposed under the provisions of KRS 238.550(5), unless the exempt charitable organization obtains a retroactive license pursuant to subsection (5) of this section.

Before the last day of each year, a charitable organization exempt from licensure under the provisions of subsection (1) of this section shall file with the department a financial report detailing the type of gaming activity in which it engaged during that year, the total gross receipts derived from gaming, the amount of charitable gaming expenses paid, the amount of net receipts derived, and the disposition of those net receipts. This report shall be filed on a form issued by the department. Upon receipt of the yearly financial report, the department shall notify the charitable organization submitting it that its exemption is renewed for the next year. If the department determines that information appearing on the financial report renders the charitable organization ineligible to possess an exemption, the department shall revoke the exemption. The organization may request an appeal of this revocation pursuant to KRS 238.565. If an exemption is revoked because an organization has exceeded the limit imposed in subsection (1) of this section, the organization shall apply for a retroactive license in accordance with subsection (3) of this section.

(3) If an organization exceeds the limit imposed by any subsection of this section it shall:

(a) Report the amount to the department; and

(b) Apply for a retroactive charitable gaming license.

(4) Upon receipt of a report and application for a retroactive charitable gaming license, the department shall investigate to determine if the organization is otherwise qualified to hold the license.

(5) If the department determines that the applicant is qualified, it shall issue a charitable gaming license retroactive to the date on which the exemption limit was exceeded. The retroactive charitable gaming license shall be issued in the same manner as regular charitable gaming licenses.

(6) If the department determines that the applicant is not qualified it shall deny the license and take enforcement action, if appropriate.

(7) Once a retroactive or regular gaming license is issued to an organization, that organization shall not be eligible for exempt status in the future and shall maintain a charitable gaming license if it intends to continue charitable gaming activities, unless the charitable organization has not exceeded the exemption limitations of subsection (1) of this section for a period of two (2) years prior to its exemption request.

(8) In order to qualify for licensure, a charitable organization shall:

(a) 1. Possess a tax exempt status under 26 U.S.C. secs. 501(c)(3), 501(c)(4), 501(c)(8), 501(c)(10), or 501(c)(19), or be covered under a group ruling issued by the Internal Revenue Service under authority of those sections; or

2. Be organized within the Commonwealth of Kentucky as a common school as defined in KRS 158.030, as an institution of higher education as defined in KRS 164A.305, or as a state college or university as provided for in KRS 164.290;

(b) Have been established ***by virtue of having an office physically located in the Commonwealth of Kentucky*** and continuously operating within the Commonwealth of Kentucky for charitable purposes, other than the conduct of charitable gaming, for a period of three (3) years prior to application for licensure***. However, a nationally recognized charitable organization with a chapter physically located outside the Commonwealth of Kentucky that can document that it has been providing charitable services to residents of the Commonwealth of Kentucky, other than the conduct of charitable gaming, for a period of three (3) years prior to application for licensure shall be deemed to have met the requirements of this paragraph***;

(c) Have been actively engaged in charitable activities during the three (3) years immediately prior to application for licensure and be able to demonstrate, to the satisfaction of the department, reasonable progress in accomplishing its charitable purposes during this period. As used in this paragraph, "reasonable progress in accomplishing its charitable purposes" means the regular and uninterrupted conduct of activities within the Commonwealth or the expenditure of funds within the Commonwealth to accomplish relief of poverty, advancement of education, protection of health, relief from disease, relief from suffering or distress, protection of the environment, conservation of wildlife, advancement of civic, governmental, or municipal purposes, or advancement of those purposes delineated in KRS 238.505(3). In order to demonstrate reasonable progress in accomplishing its charitable purposes when applying to renew an existing license, a licensed charitable organization shall additionally provide to the department a detailed accounting regarding its expenditure of charitable gaming net receipts for the purposes described in this paragraph; and

(d) Have maintained an office or place of business, other than for the conduct of charitable gaming, for one (1) year in the county in which charitable gaming is to be conducted. The office or place of business shall be a separate and distinct address and location from that of any other licensee of the department; except that up to three (3) licensed charitable organizations may have the same address if they legitimately share office space. For the conduct of a raffle, the county in which charitable gaming is to be conducted shall be the county in which the raffle drawing is to be conducted. However, a charitable organization that has established and maintained an office or place of business in the county for a period of at least one (1) year may hold a raffle drawing in a Kentucky county other than that in which the organization's office or place of business is located if the organization notifies the department in writing of the organization's intent to change the drawing's location at least thirty (30) days before the drawing takes place. This written notification may be transmitted in any commercially reasonable means, authorized by the department, including facsimile and electronic mail. The notification shall set out the place and the county in which the drawing will take place. Approval by the department shall be received prior to the conduct of the raffle drawing at the new location. Any charitable organization that was registered with the county clerk to conduct charitable gaming in a county on or before March 31, 1992, shall satisfy this requirement if it maintained a place of business or operation, other than for the conduct of charitable gaming, for one (1) year prior to application in a Kentucky county adjoining the county in which they were registered. Any licensed charitable organization that qualifies to conduct charitable gaming in an adjoining county under this paragraph, shall be permitted to conduct in its county of residence a charity fund raising event.

(9) In applying for a license, the information to be submitted shall include, but not be limited to, the following:

(a) The name and address of the charitable organization;

(b) The date of the charitable organization's establishment in the Commonwealth of Kentucky and the date of establishment in the county in which charitable gaming is to be conducted;

(c) A statement of the charitable purpose or purposes for which the organization was organized. If the charitable organization is incorporated, a copy of the articles of incorporation shall satisfy this requirement;

(d) A statement explaining the organizational structure and management of the organization. For incorporated entities, a copy of the organizations bylaws shall satisfy this requirement;

(e) A detailed accounting of the charitable activities in which the charitable organization has been engaged for the three (3) years preceding application for licensure;

(f) The names, addresses, dates of birth, and Social Security numbers of all officers of the organization;

(g) The names, addresses, dates of birth, and Social Security numbers of all employees and members of the charitable organization who will be involved in the management and supervision of charitable gaming. No fewer than two (2) employees or members of the charitable organization who are involved in the management and supervision of charitable gaming, along with the chief executive officer or the director of the applicant organization, shall be designated as chairpersons;

(h) The address of the location at which charitable gaming will be conducted and the name and address of the owner of the property, if it is owned by a person other than the charitable organization;

(i) A copy of the letter or other legal document issued by the Internal Revenue Service to grant tax-exempt status;

(j) A statement signed by the presiding or other responsible officer of the charitable organization attesting that the information submitted in the application is true and correct and that the organization agrees to comply with all applicable laws and administrative regulations regarding charitable gaming;

(k) An agreement that the charitable organization's records may be released by the federal Internal Revenue Service to the department; and

(l) Any other information the department deems appropriate.

(10) An organization or a group of individuals that does not meet the licensing requirements of subsection (8) of this section may hold a raffle if the gross receipts do not exceed one hundred fifty dollars ($150) and all proceeds from the raffle are distributed to a charitable organization. The organization or group of individuals may hold up to three (3) raffles each year, and shall be exempt from complying with the notification, application, and reporting requirements of subsections (2) and (9) of this section.

(11) The department may issue a license for a specified period of time, based on the type of charitable gaming involved and the desired duration of the activity.

(12) The department shall charge a fee for each license issued and renewed, not to exceed three hundred dollars ($300). Specific fees to be charged shall be prescribed in a graduated scale promulgated by administrative regulations and based on type of license, type of charitable gaming, actual or projected gross receipts, or other applicable factors, or combination of factors.

(13) (a) A licensed charitable organization may place its charitable gaming license in escrow if:

1. The licensee notifies the department in writing that it desires to place its license in escrow; and

2. The license is in good standing and the department has not initiated disciplinary action against the licensee.

(b) During the escrow period, the licensee shall not engage in charitable gaming, and the escrow period shall not be included in calculating the licensee's retention rate under KRS 238.536.

(c) A charitable organization may apply for reinstatement of its active license and the license shall be reinstated provided:

1. The charitable organization continues to qualify for licensure;
2. The charitable organization has not engaged in charitable gaming during the escrow period; and
3. The charitable organization pays a reinstatement fee established by the department.

(c) The ignition interlock device shall be installed on the motor vehicle or motorcycle for a period of time not less than the period of revocation required for the person under subsection (2)(b) or (c) of this section.

(5) Upon a finding of a violation of any of the conditions specified in subsection (4) of this section or of the order permitting the installation of an ignition interlock device in lieu of the remaining period of revocation that is issued pursuant thereto, the court shall dissolve such an order and the person shall receive no credit toward the remaining period of revocation required under subsection (2)(b) or (c) of this section.

Section 4. KRS 189A.200 is amended to read as follows:

(a) Has refused to take an alcohol concentration or substance test as reflected on the uniform citation form;

(b) Has been convicted of one (1) or more prior offenses as described in KRS 189A.010(5)(e) or has had his operator's license revoked or suspended on one (1) or more occasions for refusing to take an alcohol concentration or substance test, in the five (5) year period immediately preceding his arrest; or

(c) Was involved in an accident that resulted in death or serious physical injury as defined in KRS 500.080 to a person other than the defendant.

(2) Persons whose licenses have been suspended pursuant to this section may file a motion for judicial review of the suspension, and the court shall conduct the review in accordance with this chapter within thirty (30) days after the filing of the motion. The court shall, at the time of the suspension, advise the defendant of his rights to the review.

(3) When the court orders the suspension of a license pursuant to this section, the defendant shall immediately surrender the license to the Circuit Court clerk, and the court shall retain the defendant in court or remand him into the custody of the sheriff until the license is produced and surrendered. If the defendant has lost his operator's license, other than due to a previous suspension or revocation, which is still in effect, the sheriff shall take him to the office of the circuit clerk so that a new license can be issued. If the license is currently under suspension or revocation, the provisions of this subsection shall not apply.

(4) The Circuit Court Clerk shall forthwith transmit to the Transportation Cabinet any license surrendered to him pursuant to this section.

(5) Licenses suspended under this section shall remain suspended until a judgment of conviction or acquittal is entered in the case or until the court enters an order terminating the suspension, but in no event for a period longer than the maximum license suspension period applicable to the person under KRS 189A.070 and 189A.107.

(6) Any person whose operator's license has been suspended pursuant to this section shall be given credit for all pretrial suspension time against the period of revocation imposed. (7) A person who is ordered under this section to have an ignition interlock device installed as provided for in subsection (2) of Section 5 of this Act shall have the same respective rights provided under this section, KRS 189A.220, 189A.240, and 189A.250 as are provided to a person whose license has been suspended pursuant to this section and who is entitled to those rights.

Section 5. KRS 189A.340 is amended to read as follows:

(1)~~[For the purposes of this section and KRS 189A.345 and 189A.410, "ignition interlock device" means a device that connects a motor vehicle ignition system or motorcycle ignition system to a breath alcohol analyzer and prevents a motor vehicle ignition or motorcycle ignition from starting if a driver's breath alcohol concentration, as defined in KRS 189A.005, exceeds 0.02, as measured by the device.~~

~~(2)]~~ In lieu of ordering license plate impoundment under KRS 189A.085 of a person convicted of a second or subsequent violation of KRS 189A.010, the court may order installation of an ignition interlock device as provided in this section as follows:

(a) Except as provided in paragraph (d) of this subsection, at the time that the court revokes a person's license under any provision of KRS 189A.070 other than KRS 189A.070(1)(a), the court shall also order that, at the conclusion of the license revocation, the person shall be prohibited from operating any motor vehicle or motorcycle without a functioning ignition interlock device.

(b) 1. The first time in a five (5) year period that a person is penalized under this section, a functioning ignition interlock device shall be installed for a period of six (6) months.

2. The second time in a five (5) year period that a person is penalized under this section, a functioning ignition interlock device shall be installed for a period of twelve (12) months.

3. The third or subsequent time in a five (5) year period that a person is penalized under this section, a functioning ignition interlock device shall be installed for a period of thirty (30) months.

4. The person whose license has been suspended for a second or subsequent violation of KRS 189A.010 shall not be able to apply to the court for permission to install an ignition interlock device until the person has completed one (1) year of license suspension without any subsequent conviction for a violation of KRS 189A.010 or 189A.090. If the court grants permission to install an ignition interlock device, an ignition interlock device shall be installed on all vehicles owned or leased by the person whose license has been suspended.

(c) In determining the five (5) year period under paragraph (b) of this subsection, the period shall be measured from the dates on which the offenses occurred for which the judgments of conviction were entered, resulting in the license revocations described in KRS 189A.070.

(d) If the court finds that a person is required to operate a motor vehicle or motorcycle in the course and scope of the person's employment and the motor vehicle or motorcycle is owned by the employer, then the court shall order that the person may operate that motor vehicle or motorcycle during regular working hours for the purposes of his or her employment without installation of a functioning ignition interlock device on that motor vehicle or motorcycle if the employer has been notified of the prohibition established under paragraphs (a), (b), and (c) of this subsection.

(2)[~~(3)~~] Upon ordering the installation of a functioning ignition interlock device, the court, without a waiver or a stay of the following procedure, shall:

(a) Transmit its order and other appropriate information to the Transportation Cabinet;

(b) Direct that the Transportation Cabinet records reflect:

1. That the person shall not operate a motor vehicle or motorcycle without a functioning ignition interlock device, except as provided in paragraph (d) of subsection *(1)*[~~(2)~~] of this section; and

2. Whether the court has expressly permitted the person to operate a motor vehicle or motorcycle without a functioning ignition interlock device, as provided in paragraph (d) of subsection *(1)*[~~(2)~~] of this section;

(c) Direct the Transportation Cabinet to attach or imprint a notation on the driver's license of any person restricted under this section stating that the person shall operate only a motor vehicle or motorcycle equipped with a functioning ignition interlock device. However, if the exception provided for in paragraph (d) of subsection *(1)*[~~(2)~~] of this section applies, the notation shall indicate the exception;

(d) Require proof of the installation of the functioning ignition interlock device and periodic reporting by the person for the verification of the proper functioning of the device;

(e) Require the person to have the device serviced and monitored at least every ***thirty (30)***[~~ninety (90)~~] days for proper functioning by an entity approved by the Transportation Cabinet; and

(f) Require the person to pay the reasonable cost of leasing or buying, installing, servicing, and monitoring the device. The court may establish a payment schedule for the person to follow in paying the cost.

(3)[~~(4)~~] The Transportation Cabinet shall:

(a) Certify ignition interlock devices for use in this Commonwealth;

(b) Approve ignition interlock device installers who install functioning ignition interlock devices under the requirements of this section;

(c) Approve servicing and monitoring entities identified in paragraph (e) of subsection *(2)*[~~(3)~~] of this section ***and require those entities to report on driving activity within seven (7) days of servicing and monitoring each ignition interlock device to the respective court, prosecuting attorney, and defendant***;

(d) Publish and periodically update on the Transportation Cabinet web site a list of the certified ignition interlock devices, the approved ignition interlock installers, and the approved servicing and monitoring entities;

(e) Attend court-ordered counseling or other programs.

(3) In addition to the period of license revocation set forth in subsection (1) ***or (7)*** of this section, no person shall be eligible for reinstatement of his privilege to operate a motor vehicle until he has completed the alcohol or substance abuse education or treatment program ordered pursuant to KRS 189A.040.

(4) After one (1) year of the period of revocation provided for in subsection (2)(b) or (c) of this section has elapsed, a person whose license has been revoked pursuant to either of those subsections may move the court to have an ignition interlock device installed for the remaining portion of the period of revocation. The court may, upon a written finding in the record for good cause shown, order an ignition interlock device installed if the following conditions are satisfied:

(1)[~~For the purposes of this section and KRS 189A.345 and 189A.410, "ignition interlock device" means a device that connects a motor vehicle ignition system or motorcycle ignition system to a breath alcohol analyzer and prevents a motor vehicle ignition or motorcycle ignition from starting if a driver's breath alcohol concentration, as defined in KRS 189A.005, exceeds 0.02, as measured by the device.~~

~~(2)~~] In lieu of ordering license plate impoundment under KRS 189A.085 of a person convicted of a second or subsequent violation of KRS 189A.010, the court may order installation of an ignition interlock device as provided in this section as follows:

(a) Except as provided in paragraph (d) of this subsection, at the time that the court revokes a person's license under any provision of KRS 189A.070 other than KRS 189A.070(1)(a), the court shall also order that, at the conclusion of the license revocation, the person shall be prohibited from operating any motor vehicle or motorcycle without a functioning ignition interlock device.

If the court grants permission to install an ignition interlock device, an ignition interlock device shall be installed on all vehicles owned or leased by the person whose license has been suspended.

(c) In determining the five (5) year period under paragraph (b) of this subsection, the period shall be measured from the dates on which the offenses occurred for which the judgments of conviction were entered, resulting in the license revocations described in KRS 189A.070.

(d) If the court finds that a person is required to operate a motor vehicle or motorcycle in the course and scope of the person's employment and the motor vehicle or motorcycle is owned by the employer, then the court shall order that the person may operate that motor vehicle or motorcycle during regular working hours for the purposes of his or her employment without installation of a functioning ignition interlock device on that motor vehicle or motorcycle if the employer has been notified of the prohibition established under paragraphs (a), (b), and (c) of this subsection.

(2)[~~(3)~~] Upon ordering the installation of a functioning ignition interlock device, the court, without a waiver or a stay of the following procedure, shall:

(a) Transmit its order and other appropriate information to the Transportation Cabinet;

(b) Direct that the Transportation Cabinet records reflect:

1. That the person shall not operate a motor vehicle or motorcycle without a functioning ignition interlock device, except as provided in paragraph (d) of subsection *(1)*[~~(2)~~] of this section; and

(d) Require proof of the installation of the functioning ignition interlock device and periodic reporting by the person for the verification of the proper functioning of the device;

(e) Require the person to have the device serviced and monitored at least every ***thirty (30)***[~~ninety (90)~~] days for proper functioning by an entity approved by the Transportation Cabinet; and

(f) Require the person to pay the reasonable cost of leasing or buying, installing, servicing, and monitoring the device. The court may establish a payment schedule for the person to follow in paying the cost.

(3)[~~(4)~~] The Transportation Cabinet shall:

(a) Certify ignition interlock devices for use in this Commonwealth;

(b) Approve ignition interlock device installers who install functioning ignition interlock devices under the requirements of this section;

(c) Approve servicing and monitoring entities identified in paragraph (e) of subsection *(2)*[~~(3)~~] of this section ***and require those entities to report on driving activity within seven (7) days of servicing and monitoring each ignition interlock device to the respective court, prosecuting attorney, and defendant***;

(d) Publish and periodically update on the Transportation Cabinet web site a list of the certified ignition interlock devices, the approved ignition interlock installers, and the approved servicing and monitoring entities;

(2) (a) No person shall start a motor vehicle or motorcycle equipped with an ignition interlock device for the purpose of

providing an operable motor vehicle or motorcycle to a person subject to the prohibition established in ***subsection (1) of Section 4 of this Act***[~~KRS 189A.340(2)~~] or under KRS 189A.440(2)(b).

notarized.

(2) When a coroner certifies the cause of death on a death certificate the coroner shall cause the death certificate to be notarized.

(3) If no autopsy is performed on the deceased, the cause of death and other information on a notarized death certificate shall be recognized for all legal purposes as prima facie evidence of the facts contained therein.

(5) A notarized death certificate shall be recognized as the legal evidence of death, cause of death, and other information contained therein from the time it is notarized, unless it is later amended as provided by law.

(6) The coroner or physician signing the notarized death certificate shall provide the notarized death certificate to the funeral director for the purpose of authorizing disposal of the body in a manner consistent with law and for filing with the registrar of vital statistics.

(7) The coroner or physician shall also provide an additional copy of the notarized death certificate to the funeral director to provide to the legal representative or family of the deceased.

Section 2. KRS 72.465 is amended to read as follows:

In all other instances, the coroner shall sign the ***notarized*** death certificate in coroner's cases.

(2) In the event an autopsy is performed under the provisions of KRS 72.410 to 72.470 subsequent to the time that a ***notarized*** death certificate has been filed with the Cabinet for Health Services, Office of Vital Statistics, the coroner shall notify the Office of Vital Statistics of any change that may be necessary in the original certificate.

(9) "***Notarized***~~[Provisional]~~ death certificate" means ***a notarized***~~[an interim]~~ certificate identifying the deceased and authorizing a funeral director, or person acting as such, to take custody of the body and, except for cremation, to make final disposition;

Section 4. KRS 213.076 is amended to read as follows:

(1) A ***notarized*** certificate of death[~~ or a provisional certificate of death~~] for each death which occurs in the Commonwealth shall be filed with the cabinet or as otherwise directed by the state registrar prior to final disposition, and it shall be registered if it has been completed and filed in accordance with this section. The funeral director, or person acting as such, who first takes custody of a dead body shall be responsible for filing the ***notarized*** certificate of death. The funeral director, or person acting as such shall obtain the required personal and statistical particulars from the person best qualified to supply them over the signature and address of the informant. The funeral director, or person acting as such, shall within five (5) days of the death, present the certificate to the attending physician, if any, or to the health officer or coroner as directed by the state registrar, for the medical certificate of the cause of death and other particulars necessary to complete the record as required by this chapter.

(a) It shall be unlawful for an institution to release a dead human body until the funeral director, or person acting as such, has completed and filed with the local registrar or person in charge of the institution, a ***notarized***[~~provisional~~] certificate of death. If death occurs outside an institution, the ***notarized***[~~provisional~~] certificate shall be filed with the local registrar by the funeral director, or person acting as such, prior to final disposition of the dead body. A copy of the ***notarized***[~~provisional~~] certificate of death signed by the person with whom it was filed, shall constitute authority for the possession, transportation, and, except for cremation, final disposition of the body.

(b) All persons having in their possession a completed ***notarized***[~~provisional~~] certificate of death shall file the certificate at not more than weekly intervals with the local registrar.

(c) If the place of death is unknown but the dead body is found in the Commonwealth, the ***notarized*** certificate of death shall be completed and filed in accordance with this section. The place where the body is found shall be shown as the place of death. If the date of death is unknown, it shall be determined by approximation subject to amendment upon completion of any postmortem examination required to be performed.

(d) If death occurs in a moving conveyance in the United States and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, and the place where it is first removed shall be considered the place of death. If a death occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, but the ***notarized*** certificate shall show the actual place of death insofar as can be determined.

(2) If any ***notarized*** certificate of death is incomplete or unsatisfactory, the state registrar shall call attention to the defects in the certificate and require the person responsible for the entry to complete or correct it. The state registrar may also require additional information about the circumstances and medical conditions surrounding a death in order to properly code and classify the underlying cause.

(3) The medical certification shall be completed, signed, ***notarized,*** and returned to the funeral director within five (5) working days after presentation to the physician, dentist, or chiropractor in charge of the patient's care for the illness or condition which resulted in death, except when inquiry is required by KRS 72.400 to 72.475. In such cases, the coroner shall complete***,***[~~ and~~] sign***, and cause the notarization of*** the certificate within five (5) days after receiving results of the inquiry as required by KRS 72.400 to 72.475. In the absence of the physician, dentist, or chiropractor, or with such person's approval, the ***notarized*** certificate may be completed and signed by his associate physician, dentist, or chiropractor, or the chief medical officer of the institution in which death occurred, or the physician who performed an autopsy upon the decedent, or a physician employed by the local health department, if the individual has access to the medical history of the case and death is due to natural causes.

(4) If death occurs more than thirty-six (36) hours after the decedent was last treated or attended by a physician, dentist, or chiropractor, the case shall be referred to the coroner for investigation to determine and certify the cause of death. In the event that a coroner is not available to sign the certificate and there is no duly appointed deputy, the county judge/executive shall appoint a competent person to investigate the death and certify to its cause.

(5) The physician, dentist, chiropractor, or coroner who certifies to the cause of death shall return the ***notarized*** certificate to the funeral director, or person acting as such, who, in turn, shall file the certificate directly with the Office of Vital Statistics. Any certified copies of the record requested at the time of filing shall be issued in not more than two (2) working days.

(6) The Office of Vital Statistics shall provide self-addressed, color-coded envelopes for the funeral homes in the Commonwealth of Kentucky.

(7) Three (3) free verification-of-death statements shall be provided to the funeral director by the Office of Vital Statistics for every death in the Commonwealth of Kentucky.

(8) The body of any person whose death occurs in Kentucky shall not be interred, deposited in a vault or tomb, cremated or otherwise disposed of, or removed from or into any registration district, until a ***notarized***~~[provisional]~~ certificate of death has been filed with the local registrar of the registration district in which the death occurs. If the death occurred from a disease declared by the Cabinet for Health Services to be infectious, contagious, or communicable and dangerous to the public health, no permit for the removal or other disposition of the body shall be granted by the registrar except under conditions prescribed by the Cabinet for Health Services and the local health department. The Cabinet for Health Services shall identify by regulation those communicable diseases which require blood and body fluid precautions. If a person who has been diagnosed as being infected with a communicable disease for which blood and body fluid precautions are required, dies within a health facility as defined in KRS 216B.015, the facility shall notify any embalmer or funeral director to whom the body will be transported of the need for such precautions. The notice shall be provided by including the statement "Blood and Body Fluid Precautions" on the provisional report-of-death form as prescribed by the Cabinet for Health Services. Lack of this notice shall not relieve any embalmer or funeral director from taking universal blood and body fluid precautions as are recommended by the United States Department of Health and Human Services, Centers for Disease Control for Morticians' Services. No embalmer or funeral director shall charge more for embalming the remains of a person with a communicable disease which requires blood and body fluid precautions than the price for embalming services listed on the price list funeral providers are required to maintain and provide to consumers pursuant to 16 C.F.R. Sec. 453.2 (1988).

(9) A burial-transit permit for the final disposition issued under the law of another state which accompanies a dead body or fetus brought into the Commonwealth shall be the authority for final disposition of the body or fetus in the Commonwealth and may be accepted in lieu of a ***notarized*** certificate of death. There shall be noted on the face of the record made for return to the local registrar that the body was shipped to Kentucky for interment and the actual place of death.

(10) Nothing in this section shall be construed to delay, beyond a reasonable time, the interment or other disposition of a body unless the services of the coroner or the health officer are required or the Department for Public Health deems it necessary for the protection of the public health. If compliance with this section would result in unreasonable delay in the disposition of the body the funeral director, or person acting as such, shall file with the local registrar or deputy registrar prior to interment a ***notarized***~~[provisional]~~ certificate of death which shall contain the name, date, and place of death of the deceased, the name of the medical certifier, and an agreement to furnish within ten (10) days a complete and satisfactory ***notarized*** certificate of death.

(11) No sexton or other person in charge of any place in which interment or other disposition of dead bodies is made shall inter or allow interment or other disposition of a dead body or fetus unless it is accompanied by a copy of the ***notarized***~~[provisional]~~ certificate of death. The sexton, or if there is no sexton, the funeral director, or person acting as such, shall enter on the ***notarized***~~[provisional]~~ certificate over his signature, the date, place, and manner of final disposition and file the ***notarized*** certificate within five (5) days with the local registrar.

(12) Authorization for disinterment, transportation, and reinterment or other disposition shall be required prior to disinterment of any human remains. The authorization shall be issued by the state registrar upon proper application. The provisions of this subsection shall apply to all manners of disposition except cremation and without regard for the time and place of death. The provisions of KRS 381.765 shall not apply to remains removed for scientific study and the advancement of knowledge.

(13) After a ***notarized*** death certificate has been on file for five (5) years, it may not be changed in any manner except upon order of a court. Prior to that time, requests for corrections, amendments, or additions shall be accompanied by prima facie evidence which supports the requested change.

Section 5. KRS 213.091 is amended to read as follows:

(1) If a death occurring in the Commonwealth has not been registered within one (1) year from the date of death, a ***notarized*** certificate of death may be filed in accordance with regulation of the cabinet pursuant to KRS Chapter 13A. The ***notarized*** certificate shall be registered subject to the evidentiary requirements the cabinet shall by regulation prescribe to substantiate the alleged facts of death.

(2) Any ***notarized*** certificate of death registered one (1) year or more after the date of death shall be marked "delayed" and shall show on the face of the certificate the date of the delayed registration.

Section 6. KRS 213.146 is amended to read as follows:

(1) Every person in charge of an institution shall keep a record of personal data concerning each person admitted or confined

to the institution. This record shall include the information required for certificates of birth and death and the reports of fetal death and induced termination of pregnancy required by this chapter. The record shall be made at the time of admission from information provided by the person being admitted or confined but, if it cannot be so obtained, the information shall be obtained from relatives or other persons acquainted with the facts. The name and address of the person providing the information shall be a part of the record.

(2) If a dead body or dead fetus is released or disposed of by an institution, the person in charge of the institution shall keep a record showing the name of the decedent, date of death, name and address of the person to whom the body or fetus is released, and the date of removal from the institution. If final disposition is made by the institution, the date, place, and manner of disposition shall also be recorded on the ***notarized*** certificate of death or fetal death and filed in accordance with KRS 213.076 and 213.096.

(3) A funeral director, embalmer, sexton, or other person who removes from the place of death, transports, or makes final disposition of a dead body or fetus shall, in addition to filing any certificate or other report required by this chapter or regulation promulgated hereunder, keep a record which shall identify the body and the information pertaining to the persons receipt, removal, delivery, burial, or cremation of the body as may be required by regulations adopted by the cabinet.

(4) Records maintained under this section shall be retained for a period of not less than five (5) years and shall be made available for inspection by the cabinet or its designee upon request.

Section 7. KRS 391.300 is amended to read as follows:

As used in KRS 391.305 to 391.360, unless the context otherwise requires:

(1) "Account" means a contract of deposit of funds between a depositor and a financial institution, and includes a checking account, savings account, certificate of deposit, share account and other like arrangement;

(2) "Beneficiary" means a person named in a trust account as one for whom a party to the account is named as trustee;

(3) "Financial institution" means any organization authorized to do business under state or federal laws relating to financial institutions, including, without limitation, banks and trust companies, savings banks, building and loan associations, savings and loan companies or associations, and credit unions;

(4) "Joint account" means an account payable on request to one (1) or more of two (2) or more parties whether or not mention is made of any right of survivorship;

(5) A "multiple-party account" is any of the following types of account: (i) a joint account, (ii) a P.O.D. account, or (iii) a trust account. It does not include accounts established for deposit of funds of a partnership, joint venture, or other association for business purposes, or accounts controlled by one (1) or more persons as the duly authorized agent or trustee for a corporation, unincorporated association, charitable or civic organization or a regular fiduciary or trust account where the relationship is established other than by deposit agreement;

(6) "Net contribution" of a party to a joint account as of any given time is the sum of all deposits thereto made by or for him, less all withdrawals made by or for him which have not been paid to or applied to the use of any other party, plus a pro rata share of any interest or dividends included in the current balance. The term includes, in addition, any proceeds of deposit life insurance added to the account by reason of the death of the party whose net contribution is in question;

(7) "Party" means a person who, by the terms of the account, has subject to request, a present right, exercisable alone or jointly with one (1) or more other parties, to payment from a multiple-party account. A P.O.D. payee or beneficiary of a trust account is a party only after the account becomes payable to him by reason of his surviving the original payee or trustee. Unless the context otherwise requires, it includes a guardian, conservator, personal representative, or assignee, including an attaching creditor, of a party. It also includes a person identified as a trustee of an account for another whether or not a beneficiary is named, but it does not include any named beneficiary unless he has a present right of withdrawal;

(8) "Payment" of sums on deposit includes withdrawal, payment on check or other directive of a party, and any pledge of sums on deposit by a party and any set-off, or reduction or other disposition of all or part of an account pursuant to a pledge;

(11) "P.O.D. payee" means a person designated on a P.O.D. account as one to whom the account is payable on request after the death of one (1) or more persons;

(12) "Request" means a proper request for withdrawal, or a check or order for payment, which complies with all conditions of the account, including special requirements concerning the necessary signature or number of signatures of the parties to the account which may be required for a proper request and regulations of the financial institution; but if the financial institution conditions withdrawal or payment on advance notice, for purposes of KRS 391.305 to 391.360, the request for withdrawal or payment is treated as immediately effective and a notice of intent to withdraw is treated as a request for withdrawal;

(13) "Sums on deposit" means the balance payable on a multiple-party account including interest, dividends, and in addition

any deposit life insurance proceeds added to the account by reason of the death of a party;

(14) "Trust account" means an account in the name of one (1) or more parties as trustee for one (1) or more beneficiaries where the relationship is established by the form of the account and the deposit agreement with the financial institution and there is no subject of the trust other than the sums on deposit in the account; it is not essential that payment to the beneficiary be mentioned in the deposit agreement. A trust account does not include a regular trust account under a testamentary trust or a trust agreement which has significance apart from the account, or a fiduciary account arising from a fiduciary relation such as attorney-client;

(15) "Withdrawal" includes payment to a third person pursuant to check or other directive of a party;

(16) A financial institution "receives" an order or notice under KRS 391.305 to 391.360 when it is duly delivered at the place of business at which the multiple-party account was originally established or at any other place held out by the financial institution as the place for receipt of such communication.

Section 8. KRS 397.1005 is amended to read as follows:

In addition to the rules of evidence in courts of general jurisdiction, for the purposes of KRS 397.1001 to 397.1007 only, the following rules relating to a determination of death and status shall apply:

(1) Death shall be deemed to occur when the requirements of KRS 446.400 have been met.

(2) A certified or authenticated copy of a ***notarized*** death certificate purporting to be issued by an official or agency of the place where the death purportedly occurred shall be prima facie evidence of the fact, place, date, and time of death and the identity of the decedent.

(3) A certified or authenticated copy of any record or report of a governmental agency, domestic or foreign, that an individual is missing, detained, dead, or alive shall be prima facie evidence of the status and of the dates, circumstances, and places disclosed by the record or report.

(4) In the absence of prima facie evidence of death under subsection (2) or (3) of this section, the fact of death shall be established by clear and convincing evidence, including circumstantial evidence.

(5) An individual whose death is not established under subsection (2), (3), or (4) of this section and who is absent for a continuous period of seven (7) years, during which the individual has not been heard from, and whose absence is not satisfactorily explained after diligent search or inquiry, shall be presumed dead. His or her death shall be presumed to have occurred at the end of the period unless there is sufficient evidence for determining that death occurred earlier.

(6) In the absence of evidence disputing the time of death stipulated on a document described in subsection (2) or (3) of this section, a document described in subsection (2) or (3) of this section that stipulates a time of death one hundred twenty (120) hours or more after the time of death of another individual, however the time of death of the other individual is determined, establishes by clear and convincing evidence that the individual survived the other individual by one hundred twenty (120) hours.

The Committee Substitute to **HB 701** is as follows:

HB 701, AN ACT relating to death certificates.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 213.076 is amended to read as follows:

(1) A certificate of death or a provisional certificate of death for each death which occurs in the Commonwealth shall be filed with the cabinet or as otherwise directed by the state registrar prior to final disposition, and it shall be registered if it has been completed and filed in accordance with this section. The funeral director, or person acting as such, who first takes custody of a dead body shall be responsible for filing the certificate of death. The funeral director, or person acting as such shall obtain the required personal and statistical particulars from the person best qualified to supply them over the signature and address of the informant. The funeral director, or person acting as such, shall within five (5) days of the death, present the certificate to the attending physician, if any, or to the health officer or coroner as directed by the state registrar, for the medical certificate of the cause of death and other particulars necessary to complete the record as required by this chapter.

(a) It shall be unlawful for an institution to release a dead human body until the funeral director, or person acting as such, has completed and filed with the local registrar or person in charge of the institution, a provisional certificate of death. If death occurs outside an institution, the provisional certificate shall be filed with the local registrar by the funeral director, or person acting as such, prior to final disposition of the dead body. A copy of the provisional certificate of death signed by the person with whom it was filed, shall constitute authority for the possession, transportation, and, except for cremation, final disposition of the body.

(b) All persons having in their possession a completed provisional certificate of death shall file the certificate at not more than weekly intervals with the local registrar.

(c) If the place of death is unknown but the dead body is found in the Commonwealth, the certificate of death shall be completed and filed in accordance with this section. The place where the body is found shall be shown as the place of death. If the date of death is unknown, it shall be determined by approximation subject to amendment upon completion of any postmortem examination required to be performed.

(d) If death occurs in a moving conveyance in the United States and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, and the place where it is first removed shall be considered the place of death. If a death occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space and the body is first removed from the conveyance in the Commonwealth, the death shall be registered in Kentucky, but the certificate shall show the actual place of death insofar as can be determined.

(2) If any certificate of death is incomplete or unsatisfactory, the state registrar shall call attention to the defects in the certificate and require the person responsible for the entry to complete or correct it. The state registrar may also require additional information about the circumstances and medical conditions surrounding a death in order to properly code and classify the underlying cause.

(3) The medical certification shall be completed, signed, and returned to the funeral director within five (5) working days after presentation to the physician, dentist, or chiropractor in charge of the patient's care for the illness or condition which resulted in death, except when inquiry is required by KRS 72.400 to 72.475. In such cases ***and if the cause of death is unknown or pending investigation, the cause of death shall be shown as such on the certificate. A supplemental report providing the medical information omitted from the original certificate shall be filed by the certifier with the State Registrar within five (5) days after receiving results of the inquiry as required by KRS 72.400 to 72.475. The supplemental report shall be made a part of the existing death certificate. Such report shall be considered an amendment, and the death certificate shall be marked "Amended"***[~~, the coroner shall complete and sign the certificate within five (5) days after receiving results of the inquiry as required by KRS 72.400 to 72.475~~]. In the absence of the physician, dentist, or chiropractor, or with such person's approval, the certificate may be completed and signed by his associate physician, dentist, or chiropractor, or the chief medical officer of the institution in which death occurred, or the physician who performed an autopsy upon the decedent, or a physician employed by the local health department, if the individual has access to the medical history of the case and death is due to natural causes.

(4) If death occurs more than thirty-six (36) hours after the decedent was last treated or attended by a physician, dentist, or chiropractor, the case shall be referred to the coroner for investigation to determine and certify the cause of death. In the event that a coroner is not available to sign the certificate and there is no duly appointed deputy, the county judge/executive shall appoint a competent person to investigate the death and certify to its cause.

(5) The physician, dentist, chiropractor, or coroner who certifies to the cause of death shall return the certificate to the funeral director, or person acting as such, who, in turn, shall file the certificate directly with the Office of Vital Statistics. Any certified copies of the record requested at the time of filing shall be issued in not more than two (2) working days.

(6) The Office of Vital Statistics shall provide self-addressed, color-coded envelopes for the funeral homes in the Commonwealth of Kentucky.

(7) Three (3) free verification-of-death statements shall be provided to the funeral director by the Office of Vital Statistics for every death in the Commonwealth of Kentucky.

(8) The body of any person whose death occurs in Kentucky shall not be interred, deposited in a vault or tomb, cremated or otherwise disposed of, or removed from or into any registration district, until a provisional certificate of death has been filed with the local registrar of the registration district in which the death occurs. If the death occurred from a disease declared by the Cabinet for Health Services to be infectious, contagious, or communicable and dangerous to the public health, no permit for the removal or other disposition of the body shall be granted by the registrar except under conditions prescribed by the Cabinet for Health Services and the local health department. The Cabinet for Health Services shall identify by regulation those communicable diseases which require blood and body fluid precautions. If a person who has been diagnosed as being infected with a communicable disease for which blood and body fluid precautions are required, dies within a health facility as defined in KRS 216B.015, the facility shall notify any embalmer or funeral director to whom the body will be transported of the need for such precautions. The notice shall be provided by including the statement "Blood and Body Fluid Precautions" on the provisional report-of-death form as prescribed by the Cabinet for Health Services. Lack of this notice shall not relieve any embalmer or funeral director from taking universal blood and body fluid precautions as are recommended by the United States Department of Health and Human Services, Centers for Disease Control for Morticians' Services. No embalmer or funeral director shall charge more for embalming the remains of a person with a communicable disease which requires blood and body fluid precautions than the price for embalming services listed on the price list funeral providers are required to maintain and provide to consumers pursuant to 16 C.F.R. Sec. 453.2 (1988).

(9) A burial-transit permit for the final disposition issued under the law of another state which accompanies a dead body or fetus brought into the Commonwealth shall be the authority for final disposition of the body or fetus in the Commonwealth and may be accepted in lieu of a certificate of death. There shall be noted on the face of the record made for return to the local registrar that the body was shipped to Kentucky for interment and the actual place of death.

(10) Nothing in this section shall be construed to delay, beyond a reasonable time, the interment or other disposition of a body unless the services of the coroner or the health officer are required or the Department for Public Health deems it necessary

for the protection of the public health. If compliance with this section would result in unreasonable delay in the disposition of the body the funeral director, or person acting as such, shall file with the local registrar or deputy registrar prior to interment a provisional certificate of death which shall contain the name, date, and place of death of the deceased, the name of the medical certifier, and an agreement to furnish within ten (10) days a complete and satisfactory certificate of death.

(11) No sexton or other person in charge of any place in which interment or other disposition of dead bodies is made shall inter or allow interment or other disposition of a dead body or fetus unless it is accompanied by a copy of the provisional certificate of death. The sexton, or if there is no sexton, the funeral director, or person acting as such, shall enter on the provisional certificate over his signature, the date, place, and manner of final disposition and file the certificate within five (5) days with the local registrar.

(12) Authorization for disinterment, transportation, and reinterment or other disposition shall be required prior to disinterment of any human remains. The authorization shall be issued by the state registrar upon proper application. The provisions of this subsection shall apply to all manners of disposition except cremation and without regard for the time and place of death. The provisions of KRS 381.765 shall not apply to remains removed for scientific study and the advancement of knowledge.

(13) After a death certificate has been on file for five (5) years, it may not be changed in any manner except upon order of a court. Prior to that time, requests for corrections, amendments, or additions shall be accompanied by prima facie evidence which supports the requested change.

(9) Whether frivolous lawsuits and excessive insurance company settlements and jury awards contribute to the increase in cost of medical malpractice insurance;

(10) The impact of state regulation, or the lack thereof, on medical malpractice premiums; and

(11) Other factors and issues deemed relevant by the task force.

Section 2. The task force shall make recommendations that seek to control the increase of medical malpractice insurance premiums. These recommendations may include but are not limited to the following:

(1) Whether the state should regulate the medical malpractice insurance industry, with recommendations for the extent of any regulation;

(2) Whether the state should consider a constitutional amendment for tort reform to minimize damage awards or to limit the ready availability of the judicial system as a method to redress medical malpractice concerns;

(3) Whether mediation or arbitration should be required in medical malpractice lawsuits;

(4) Whether the state should finance a medical malpractice insurance program that would be made available to physicians who have little or limited access to medical malpractice insurance;

(5) Whether the state should prohibit any practices used to determine premiums;

(6) Whether tax credits or tax deductions for premiums should be authorized;

(7) Whether rates should be reviewed by the state prior to any increase and whether state approval of rate increases should be required; and

(8) Other issues as deemed relevant by the task force.

Section 3. The Legislative Research Commission shall appoint the following members of the Senate and the House of Representatives to serve as members of the task force and shall appoint co-chairs from the membership:

(4) Two members from the General Assembly at large, one of whom shall be a member of the House and one of whom shall be a member of the Senate.

Section 4. Provisions of this resolution to the contrary notwithstanding, the Legislative Research Commission shall have the authority to alternatively assign the issues identified herein to an interim joint committee or subcommittee thereof, and to designate a study completion date.

The Committee Amendment No. 1 Title to **HCR 136** is as follows:

By amending the title to read as follows:

"A CONCURRENT RESOLUTION creating the Health Care Malpractice Insurance Task Force.".

HJR 189, A JOINT RESOLUTION urging the United States Congress to expand Medicare coverage to include oral anti-cancer drugs.

WHEREAS, cancer is a leading cause of morbidity and mortality in the state of Kentucky and throughout the nation; and

WHEREAS, cancer is disproportionately a disease of the elderly, with more than half of all cancer diagnoses occurring in persons age 65 or older, who are thus dependent on the federal Medicare program for provision of cancer care; and

WHEREAS, treatment with anti-cancer drugs is the cornerstone of modern cancer care, and elderly cancer patients must have access to this potentially life-extending drug therapy, but the Medicare program's coverage of drugs is limited to injectable drugs or oral drugs that have an injectable version; and

WHEREAS, the nation's investment in biomedical research has begun to bear fruit with a compelling array of new oral anti-cancer drugs that are less toxic, more effective, and more cost-effective than existing therapies but, because these drugs do not have an injectable equivalent, they are not covered by Medicare; and

WHEREAS, noncoverage of these important new products leaves many Medicare beneficiaries confronting the choice of either substantial out-of-pocket personal costs or selection of more toxic, less effective treatments that are covered by the program; and

WHEREAS, Medicare's failure to cover oral anti-cancer drugs leaves at risk many beneficiaries suffering from blood-related cancers like leukemia, lymphoma, and myeloma, as well as cancers of the breast, lung, and prostate; and

WHEREAS, certain members of the United States Congress have recognized the necessity of Medicare coverage for all oral anti-cancer drugs and have introduced legislation (H.R. 1624; S. 913) in the 107th Congress to achieve that result;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The Kentucky General Assembly respectfully urges the Congress of the United States to adopt legislation requiring the Medicare program to cover all oral anti-cancer drugs.

Section 2. The Clerk of the House of Representatives is directed to transmit a copy of this Joint Resolution to the President of the United States, each member of the United States Congress, the Secretary of the United States Department of Health and Human Services, and the Administrator of the Centers for Medicare and Medicaid Services.

HJR 205, A JOINT RESOLUTION authorizing and directing a study of adult foster care.

WHEREAS, Kentucky and all states are required under the United States Supreme Court Olmstead v. L.C. decision to provide care for disabled adults in community settings when possible; and

WHEREAS, many disabled adults could benefit from living in communities in a foster home arrangement; and

WHEREAS, under current federal and state law, foster care payments from state government agencies to families caring for a foster child under the age of eighteen are not included as taxable income; and

WHEREAS, the state and federal executive agencies that deal with labor have determined that adults who provide care in family care homes, a foster home arrangement, are in an employer-employee relationship, and thus there appear to be inequities in the treatment of foster care payments made on behalf of children versus adults; and

WHEREAS, at least one regional mental health and mental retardation board has incurred over $100,000 in costs related to the employer-employee relationship of a family home residential provider for disabled adults; and

WHEREAS, federal legislation, the "Fairness for Foster Care Families Act," is pending in the 107th Congress, and this act would expand the exemption from taxes for the payments to foster homes caring for children to foster homes caring for adults;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

SCR 76, A CONCURRENT RESOLUTION encouraging the Governor and the Cabinet for Health Services to respond to and fund the needs of Kentuckians living with HIV and AIDS.

WHEREAS, Kentucky citizens face a terrible pandemic in the form of the human immunodeficiency virus (HIV) and acquired immunodeficiency syndrome (AIDS); and

WHEREAS, throughout the 1990s, progress was made in the treatment of AIDS patients with the development of medications that fought the most serious of symptoms and that delayed the onset of other serious opportunistic infections; and

WHEREAS, new medications help persons with HIV live longer without developing symptoms of full-blown AIDS; and

WHEREAS, the medications for treating HIV and AIDS are extremely expensive, and many people without health insurance are unable to purchase these medications without state assistance; and

WHEREAS, the Kentucky AIDS Drug Assistance Program (KADAP) is not adequately funded and has over 100 persons on a waiting list for drugs that could prolong life or delay the onset of life-threatening symptoms; and

WHEREAS, Kentucky has developed a network of testing and counseling services to help persons obtain testing for HIV, receive counseling related to the results, and receive counseling on the availability of services for persons who test positive for the human immunodeficiency virus; and

WHEREAS, services are not consolidated in a manner that permits easy access or that maximizes efficiency; and

WHEREAS, only three full-service clinics exist in Kentucky that can provide counseling related to housing, transportation, employment, and medications, and that can provide necessary medical services; and

WHEREAS, the three clinics are located in Louisville (University of Louisville), Lexington (University of Kentucky), and Paducah (Heartland CARES), and these clinics are required to provide services to the majority of the AIDS clients in the state but are not reimbursed for many of the services because the patients frequently are uninsured;

NOW, THEREFORE,

Be it resolved by the Senate of the General Assembly of the Commonwealth of Kentucky, the House of Representatives concurring therein:

Section 1. The Cabinet for Health Services is encouraged to assist the development of a centers of excellence model of

HIV and AIDS health care delivery that would permit patients to receive all medical care at a center or from family physicians who in turn could access the centers' resources when necessary.

Section 2. The Cabinet for Health Services is encouraged to provide an aggressive outreach program to build a statewide network of HIV and AIDS care providers.

Section 3. The Cabinet for Health Services is encouraged to consolidate HIV and AIDS counseling and testing services. Consolidation would create more efficiency within the cabinet and facilitate increased knowledge and expertise among designated counseling and testing staff.

Section 4. The Governor and the Cabinet for Health Services are encouraged to increase state support for the Kentucky AIDS Drug Assistance Program. Priority should be given to eliminating the waiting list currently facing many Kentuckians who need medications to sustain life.

Section 5. The Governor and the Cabinet for Health Services are encouraged to fully fund the activities of the HIV/AIDS Advisory Council, created by the 2000 General Assembly but not given sufficient funding to carry out its mandated responsibilities. Funding over the 2002-2004 biennial budget should allow for planning, administrative, and staff support and expenses for members to attend meetings.

Section 6. The Clerk is directed to transmit a copy of this resolution to Governor Paul Patton, Capitol, Frankfort, Kentucky 40601; Marcia Morgan, Secretary, Cabinet for Health Services, 275 East Main Street, Frankfort, Kentucky 40621; and Ardis Hoven, M.D., Chair, HIV/AIDS Advisory Council, University of Kentucky Medical Center, Division of Infectious Diseases, Room MN672, Lexington, Kentucky 40536-0298.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 337.285 is amended to read as follows:

(1) No employer shall employ any of his employees for a work week longer than forty (40) hours, unless such employee receives compensation for his employment in excess of forty (40) hours in a work week at a rate of not less than one and one-half (1-1/2) times the hourly wage rate at which he is employed. This provision does not apply to employees of retail stores engaged in work connected with selling, purchasing, and distributing merchandise, wares, goods, articles, or commodities or to employees of restaurant, hotel, and motel operations, to employees as defined and exempted from the overtime provision of the Fair Labor Standards Act in Sections 213(b)(1), 213(b)(10) and 213(b)(17) of Title 29, U.S.C., or to employees whose function is to provide twenty-four (24) hour residential care on the employer's premises in a parental role to children who are primarily dependent, neglected, and abused and who are in the care of private nonprofit childcaring facilities licensed by the Cabinet for Health Services under KRS 199.640 to 199.670.

(2) Notwithstanding the provisions of subsection (1) of this section or any other chapter of the Kentucky Revised Statutes to the contrary, a county employee, including an employee of a county elected official, of any county, charter county, consolidated local government, or urban-county government who is authorized to work one (1) or more hours in excess of the prescribed hours per work week may be granted compensatory leave on an hour-for-hour basis. A county employee who is not exempt from the provisions of the Federal Fair Labor Standards Act, 29 U.S.C. secs. 201 et seq., may be granted compensatory time in lieu of overtime pay, at the rate of not less than one and one-half (1.5) hours for each hour the employee is authorized to work in excess of forty (40) hours in a work week, provided that the compensatory time is awarded in accordance with the Federal Fair Labor Standards Act, 29 U.S.C. sec. 207(o).

The Committee Substitute to **HB 596** is as follows:

HB 596, AN ACT relating to compensatory time.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 337.285 is amended to read as follows:

(1) No employer shall employ any of his employees for a work week longer than forty (40) hours, unless such employee receives compensation for his employment in excess of forty (40) hours in a work week at a rate of not less than one and one-half (1-1/2) times the hourly wage rate at which he is employed. This provision does not apply to employees of retail stores engaged in work connected with selling, purchasing, and distributing merchandise, wares, goods, articles, or commodities or to employees of restaurant, hotel, and motel operations, to employees as defined and exempted from the overtime provision of the Fair Labor Standards Act in Sections 213(b)(1), 213(b)(10) and 213(b)(17) of Title 29, U.S.C., or to employees whose function is to provide twenty-four (24) hour residential care on the employer's premises in a

parental role to children who are primarily dependent, neglected, and abused and who are in the care of private nonprofit childcaring facilities licensed by the Cabinet for Health Services under KRS 199.640 to 199.670.

(2) Notwithstanding the provisions of subsection (1) of this section or any other chapter of the KRS to the contrary, upon written request by a county employee, made freely and without coercion, pressure, or suggestion by the employer, and upon a written agreement reached between the employer and the county employee before the performance of the work, a county employee who is authorized to work one (1) or more hours in excess of the prescribed hours per week may be granted compensatory leave on an hour-for-hour basis. Upon the written request by a county employee, made freely and without coercion, pressure, or suggestion by the employer, and upon a written agreement reached between the employer and the county employee before the performance of the work, a county employee who is not exempt from the provisions of the Federal Fair Labor Standards Act, 29 U.S.C. et seq., may be granted compensatory time in lieu of overtime pay, at the rate of not less than one and one half (1.5) hours for each hour the county employee is authorized to work in excess of forty (40) hours in a work week.

(3) (a) Upon the request of the county employee, and as provided in subsection (2) of this section, compensatory time shall be awarded as follows:

1. A county employee who provided work in excess of forty (40) hours in a public safety activity, an emergency response activity, or a seasonal activity as described in 29 C.F.R. sec. 553.24, may accrue not more than four hundred eighty (480) hours of compensatory time; or

2. A county employee engaged in other work in excess of forty (40) hours, may accrue not more than two hundred forty (240) hours of compensatory time.

(b) A county employee who has accrued four hundred eighty (480) hours of compensatory time off pursuant to subparagraph (a)1. of this subsection, or two hundred forty (240) hours of compensatory time off pursuant to subparagraph (a)2. of this subsection, shall for additional overtime hours of work, be paid overtime compensation.

(4) A county employee who has accrued compensatory time off as provided in subsection (2) of this section, and who requested the use of compensatory time shall be permitted by the employer to use the compensatory time within a reasonable period after making the request if the use of the compensatory time does not unduly disrupt the operations of the employer. Mere inconvenience to the employer shall not constitute a sufficient basis for denial of a county employee's request for compensatory time off.

(5) If compensation is paid to a county employee for accrued compensatory time off, the compensation shall be paid at the regular rate earned by the county employee at the time the county employee receives the payment.

(6) Upon a county employee's termination of employment, all unused accrued compensatory time shall be paid at a rate of compensation not less than:

(a) The average regular rate received by the county employee during the last three (3) years of the county employee's employment; or

(b) The final regular rate received by the county employee, whichever is higher.

(7) Compensatory time shall not be used as a means to avoid statutory overtime compensation. A county employee shall have the right to use compensatory time earned and shall not be coerced to accept more compensatory time than an employer can realistically and in good faith expect to be able to grant within a reasonable period upon the county employee making the request for compensatory time off.

(8) Nothing in subsections (2) to (7) of this section shall be construed to supersede any collective bargaining agreement, memorandum of understanding, or any other agreement between the employer and representative of the county employees.

(9) As used in subsections (2) to (7) of this section, "county employee" means an employee of any county, charter county, consolidated local government, or urban-county government, including an employee of a county elected official.

Section 2. KRS 337.990 is amended to read as follows:

The prime contractor shall be jointly and severally liable with a subcontractor for wages due an employee of the subcontractor. For a flagrant or repeated violation the offending contractor or subcontractor shall be barred from bidding on, or working on, any and all public works contracts, either in his name or in the name of any other company, firm, or other entity in which he might be interested for a period of two (2) years from the date of the last offense. HB 618, AN ACT relating to vehicle emission testing.

WHEREAS, the General Assembly finds that in various areas of the Commonwealth of Kentucky, vehicle emission testing (VET) programs have operated since 1984; and

WHEREAS, the purpose of a VET program is to control certain emissions of air pollutants that are regulated under the Federal Clean Air Act for the protection of the public health; and

WHEREAS, since 1984 the regulation of pollutants has tightened and technological controls on a variety of air emission sources have improved significantly; and

WHEREAS, vehicle manufacturers produce vehicles that operate with fewer polluting emissions and gasoline formulations have changed and will continue to change to reduce harmful components; and

WHEREAS, ninety-eight percent of vehicles required to be tested in Jefferson County pass the VET when administered; and

WHEREAS, federal law allows, in addition to VET programs, various approaches for communities to attain air quality; and

WHEREAS, there are areas with VET programs that have attained federal air quality standards or are soon expected to do so; and

WHEREAS, the changes and advancements that have occurred since 1984 have led to considerable debate about whether VET programs have contributed significantly to the improvement in air quality; and

WHEREAS, VET programs are seen by many citizens as an imposition, unnecessary, and ineffective as a means to achieve the program's purpose; and

WHEREAS, an open, public discussion of VET programs is necessary to determine what, if any, continuing role they should play in meeting Federal Clean Air Act standards in Kentucky communities;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

The board shall notify the secretary of its applications to the EPA and the secretary, or the secretary's designee, shall subsequently report the date of the board's application to the LRC.

(3) For a county with an air pollution control district that is not in attainment with NAAQS, a nine (9) member VET program review group shall be established by the Legislative Research Commission to develop a strategy to identify alternative methods of bringing the county into attainment without the use of a VET program. (3) The salary schedule for county judges/executive, county clerks, jailers who operate a full service jail, ***coroners,*** and sheriffs in all counties provides for nine (9) levels of salary based upon the population of the county in the year prior to the election of county officials as determined by the United States Department of Commerce, Bureau of the Census's annual estimates. To implement the salary schedule, the Department for Local Government shall, by November 1 of each year preceding the election of county officials, certify for each county the population group applicable to each county based on the most recent estimates of the United States Department of Commerce, Bureau of the Census. The salary schedule provides four (4) steps for yearly increments within each population group. County officers named in this section shall be paid according to the first step within their population group for the first year or portion thereof they serve in office. Thereafter, each officer, on January 1 of each subsequent year, shall be advanced automatically to the next step in the salary schedule until the maximum salary figure for the population group is reached. Prior to assuming office on the first Monday in January, 1999, or thereafter, any person assuming any of the offices for which the salary is determined by this section must certify to the commissioner of the Department for Local Government the total number of years, not to exceed four (4) years, that the person has previously served in the office. The department shall place the officer in the proper step based upon a formula of one (1) incremental step per full calendar year of service:

HB 708, AN ACT relating to MTBE and ethanol.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS 363.900 TO 363.908 IS CREATED TO READ AS FOLLOWS:

The General Assembly finds that the fuel additive methyl tertiary butyl ether, known as MTBE, as a result of leaks in underground storage tanks, has contaminated groundwater in California and other states to such an extent that it has been banned in those states. The legislature further finds that, because Kentuckians rely on groundwater to a great extend both for drinking water and for industrial and agricultural purposes, the continued use of MTBE poses an unacceptable threat to public health.

SECTION 2. A NEW SECTION OF KRS 363.900 TO 363.908 IS CREATED TO READ AS FOLLOWS:

(1) Beginning on January 1, 2005, the use of methyl tertiary butyl ether, known as MTBE, as a fuel additive shall be illegal in the Commonwealth of Kentucky. Importation, sale or storage of fuel containing MTBE shall be unlawful after that date.

(2) Beginning on January 1, 2005, any reformulated gasoline sold or offered for sale in the Commonwealth that requires an oxygenate additive shall use ethanol in place of MTBE.

HR 206, A RESOLUTION urging BellSouth to reconsider closing its Western Kentucky call center.

WHEREAS, BellSouth recently announced plans to consolidate its call centers operating in two Kentucky cities by closing its Paducah call center; and

WHEREAS, the relocation proposal constitutes a major change in the operation of BellSouth services for Kentucky citizens, businesses, and local governments, and tremendous upheaval in the lives of company employees whose livelihood and family security are threatened; and

WHEREAS, the relocation proposal removes the BellSouth call center that currently operates in Paducah and leaves the entire territory in Western Kentucky without customer service from call centers in the region; and

WHEREAS, call centers constitute the customer service network of BellSouth and include the service representatives and the sales associate representatives; and

WHEREAS, BellSouth's proposal will uproot those families that are compelled to relocate according to the company directive, and the large number of long-term employees who cannot move to follow their jobs will simply be left behind financially and emotionally; and

WHEREAS, dedicated women constitute the principal class of employees tragically affected by the relocation proposal, and traditionally they are not able to follow their jobs; and

WHEREAS, communities throughout Western Kentucky would suffer a significant reduction in anticipated revenue and serious trauma would be inflicted on the lives of decent, dedicated citizens whose well-being and that of their families would be placed in jeopardy;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. The House of Representatives urges BellSouth to reconsider its proposed relocation of the Western Kentucky call center, given the severe economic and emotional consequences of such a move.

Section 2. A copy of this Resolution shall be sent to the Chairman and CEO of the BellSouth Corporation at 1155 Peachtree Street NE, Atlanta, GA 30309.

WHEREAS, under the current leadership of the internationally-renowned conductor Uriel Segal, the Louisville Orchestra in 1999 won a record sixteenth American Society of Composers, Authors, and Publishers (ASCAP) Award for the Programming of Contemporary Music; and

"SECTION 3. A NEW SECTION OF KRS CHAPTER 11 IS CREATED TO READ AS FOLLOWS:

The General Assembly finds and declares that:

(1) The Federal Health Insurance Portability and Accountability Act (HIPAA) of 1996 requires the standardized electronic transmission of health care data and ensures the privacy and security of protected health information;

(2) Strengthening the security of protected health information is a core benefit of an electronic health network;

(3) Participating in a HIPAA compliant electronic health network would facilitate the state receiving federal matching funds at a rate up to ninety percent (90%) to upgrade the Medicaid management information system;

(4) Kentucky is a leader in medical technology and can expand its leadership role to become a national model for health information technology;

(5) The Institute of Medicine has recommended reduction of preventable medical errors as a priority for the United States and identified the use of information technology as a critical factor in this effort;

(6) The Institute of Medicine has identified the problem of unnecessary medical care and, conversely, the lack of needed care as major problems that can be addressed in part by improved use of information technology;

(7) An electronic health network would simplify administrative tasks and support evidence-based clinical decisions, thereby improving the quality of health care;

(8) Currently, there are inefficiencies in the delivery of health care that contribute to the increasing cost of health care;

(9) Potential savings could result from decreasing inefficiencies in the healthcare system;

(10) Some organizations have demonstrated savings associated with implementing electronic processing of health data;

(11) Administrative savings and improved efficiency in the delivery of health care could translate into a reduction in the growth in health care insurance premiums;

(12) Rural and innercity areas of Kentucky have limited resources to fund the development of health information technology;

(13) Some institutions and organizations have a lack of resources to participate in a statewide electronic health network;

(14) A feasibility study that considers the resources and potential funding sources for the development of health information technology in rural and innercity areas of Kentucky would be completed prior to the implementation of an electronic health network;

(15) Participation in any electronic health network would be voluntary;

Floor Amendment No. 1 to the Committee Substitute to **HB 568**, by Representative Geveden:

On page 1, after line 8, by inserting the following new section:

"Section 2. KRS 61.680 is amended to read as follows:

(1) Prior to August 1, 1982, every employee shall be deemed to consent and agree to any deduction from his compensation required by KRS 6.500 to 6.535, 16.510 to 16.652, 61.510 to 61.692, 78.510 to 78.852, and to all other provisions thereof. Thereafter, employee contributions shall be picked up by the employer pursuant to KRS 61.560(4).

(2) (a) Notwithstanding any other provisions of KRS 6.500 to 6.535, 16.510 to 16.652, 61.510 to 61.692, 78.510 to 78.852 and 161.220 to 161.714, upon death, disability, or service retirement, a member's accounts under the Legislators' Retirement Plan, State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, and Teachers' Retirement System shall be consolidated for the purpose of determining eligibility and amount of benefits. Vested service credit in a retirement system, other than the Teachers' Retirement System, sponsored by a Kentucky institution of higher education and accepted by the Kentucky Employees Retirement System or the County Employees Retirement System, may be used to determine eligibility for twenty-seven (27) year retirement but not the amount of benefits. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one (1) system. If the member has prior service in more than one (1) system, he shall obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate the prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits, each system shall pay the applicable percentage of total benefits.

(b) The provisions of paragraph (a) of this subsection shall be waived if the member notifies the system of his desire to maintain separate retirement accounts in the State Police Retirement System, Kentucky Employees Retirement System, or County Employees Retirement System, or if he is a member of the State Police Retirement System or is working in a hazardous position under the Kentucky Employees Retirement System or County Employees Retirement System and as a result of an act in line of duty, becomes disabled or deceased.

(c) If the member has not contributed at least one (1) year in a system in which he has prior service, his current service in the system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.

(d) Any member of the General Assembly who retires from a position covered by one (1) of the state-administered retirement systems while in office may elect to participate in the Legislators' Retirement Plan within thirty (30) days of his retirement. Any member who did not have the option to elect to participate in the Legislators' Retirement Plan under this paragraph may elect to participate in the Legislators' Retirement Plan as of the date of his retirement if he elects to do so within thirty (30) days of the effective date of this Act.

(3) A member with service credit in the Kentucky Employees Retirement System, State Police Retirement System, or the County Employees Retirement System who becomes the holder of an office entitling him to membership in the Judicial Retirement Plan or the Legislators' Retirement Plan, but who does not elect within thirty (30) days after taking office in such service to participate in the plan, in accordance with KRS 6.505 or 21.360, shall be deemed to have elected to retain membership in the system in which he is a member, either the Kentucky Employees Retirement System, State Police Retirement System, or the County Employees Retirement System. In that event, the agency employing the member shall withhold employee contributions, or picked-up employee contributions after August 2, 1982, make employer contributions and remit these contributions to the system in which the member retained his membership. Any person entitled to membership in the Judicial Retirement Plan or the Legislators' Retirement Plan, who does not elect within thirty (30) days after taking office to participate in the plan, in accordance with KRS 6.505 or 21.360, and who at the time of taking office is not a contributing member of, or does not have service credit in, any of the retirement systems mentioned in this section, or the Teachers' Retirement System, shall participate in the Kentucky Employees Retirement System. A member of one (1) of the state-administered retirement plans who ceases to contribute to the plan as provided in KRS 21.360 and who is employed in a nonelected position by an agency participating in the Kentucky Retirement Systems shall be deemed to have elected membership in the system in which the employer of the nonelected position participates. A member of one (1) of the state-administered retirement plans who ceases to contribute to the plan as provided in KRS 21.360 and who is not employed in a nonelected position by an agency participating in the Kentucky Retirement Systems shall be deemed to have elected membership in the Kentucky Employees Retirement System.

(4) (a) Prior to July 1, 1976, a person entering the service of an employer participating in the Kentucky Employees Retirement System or the County Employees Retirement System with service credit in the Teachers' Retirement System and who desires to retain membership in the Teachers' Retirement System, and who is permitted by that system to continue, shall be exempt from participating in the Kentucky Employees Retirement System or the County Employees Retirement System.

(b) Any person who has elected to retain membership in the Teachers' Retirement System as provided in paragraph (a) of this subsection may cancel his election and participate in the system under which his position would normally participate, if he elects to cancel his option prior to January 1, 1977.

(c) Any member of the General Assembly who upon election is a contributing member of the Teachers' Retirement System and who does not elect within thirty (30) days after taking office to participate in the Legislators' Retirement Plan, in accordance with KRS 6.505, shall during his term of office participate in the Kentucky Employees Retirement System unless an election to retain membership in the Teachers' Retirement System is filed in writing within ninety (90) days after his term of office begins. No contributions may be made to the Teachers' Retirement System for the same period of service under the Legislators' Retirement Plan or the Kentucky Employees Retirement System as a member of the General Assembly, but contributions made to the Teachers' Retirement System while a member of the General Assembly shall be transferred to the Legislators' Retirement Plan, as provided for in KRS 6.535, when the member elects to join the Legislators' Retirement Plan, and service credit in the Legislators' Retirement Plan shall be granted as provided for in KRS 6.505(3).

(5) Effective July 1, 1974, any member of the Kentucky Employees Retirement System or County Employees Retirement System who is working in a position covered by one (1) of these retirement systems and his employee contributions, service credit and employer contributions made on his behalf are being transferred to the other retirement system shall contribute to the system in which his employer participates, or after August 1, 1982, the employer shall pick up the employee contributions, and no further contributions or service credit shall be transferred to the system in which he elected to retain membership, as subsection (2) of this section eliminates the necessity of the transfers.

(6) Any member of the Kentucky Employees Retirement System or County Employees Retirement System who is working in more than one (1) position covered by the same retirement system, shall have his wages and contributions consolidated and his retirement account administered as a single account. If part-time positions are involved, an accumulation of all hours worked within the same retirement system shall be used to determine eligibility under KRS 61.510(21).

(7) Notwithstanding the provisions of subsection (2) of this section, a person who does not have the amount of service required for service retirement in the State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, Legislators' Retirement Plan, or Teachers' Retirement System, but who is a member of one (1) of the systems or is a former member of one (1) or more of the systems with valid service credit therein, shall become eligible for service retirement benefits attributable to the amount of his actual service credit in each system in which he has service credit when his combined service credit in all the systems, plus any service credit he has in the Judicial Retirement Plan, is equal to that required for service retirement in each respective system. The computation of benefits shall be based

on the applicable formula in each system and service credit in each system. The final compensation shall be determined by using the creditable compensation reported to the State Police Retirement System, Kentucky Employees Retirement System, County Employees Retirement System, Legislators' Retirement Plan, or Teachers' Retirement System and only as much of the compensation earned in the Judicial Retirement Plan as is needed to satisfy the final compensation requirement applicable in the respective retirement systems."

Reauthorization

The General Assembly authorizes the Department to develop and implement a facility replacement and renovation program to improve the quality of Workforce Development Cabinet facilities used by the Department and its clients, and to reduce departmental reliance on lease/rental properties. The Department is directed to coordinate this program with the Secretary of the Finance and Administration Cabinet. Proceeds acquired from the sale, transfer, or other disposition of existing facilities may be expended toward the purchase, construction, renovation, and equipping and furnishing of replacement facilities. Expenditures authorized by this provision are limited to the use of funds solely derived from the sale of Cabinet-owned facilities, which equity rights are shared between both the state and the federal government. Any project estimated to cost over $400,000 shall be reported to the Capital Projects and Bond Oversight Committee by the Secretary of the Finance and Administration Cabinet.

R. COAL SEVERANCE TAX PROJECTS

Notwithstanding KRS 42.4588(2) and (4), the following projects are authorized and appropriated from Local Government Economic Development Fund moneys from the respective single county fund pursuant to KRS 42.4592 for public purposes in the following coal-producing counties in the manner and amounts enumerated. These projects are determined by the General Assembly to be important to the furtherance of the public policy objectives and economic development purposes for which the Local Government Economic Development Program was established. The amounts appropriated are estimates. Actual expenditures and encumbrances shall be limited to the actual receipts realized and available in the respective single county fund. These amounts are comprised of estimated receipts for fiscal year 2002-2003 and fiscal year 2003-2004 in combination with prior unobligated balances in the respective single county funds. To the extent that a county that is authorized to proceed with a project enumerated below receives more single county Local Government Economic Development Fund moneys than are appropriated in this Act, the county may direct those funds to offset a cost overrun on any of the projects enumerated below upon approval of the Commissioner of the Coal County Development Office.

CAPITAL PROJECTS BUDGET PROVISIONS FOR PART II, CAPITAL PROJECTS

1. All appropriations to existing line-item capital construction projects expire on June 30, 2002, unless reauthorized in this Act with the following exceptions: (1) a construction contract for the project shall have been awarded by June 30, 2002; (2) permanent financing or a short-term line of credit sufficient to cover the total authorized project scope shall have been obtained in the case of projects authorized for bonds; and (3) grant or loan agreements, if applicable, shall have been finalized and properly signed by all necessary parties. Notwithstanding the criteria set forth in this section, the disposition of 2000-2002 non-statutory appropriated maintenance pools funded from Capital Construction Investment Income shall remain subject to the provisions of KRS 45.770(4)(c) and (d) with the exception of the Cabinet for Families and Children. To facilitate the transfer of five (5) buildings from the Cabinet for Families and Children to the Finance and Administration Cabinet, it is the intent of the General Assembly that any remaining balance in any currently authorized Cabinet for Families and Children non-bond funded project be credited to the Finance and Administration Cabinet Maintenance Pool. Purchases of major items of equipment require reauthorization if a purchase order has not been executed by June 30, 2002.

2. Bond projects authorized for the first time in this section which have debt service supported by state General Fund appropriations are authorized in the first year of the biennium. The full amount of annualized debt service has been included at the beginning of fiscal year 2003-2004. Therefore, the sale of any permanent bonds to finance these projects shall occur after January 1, 2003.

3. If any authorized capital construction or major equipment projects are canceled, any General Fund appropriated debt service for those same projects shall lapse to the credit of the General Fund.

4. Notwithstanding the provisions of KRS 45.750 to 45.782, the General Assembly has determined that certain individual capital projects identified in this Act as eligible for funding from the Emergency Repair, Maintenance and Replacement Fund, the Capital Construction and Equipment Purchase Contingency Fund or the Deferred Maintenance Fund require a direct appropriation from the Emergency Repair, Maintenance and Replacement Fund, the Capital Construction and Equipment Purchase Contingency Fund and the Deferred Maintenance Fund in this Act. KRS 45.782 notwithstanding, certain of the Deferred Maintenance projects identified in Part II of this Act exceed $400,000 each.

5. Investment income earned from bond proceeds beyond that which is required to satisfy Internal Revenue Service arbitrage rebates and penalties and excess bond proceeds upon the completion of a bond financed capital project may be used to pay debt service according to the Internal Revenue Service Code and accompanying regulations. Notwithstanding the provisions of KRS 48.720, KRS 48.010, or any section of this Act, any funds appropriated but not required to pay debt service because of this fund source substitution shall be credited to the Deferred Maintenance Pool Account each year. Unneeded debt service resulting due to any other circumstance shall lapse in accordance with KRS 48.720, KRS 48.010, and other provisions of this Act except for the following: if the fund balance in the Emergency Repair, Maintenance and Replacement Fund falls below $5,000,000 in fiscal year 2001-2002 or in fiscal year 2002-2003, any debt service lapse necessary to bring the fund balance to $5,000,000 in either of these fiscal years shall be credited to the Emergency Repair, Maintenance and Replacement Fund. If the Emergency Repair, Maintenance and Replacement Fund remains at $5,000,000 or above, the first $2,000,000 in fiscal year 2001-2002 or fiscal year 2002-2003 in debt service lapse shall be deposited to the General Fund Surplus Account for the purpose of paying unbudgeted Necessary Government Expenses. No transfer to the Emergency Repair, Maintenance and Replacement Fund or the General Fund Surplus Account shall be made based on the above provisions if the lapse from other General Fund accounts is insufficient to meet appropriations approved in other parts of this Act.

6. Investment income earned from funds credited to the Technology Trust Fund account in the Finance and Administration Cabinet shall accrue to the Capital Construction and Equipment Purchase Contingency Account established in

KRS 45.770.

7. The Council on Postsecondary Education subheading in this Part includes a project entitled "Agency Bond Pool," (L.1.a.). Agency Bond Pool, $66,800,000 in projects are authorized to be funded from Restricted Funds-supported bonds. This pool provides funding for individual projects to be recommended by the Council on Postsecondary Education to the Secretary of the Finance and Administration Cabinet from the project listings previously identified and recommended by the Council for funding in the 2002-2004 biennium.

The provisions of KRS 45.750 to 45.816 notwithstanding, capital construction projects at institutions of postsecondary education involving no state or Federal Funds may be authorized between regular sessions of the General Assembly if the projects receive prior approval from both the Council on Postsecondary Education and the Secretary of the Finance and Administration Cabinet, and the Capital Projects and Bond Oversight Committee receives prior notification.

8. The Research Challenge Trust Fund-Endowment Match capital project appropriation under the Council on Postsecondary Education (L.1.c.) shall be transferred to the Research Challenge Trust Fund as established in KRS 164.7911 and KRS 164.7917.

GENERAL PROVISIONS

1. Restricted Funds designated in the biennial budget bills are classified in the state financial records and reports as the Agency Revenue Fund, State Enterprise Funds (State Parks, State Fair Board, Insurance Administration, and Kentucky Horse Park), Internal Services Funds (Fleet Management, Computer Services, Correctional Industries, Central Printing, Risk Management, and Property Management), and selected Fiduciary Funds (Unemployment Compensation and Other Expendable Trust Funds). Separate funds records and reports shall be maintained in a manner consistent with the branch budget bills.

The sources of Restricted Funds appropriations in this Act shall include all fees (which includes fees for room and board, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments, and other miscellaneous receipts produced or received by a budget unit, except as otherwise specifically provided, for the purposes, use, and benefit of the budget unit as authorized by law. Restricted Funds receipts shall be credited and allotted to the respective fund or account out of which a specified appropriation is made in this Act. All receipts of Restricted Funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

The sources of Federal Funds appropriations in this Act shall include federal subventions, grants, contracts, or other Federal Funds received, income from investments, and other miscellaneous federal receipts received by a budget unit, except as otherwise provided, for the purposes, use, and benefit of the budget unit as authorized by law. Federal Funds receipts shall be credited and allotted to the respective fund account out of which a specified appropriation is made in this Act. All Federal Funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45, and 48.

2. If receipts received or credited to the Restricted Funds accounts or Federal Funds accounts of a budget unit during fiscal year 2002-2003 or fiscal year 2003-2004, and any balance forwarded to the credit of these same accounts from the previous fiscal year, exceed the appropriation made by specific sum for these accounts of the budget unit as provided in Part I, Operating Budget, of this Act for the fiscal year in which the excess occurs, the excess funds in the accounts of the budget unit shall become available for expenditure for the purpose of the account during the fiscal year only upon compliance with the conditions and procedures specified in KRS 48.400 to 48.800 and this Act, and with the authorization of the State Budget Director of the Office of State Budget Director and approval of the Secretary of the Finance and Administration Cabinet.

Prior to authorizing the appropriation of any excess, unbudgeted Restricted Funds pursuant to this section, the State Budget Director and the Secretary of the Finance and Administration Cabinet shall review the adequacy of the General Fund Surplus Account with respect to its availability to support Necessary Government Expenses. In the event that General Fund Surplus Account moneys are determined by this review to be adequate to meet known or anticipated Necessary Government Expenses during fiscal year 2001-2002 or fiscal year 2002-2003 or fiscal year 2003-2004, respectively, then the appropriation increase may be approved. In the event that the review contemplated in this section indicates that there are insufficient funds available or reasonably estimated to become available to the General Fund Surplus Account to meet known or projected Necessary Government Expenses for the fiscal years enumerated above, the State Budget Director, with the concurrence of the Secretary of the Finance and Administration Cabinet, may disapprove the request for additional Restricted Funds expenditure authority and may direct the excess Restricted Funds identified to the General Fund Surplus Account in order to meet Necessary Government Expense obligations. The results of any review shall be reported to the Interim Joint Committee on Appropriations and Revenue in accordance with KRS 48.400 to 48.800.

On or before the beginning of each fiscal year, and, if applicable, during each fiscal year, each budget unit shall document and submit to the Finance and Administration Cabinet, the Governor's Office for Policy and Management, and the Legislative Research Commission a record of Restricted Funds and Federal Funds for each budget unit showing the most current estimates of receipts by sources and expenditures by uses, a comparative statement of any revised estimated receipts and proposed expenditures with appropriation sums specified in the enacted Budget of the Commonwealth, and statements which explain the cause, source, and use for a variance which may exist.

Each budget unit shall submit its reports in print and electronic format consistent with the Restricted Funds and Federal Funds records contained in the fiscal biennium 2002-2004 Branch Budget Request Manual and according to the following schedule in each fiscal year: (1) on or before the beginning of each fiscal year; (2) on or before October 1; (3) on or before January 1; and (4) on or before April 1.

Compliance with the provisions of this subsection shall be reviewed and determined by the Interim Joint Committee on Appropriations and Revenue.

4. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund or Road Fund appropriations contained in this Act unless the obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation considered by the General Assembly, legislative and executive records, and the statutory budget memorandum.

5. Any General Fund or Road Fund appropriation made in anticipation of a lack, loss, or reduction of Federal Funds

shall lapse to the General Fund or Road Fund Surplus Account respectively to the extent the Federal Funds otherwise become available.

7. Pursuant to KRS 48.720, any excess General Fund or Road Fund debt service shall lapse to the respective surplus account unless otherwise directed in this Act.

All statutes and portions of statutes in conflict with any of the provisions of this section, to the extent of the conflict, are suspended, unless otherwise provided by this Act.

11. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made heretofore or hereafter for the fiscal year ending June 30, 2002, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet except as otherwise provided in this Act.

The enacted State/Executive Budget shall be revised or adjusted only upon approval by the Governor's Office for Policy and Management as provided in each part of this Act and by KRS 48.400 to 48.800, and upon review and action by the Interim Joint Committee on Appropriations and Revenue.

If any executive reorganization order issued from sine die adjournment of the 2001 Regular Session to sine die adjournment of the 2002 Regular Session is not confirmed by the 2002 Regular Session of the General Assembly, the Secretary of the Finance and Administration Cabinet shall, in consultation

with agency heads and with notification to the Legislative Research Commission, transfer the balance of funds for any affected program or function for fiscal year 2001-2002 and any related appropriations and funds for each of the next two fiscal years from the budget unit in which the program or function was placed by the executive reorganization order to the budget unit in which the program or function resided prior to the reorganization action or in which it was placed by action of the 2002 Regular Session of the General Assembly. No budget revision action shall be taken by a branch head in excess of the actual or projected deficit.

The Governor, the Chief Justice, and the Legislative Research Commission shall direct and implement reductions in allotments and appropriations only for their respective branch budget units as may be necessary as well as take other measures which shall be consistent with the provisions of this Part and general branch budget bills.

Section 7. KRS 61.590 is amended to read as follows:

(1) A member or beneficiary eligible to receive retirement benefits under any of the provisions of KRS 61.510 to 61.705, 78.510 to 78.852, and 16.510 to 16.652 shall have on file at the retirement office on the form prescribed by the board, notification of retirement, giving his name, address, Social Security number, last day of employment, and other information the system may require. (2) Within ten (10) days of the receipt of the notification of retirement form submitted within two (2) months of the effective date of retirement, the system shall cause to be prepared an estimate of the amounts the member or beneficiary may expect to receive under the various plans available to the member or beneficiary. This information shall be recorded on a form entitled "Estimated Retirement Allowance" and forwarded to the member or beneficiary. If the member submits a notification of retirement form more than two (2) months prior to the effective retirement date, the system shall provide the estimated retirement allowance within forty-five (45) days of the member's effective retirement date.

(6) The effective date of a deferred retirement option as provided under KRS 16.576(5) shall be the month following age sixty-five (65), or the month following written notification from the member that he wishes to begin receiving retirement payments. In the event of the death of a member who has deferred his retirement allowance, the effective date of retirement shall be the month following the member's death.

(7) Notwithstanding the provisions of KRS 16.578 or 61.640, the effective date of a beneficiary's retirement allowance under normal, early, or disability retirement shall be as prescribed in subsection (5) or (6) of this section if the member dies before the first retirement allowance has been issued by the State Treasurer and his beneficiary becomes eligible for payments under KRS 16.578 or 61.640.

Section 8. KRS 61.595 is amended to read as follows:

(1) Effective July 1, 1990, upon retirement at normal retirement date or subsequent thereto, a member may receive an annual retirement allowance, payable monthly during his lifetime, which shall consist of an amount equal to two and two-tenths percent (2.2%) for the County Employees Retirement System and one and ninety-seven hundredths percent (1.97%) for the Kentucky Employees Retirement System of final compensation multiplied by the number of years of service credit, except that:

(c) The annual normal retirement allowance for members of the General Assembly who will have fewer than eight (8) years of service as of December 31, 1975, shall be as prescribed in Chapter 116, section 36(1), Acts of the 1972 General Assembly for legislative service prior to January 1, 1974;

(d) Former members of the General Assembly who have eight (8) or more years of legislative service prior to the 1976 Regular Session are eligible for an increased retirement allowance of two hundred forty dollars ($240) times the years of legislative service, if the member pays to the Kentucky Employees Retirement System thirty-five percent (35%) of the actuarial cost of the higher benefit, as determined by the system, except that a former member with sixteen (16) or more years of legislative service, or his beneficiary, who is receiving a retirement allowance, also is eligible under this section and may apply for a recomputation of his retirement allowance. The employer's share of sixty-five percent (65%) of the computed actuarial cost shall be paid from the State Treasury to the Kentucky Employees Retirement System upon presentation of a properly documented claim to the Finance and Administration Cabinet. If any member with sixteen (16) or more years of legislative service previously applied for and is receiving a retirement allowance, he may reapply and his retirement allowance shall be recomputed in accordance with this paragraph, and he shall thereafter be paid in accordance with the option selected by him at the time of the reapplication;

(e) The annual normal retirement allowance for a member with ten (10) or more years of service, in the Kentucky Employees Retirement System, at least one (1) of which is current service, shall not be less than five hundred twelve dollars ($512); and

The credit from a Kentucky institution of higher education***, the Council on Postsecondary Education,*** or the Higher Education Assistance Authority shall not be used toward the minimum fifteen (15) years of current service required by KRS 61.559(2)(c) and (d) or to calculate his retirement allowance pursuant to this section. The provisions of this paragraph shall not be construed to limit the use of Teachers' Retirement System credit pursuant to KRS 61.680(2)(a).

(3) The retirement allowance shall be calculated by using the member's known creditable compensation prior to his last month's employment and an estimate of his creditable compensation during the last month he was employed. Based upon this calculation, the State Treasurer shall be requested to issue the initial retirement payment.

(4) A new calculation shall be made when the official report has been received of the member's creditable compensation during his last month's employment. However, the retirement allowance determined in accordance with subsection (3) of this section shall be the official retirement allowance unless the new calculation derives an amount which is ***two dollars ($2)***[~~one dollar ($1)~~] greater or less than the amount of the initial retirement payment. ***If the member or beneficiary chose an actuarial equivalent refund payment option, the amount of estimated retirement allowance shall be the official retirement allowance unless the new calculation produces an amount which is one hundred dollars ($100) greater or less than the amount of the initial retirement payment.***

(1) Each member shall have the right to elect to have his retirement allowance payable under any one (1) of the options set forth in this section in lieu of the retirement allowance otherwise payable to him upon retirement under any of the provisions of KRS 16.510 to 16.652, KRS 61.515 to 61.705, and KRS 78.520 to 78.852. (1) A retired member who is receiving monthly retirement payments under any of the provisions of KRS 61.515 to 61.705 and 78.520 to 78.852 and who is reemployed as an employee by a participating agency prior to August 1, 1998, shall have his retirement payments suspended for the duration of reemployment. Monthly payments shall not be suspended for a retired member who is reemployed if he anticipates that he will receive less than the maximum permissible earnings as provided by the Federal Social Security Act in compensation as a result of reemployment during the calendar year. The payments shall be suspended at the beginning of the month in which the reemployment occurs.

(2) Employer and employee contributions shall be made as provided in KRS 61.515 to 61.705 and 78.520 to 78.852 on the compensation paid during reemployment, except where monthly payments were not suspended as provided in subsection (1) of this section or would not increase the retired member's last monthly retirement allowance by at least one dollar ($1), and the member shall be credited with additional service credit.

(3) In the month following the termination of reemployment, retirement allowance payments shall be reinstated under the plan under which the member was receiving payments prior to reemployment.

(4) (a) Notwithstanding the provisions of this section, the payments suspended in accordance with subsection (1) of this section shall be paid retroactively to the retired member, or his estate, if he does not receive more than the maximum permissible earnings as provided by the Federal Social Security Act in compensation from participating agencies during any calendar year of reemployment;

(b) If the retired member is paid suspended payments retroactively in accordance with this section, employee contributions deducted during his period of reemployment, if any, shall be refunded to the retired employee, and no service credit shall be earned for the period of reemployment;

(c) If the retired member is not eligible to be paid suspended payments for his period of reemployment as an employee, his retirement allowance shall be recomputed under the plan under which the member was receiving payments prior to reemployment as follows:

1. The retired member's final compensation shall be recomputed using creditable compensation for his period of reemployment; however, the final compensation resulting from the recalculation shall not be less than that of the member when his retirement allowance was last determined;

2. If the retired member initially retired on or subsequent to his normal retirement date, his retirement allowance shall be recomputed by using the formula in KRS 61.595(1);

3. If the retired member initially retired prior to his normal retirement date, his retirement allowance shall be recomputed using the formula in KRS 61.595(2), except that the member's age used in computing benefits shall be his age at the time of his initial retirement increased by the number of months of service credit earned for service performed during reemployment;

4. The retirement allowance payments resulting from the recomputation under this subsection shall be payable in the month following the termination of reemployment in lieu of payments under subparagraph 3. The member shall not receive less in benefits as a result of the recomputation than he was receiving prior to reemployment or would receive as determined under KRS 61.691;

5. Any retired member who was reemployed prior to March 26, 1974, shall begin making contributions to the system in accordance with the provisions of this section on the first day of the month following March 26, 1974.

(5) A retired member, or his estate, shall pay to the retirement fund the total amount of payments which are not suspended in accordance with subsection (1) of this section if the member received more than the maximum permissible earnings as provided by the Federal Social Security Act in compensation from participating agencies during any calendar year of reemployment, except the retired member or his estate may repay the lesser of the total amount of payments which were not suspended or fifty cents ($0.50) of each dollar earned over the maximum permissible earnings during reemployment if under age sixty-five (65), or one dollar ($1) for every three dollars ($3) earned if over age sixty-five (65).

(7) *(a)* Effective August 1, 1998, the provisions of subsections (1) to (4) of this section shall no longer apply to a retired member who is reemployed in a position covered by the same retirement system from which the member retired. Reemployed retired members shall be treated as new members upon reemployment. Any retired member whose reemployment date preceded August 1, 1998, who does not elect, within sixty (60) days of notification by the retirement systems, to remain under the provisions of subsections (1) to (4) of this section shall be deemed to have elected to participate under this subsection.

(b) A retired member whose disability retirement was discontinued pursuant to KRS 61.615 and who is reemployed in one (1) of the systems administered by the Kentucky Retirement Systems prior to his or her normal retirement date shall have his or her accounts combined upon termination for determining eligibility for benefits. If the member is eligible for retirement, the member's service and creditable compensation earned as a result of his or her reemployment shall be used in the calculation of benefits, except that the member's final compensation shall not be less than the final compensation last used in determining his or her retirement allowance. The member shall not change beneficiary or payment option designations. This provision shall apply to members reemployed on or after August 1, 1998.

(8)[~~Any former recipient of a disability retirement allowance from the Kentucky Retirement Systems who had at least two hundred forty (240) months of service credit and whose disability retirement allowance was terminated September 1, 1998, who is reemployed as of July 14, 2000, shall be treated under the provisions of subsections (1) to (4) of this section, except that the maximum permissible earnings as used in subsection (1) shall be the maximum permissible earnings under the Federal Social Security Act for calendar year 1998.~~

(9)[~~(10)~~] If the retired member is under a contract, the member shall submit a copy of that contract to the retirement system, and the retirement system shall determine if the member is an independent contractor for purposes of retirement benefits.

(10)[~~(11)~~] If a member is receiving a retirement allowance, or has filed the forms required for a retirement allowance, and is employed within one (1) month of the member's initial retirement date in a position that is required to participate in the same retirement system from which the member retired, the member's retirement shall be voided and the member shall repay to the retirement system all benefits received. The member shall contribute to the member account established for him prior to his voided retirement. The retirement allowance for which the member shall be eligible upon retirement shall be determined by total service and creditable compensation.

(b) A retired member of the County Employees Retirement System who after initial retirement is hired by the county from which the member retired shall be considered to have been hired by the same employer.

(12)[~~(13)~~] (a) If a hazardous member who retired prior to age fifty-five (55), or a nonhazardous member who retired prior to age sixty-five (65), is reemployed within six (6) months of the member's ***termination***[~~initial retirement date~~] by the same employer, the member shall obtain from his previous and current employers a copy of the job description established by the employers for the position and a statement of the duties performed by the member for the position from which he retired and for the position in which he has been reemployed.

(b) The job descriptions and statements of duties shall be filed with the retirement office.

(13)[~~(14)~~] If the retirement system determines that the retired member has been employed in a position with the same principal duties as the position from which the member retired:

(a) The member's retirement allowance shall be suspended during the period that begins on the month in which the member is reemployed and ends six (6) months after the member's ***termination***[~~initial retirement date~~].

(b) The retired member shall repay to the retirement system all benefits ***paid from systems administered by Kentucky Retirement Systems under reciprocity, including medical insurance benefits,*** that the member received after reemployment began.

(c) Upon termination, or subsequent to expiration of the six (6) month period from the date of ***termination***[~~initial retirement~~], the retired member's retirement allowance based on his initial retirement account shall no longer be suspended and the member shall receive the amount to which he is entitled, including an increase as provided by KRS 61.691.

Service credit gained after the member's date of reemployment shall be credited to the second member account.

(e) Upon termination, the retired member shall be entitled to benefits payable from his second retirement account.

(14)[~~(15)~~] (a) If the retirement system determines that the retired member has not been reemployed in a position with the same principal duties as the position from which he retired, the retired member shall continue to receive his retirement allowance.

(b) If the position is a regular full-time position, the member shall contribute to a second member account in the retirement system.

(b) Service credit gained after reemployment shall be credited to the second member account. Upon termination, the retired member shall be entitled to benefits payable from the second member account.

(16)[~~(17)~~] A retired member who is reemployed and contributing to a second member account shall not be eligible to purchase service credit under any of the provisions of KRS 16.510 to 16.652, KRS 61.515 to 61.705, or KRS 78.520 to 78.852 which he was eligible to purchase prior to his initial retirement.

The computation of benefits shall be based on the applicable formula in each system and service credit in each system***, except that total service in all systems, unless prohibited by KRS 161.623(2), shall be used to determine the reduction for early retirement, if any***. The election to participate shall be made by the governing authority of the participating employer and shall be certified in writing to the system on forms prescribed by the board. The certification shall provide for equal treatment of all employees participating under this section.

(3) (a) Upon the member's notification of retirement as prescribed in KRS 61.590, the employer shall certify the retiring employee's unused, accumulated sick-leave balance to the system. The member's sick-leave balance, expressed in days, shall be divided by the average number of working days per month in county service and rounded to the nearest number of whole months. A maximum of six (6) months of the member's sick-leave balance, expressed in months, shall be added to his service credit for the purpose of determining his annual retirement allowance under KRS 78.510 to 78.852 and for the purpose of determining whether the member is eligible to receive a retirement allowance under KRS 78.510 to 78.852. Accumulated sick-leave in excess of six (6) months shall be added to the member's service credit if the member or employer pays to the retirement system the value of the additional service credit based on the formula adopted by the board.

(b) The employer may elect to pay fifty percent (50%) of the cost of the sick leave in excess of six (6) months on behalf of its employees. The employee shall pay the remaining fifty percent (50%). The payment by the employer shall not be deposited to the member's account. Service credit shall not be credited to the member's account until both the employer's and employee's payments are received by the retirement system.

Retirement System which has formally adopted a sick-leave program that is universally administered to its employees, or administered to a majority of eligible employees in accordance with subsection (6) of this section, shall, at the time of termination, ***or as provided in KRS 161.155 in the case of school boards,*** compensate the employee for unused sick-leave days the employee has accumulated which it is the uniform policy of the agency to allow. The rate of compensation for each unused sick-leave day shall be based on the daily salary rate calculated from the employee's current rate of pay. Payment for unused sick-leave days shall be incorporated into the employee's final compensation if the employee and employer make the regular employee and employer contributions, respectively, on the sick-leave payment. The number of sick-leave days for which the employee is compensated shall be divided by the average number of working days per month in county service and rounded to the nearest number of whole months. This number of months shall be added to the employee's total service credit and to the number of months used to determine creditable compensation, pursuant to KRS 78.510, but no more than sixty (60) months shall be used to determine final compensation.

(6) Any city of the first class that has two (2) or more sick-leave programs for its employees may purchase service credit with the retirement system for up to six (6) months of unused sick leave for each retiring employee who participates in the sick-leave program administered to a majority of the eligible employees of the city. An employee participating in a sick-leave program administered to a minority of the eligible employees shall become eligible for the purchase of service credit under this subsection when the employee commences participating in the sick-leave program that is administered to a majority of the eligible employees of the city.

- ***(f) A person who had previously applied for and was denied disability benefits by the board on or before December 31, 1996, because of the pre-existing disease of poliomyelitis may file a new application for disability benefits no later than December 31, 2002, at the office of the retirement systems, and subsection(2)(d) of this section shall not apply to the new application if the person applying under this paragraph has at least ten (10) years of current or prior service for employment with employers participating in the retirement systems administered by***

__the Kentucky Retirement Systems__.

(2) Upon the examination of the objective medical evidence by licensed physicians pursuant to KRS 61.665, it shall be determined that:

(a) The person, since his last day of paid employment, has been mentally or physically incapacitated to perform the job, or jobs of like duties, from which he received his last paid employment. In determining whether the person may return to a job of like duties, any reasonable accommodation by the employer as provided in 42 U.S.C. sec. 12111(9) and 29 C.F.R. Part 1630 shall be considered;

(b) The incapacity is a result of bodily injury, mental illness, or disease. For purposes of this section, "injury" means any physical harm or damage to the human organism other than disease or mental illness;

(c) The incapacity is deemed to be permanent; and

(d) The incapacity does not result directly or indirectly from bodily injury, mental illness, disease, or condition which pre-existed membership in the system or reemployment, whichever is most recent. For purposes of this subsection, reemployment shall not mean a change of employment between employers participating in the retirement systems administered by the Kentucky Retirement Systems with no loss of service credit.

(3) Paragraph (d) of subsection (2) shall not apply if:

(a) The incapacity is a result of bodily injury, mental illness, disease, or condition which has been substantially aggravated by an injury or accident arising out of or in the course of employment; or

(b) The person has at least sixteen (16) years' current or prior service for employment with employers participating in the retirement systems administered by the Kentucky Retirement Systems.

(4) (a) 1. An incapacity shall be deemed to be permanent if it is expected to result in death or can be expected to last for a continuous period of not less than twelve (12) months from the person's last day of paid employment in a regular full-time position.

2. The determination of a permanent incapacity shall be based on the medical evidence contained in the member's file and the member's residual functional capacity and physical exertion requirements.

(b) The person's residual functional capacity shall be the person's capacity for work activity on a regular and continuing basis. The person's physical ability shall be assessed in light of the severity of the person's physical, mental, and other impairments. The person's ability to walk, stand, carry, push, pull, reach, handle, and other physical functions shall be considered with regard to physical impairments. The person's ability to understand, remember, and carry out instructions and respond appropriately to supervision, coworkers, and work pressures in a work setting shall be considered with regard to mental impairments. Other impairments, including skin impairments, epilepsy, visual sensory impairments, postural and manipulative limitations, and environmental restrictions, shall be considered in conjunction with the person's physical and mental impairments to determine residual functional capacity.

(c) The person's physical exertion requirements shall be determined based on the following standards:

1. Sedentary work shall be work that involves lifting no more than ten (10) pounds at a time and occasionally lifting or carrying articles such as large files, ledgers, and small tools. Although a sedentary job primarily involves sitting, occasional walking and standing may also be required in the performance of duties.

2. Light work shall be work that involves lifting no more than twenty (20) pounds at a time with frequent lifting or carrying of objects weighing up to ten (10) pounds. A job shall be in this category if lifting is infrequently required but walking and standing are frequently required, or if the job primarily requires sitting with pushing and pulling of arm or leg controls. If the person has the ability to perform substantially all of these activities, the person shall be deemed capable of light work. A person deemed capable of light work shall be deemed capable of sedentary work unless the person has additional limitations such as the loss of fine dexterity or inability to sit for long periods.

3. Medium work shall be work that involves lifting no more than fifty (50) pounds at a time with frequent lifting or carrying of objects weighing up to twenty-five (25) pounds. If the person is deemed capable of medium work, the person shall be deemed capable of light and sedentary work.

4. Heavy work shall be work that involves lifting no more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing up to fifty (50) pounds. If the person is deemed capable of heavy work, the person shall also be deemed capable of medium, light, and sedentary work.

5. Very heavy work shall be work that involves lifting objects weighing more than one hundred (100) pounds at a time with frequent lifting or carrying of objects weighing fifty (50) or more pounds. If the person is deemed capable of very heavy work, the person shall be deemed capable of heavy, medium, light, and sedentary work.

The Senate Committee Substitute to **HB 244** is as follows:

HB 244, AN ACT relating to environmental protection.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 224.46-580 is amended to read as follows:

(1) The General Assembly declares that it is the purpose of this section to promote the development of statewide programs, under the responsibility of a single agency, which are intended to protect the health of the citizens and the environment of the Commonwealth from present and future threats associated with the management of hazardous wastes and the release of toxic chemicals regulated under Title III, Section 313 of the Superfund Amendments and Reauthorization Act of 1986, including disposal, treatment, recycling, storage, and transportation. The intent of the General Assembly is to add to and coordinate, and not replace, existing efforts and responsibilities in the areas of hazardous waste management, toxic chemical manufacture, processing, or other use, and to leave the primary burden and responsibility for hazardous waste and toxic chemical reduction on private industry; and further to finance assistance and coordination by imposing assessments on the generation of hazardous waste. The assessments are intended to produce a reduction in waste generated; to promote the use of new techniques in recycling, treatment, and alternatives other than land disposal; and to place the burden of financing additional hazardous waste management activities necessarily undertaken by state agencies on the users of those products associated with the generation of hazardous waste. The General Assembly further finds that Kentucky's industries need assistance in developing and implementing pollution prevention goals and that a fund should be established to provide technical and financial assistance to those industries.

(2) The Natural Resources and Environmental Protection Cabinet is given the authority to administer the provisions and programs of this section and the responsibility to achieve the purposes of this section.

(3) In addition to all specific responsibilities contained elsewhere in this chapter, the cabinet shall:

(a) Respond effectively and in a timely manner to emergencies created by the release of hazardous substances, as defined in KRS 224.01-400, into the environment. The cabinet shall provide for adequate containment and removal of the hazardous substances in order that the threat of a release or actual release of the substance may be abated and resultant harm to the environment minimized. The provisions of KRS 45A.695 to 45A.725 may be suspended by the cabinet if necessary to respond to an environmental emergency.

(b) Provide for post-closure monitoring and maintenance of hazardous waste disposal sites upon termination of post-closure monitoring and maintenance responsibilities by persons permitted to operate the facility pursuant to this chapter.

(c) Identify, investigate, classify, contain, or clean up any release, threatened release, or disposal of a hazardous substance where responsible parties are economically or otherwise unavailable to properly address the problem and the problem represents an imminent danger to the health of the citizens and the environment of the Commonwealth.

(4) The cabinet shall have the authority to finance the nonfederal share of the cost for clean up of sites under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (Pub. L. 96-510).

(5) The cabinet shall recover, when possible, actual and necessary expenditures incurred in carrying out the duties under this section. Any expenditures recovered shall be placed in the hazardous waste management fund.

(6) It is the expressed purpose of this section to accomplish effective hazardous waste and toxic chemical management that

results in a reduction of the generation of hazardous wastes and the release of toxic chemicals within the Commonwealth; further, it is a purpose of this chapter to allocate a portion of the cost of administering necessary governmental programs related to hazardous waste and toxic chemical management to those industries whose products are reasonably related to the generation of hazardous waste.

(7) There is hereby imposed upon every person engaged within this state in the generation of hazardous waste an annual hazardous waste assessment to be determined pursuant to this section according to the quantity by weight of hazardous waste generated, except that no assessment shall be levied against generators for any quantity of "special wastes," waste oil, or spent material from air pollution control devices controlling emissions from coke manufacturing facilities. The assessment shall not be imposed upon any person for any quantities of hazardous waste generated by others for which that person is a secondary handler that stores, processes, or reclaims the waste. The assessment shall be reported and paid to the Natural Resources and Environmental Protection Cabinet for the generation of hazardous waste on an annual basis on January 1 of each year. The payment shall be accompanied by a report or return in a form that the cabinet may prescribe. If a federal law is enacted which accomplishes or purports to accomplish the purposes set forth in this section and which levies an assessment or tax upon any business assessed pursuant to this section, the amount of the assessment to be levied upon the business under this section shall be reduced by the amount of the federal assessment or tax upon the business. The reduction shall only be authorized when funds raised by the federal assessment or tax are made available to the state for any of the activities to be funded under this section. If federal moneys are available to carry out the duties imposed by subsection (3) of this section, the assessment shall cease to be levied and collected until such time as federal moneys are no longer available to the Commonwealth for these purposes. The assessment shall be charged against generators of hazardous waste until June 30, ***2004***[~~2002~~]. After this date, no further hazardous waste management assessment shall be charged against generators.

(8) The assessment on generators shall be one and two-tenths cents ($0.012) per pound if the waste is liquid, or two-tenths of a cent ($0.002) per pound if the waste is solid.

(a) Hazardous waste that is injected into a permitted underground injection well shall be assessed on a dry weight basis;

(b) Hazardous waste treated, detoxified, solidified, neutralized, recycled, incinerated, or disposed of on-site shall be assessed at one-half (1/2) of the appropriate rate, except for recycled waste used in the steel manufacturing process which shall be exempt;[~~ and~~]

(c) Waste that is subject to regulation under Section 402 or 307B of the Federal Clean Water Act shall be exempt***; and***

(d) Emission control dust and sludge from the primary production of steel that is recycled by high temperature metals recovery or managed by stabilization of metals shall be exempt.

(9) Except for waste brought into the state by a company to an affiliated manufacturing facility of the company receiving the waste, any person who transports hazardous waste into the state for land disposal or treatment which is generated outside of the state shall pay an assessment to the hazardous waste facility which first receives the waste for storage, treatment, or land disposal. The assessment rate shall be identical to the rate described in subsection (8) of this section. The facility shall remit the assessment to the cabinet on an annual basis on January 1 of each year. The payment shall be accompanied by a return the cabinet shall prescribe.

(10) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails or refuses to file a return or furnish any information requested in writing by the cabinet, the cabinet may, from any information in its possession, make an estimate and issue an assessment against the generator or hazardous waste facility and add a penalty of ten percent (10%) of the amount of the assessment so determined. This penalty shall be in addition to all other applicable penalties in this chapter.

(11) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the cabinet, unless it is shown to the satisfaction of the cabinet, that the failure is due to reasonable cause, five percent (5%) of the assessment found to be due by the cabinet shall be added to the assessment for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which it is filed, but the total penalty shall not exceed twenty-five percent (25%) of the assessment.

(12) If the assessment imposed by this chapter, whether assessed by the cabinet, or the generator, or any installment or portion of the assessment is not paid on or before the date prescribed for its payment, there shall be collected, as a part of the assessment, interest upon the unpaid amount at the rate of eight percent (8%) per annum from the date prescribed for its payment until payment is actually made to the cabinet.

(13) There is hereby created within the State Treasury a trust and agency fund which shall not lapse to be known as the hazardous waste management fund. The fund shall be deposited in an interest-bearing account. The cabinet shall be responsible for collecting and receiving funds as provided in this section, and all such assessments collected or received by the State Treasury shall be deposited in the hazardous waste management fund. All interest earned on the money deposited in the fund shall be deposited to the fund. When the State Treasurer certifies to the cabinet that the uncommitted balance of the hazardous waste management fund exceeds six million dollars ($6,000,000), assessments shall not be collected until the State Treasurer certifies to the cabinet that the balance in the hazardous waste management fund is less than three

million dollars ($3,000,000). The implementation of the cap on the fund shall be suspended from July 13, 1990, until July 1, 1991. In addition, for assessments paid after July 1, 1991, the cabinet shall refund or grant a credit against the next assessment to come due, on a pro-rated basis, any money collected in one (1) year in excess of the cap.

(14) There is hereby created within the State Treasury a trust and agency account which shall not lapse to be known as the pollution prevention fund. The fund shall be placed in an interest-bearing account. The fund shall be administered by the Center for Pollution Prevention. The cabinet shall remit to the fund each fiscal year twenty percent (20%) of the funds received by the hazardous waste management fund subject to the enacted budget bill. The cabinet shall provide to the center estimates of the amount of the hazardous waste assessment expected to be collected during each upcoming fiscal year.

(15) Upon request of the secretary, moneys accumulated in the hazardous waste management fund shall be released in amounts necessary to accomplish the performance of the duties imposed by subsection (3) of this section. However, moneys from the fund shall not be used when federal moneys are available to carry out these duties, except when immediate action is required to protect public health or the environment, in which case the cabinet shall actively pursue reimbursement of the fund by any available federal moneys.

(16) If any person responsible for a release or threatened release of a hazardous substance fails to take response actions or to make reasonable progress in completing response actions ordered by the cabinet, the cabinet may bring an action to compel performance or may take appropriate response actions and order the responsible person to reimburse the cabinet for the actual costs incurred by the cabinet.

(17) If disposal activities have occurred at a hazardous waste site, the cabinet shall record in the office of the county clerk in the county in which a waste site is situated a notice containing a legal description of the property that discloses to any potential transferee that the land was used to dispose hazardous waste and that further information on the hazardous waste site may be obtained from the cabinet.

(18) No person shall affect the integrity of the final cover, liners, or any other components of any containment system after closure of a hazardous waste site on or in which hazardous waste remains without prior written approval of the cabinet.
